I believe the Bee-Keepers' intend to meet with Horticulturists'. Dr. Leonard, our sec., is, I believe looking after that part of the arrangements.

Ethel has been at the hospital for an operation for appendicitis. Her case was a very bad one and for three weeks I done very little desk work and am away behind. She is much better and now at home.

Am now writing those who said they would write papers for our meeting and expect to have copy for program ready by Nov. 5th.

Dear Sir: I have rec^d the Oct no of
the Horticulturist & have been rather
surprised that you have not yet
noticed my 7th annual report.

If you think my work - as the fire warden
system - has lessened great & prairie fires
and advanced the cause of forestry I think
it would be a good idea for you to say as
much in your next number. I think the legisla-
ture will do more for forestry than any
other way. Very truly
C. C. Andrews.

I beg to inform you that
John L. Adams was accidentally
shot and killed April 15th - 1902

Shortly before his death Mr Adams

Have you any way of finding out
to whom the order was given to?

He told me the firm he gave the

men. I have not found the list

so do not know the man's name

If you can give me any infor-
mation it would be greatly

appreciated. Will you please let-
me hear from you?

Dear Sir:

If I remember correctly there were a number of promising seedlings ^(apples) - late keepers - exhibited at the last Annual meeting in Dec. I should like to get the names and addresses of the parties who exhibited this fruit.

If it is not too much trouble for you to look them up, I should be greatly obliged for a list of these names.

Thanking you in advance,

Dear Sir: I would
like to exhibit a few
varieties of apples at
the coming fair, but
see by the rules of the
association that they
have to be put in place
by exhibitor ~~before~~ ^{by} Aug
30th. Do not know if I
can be present, and at
least not before fair opens.
would there be any
way of sending the
fruit by express, and

would it be placed, if
 exhibitor is not present.
 we are having a splendid
 crop of fruit this year
 Strawberries were a big
 crop. The product from
 1/3 acre sold for \$165.00
 and in addition to this plants
 from the same piece were
~~sold~~ sold for about \$20.00
 apples are also a very good
 crop. Duchers and early var-
 ieties are selling for \$1.25 a
 bushel. Thanking you in
 advance for information.
