Dear Friend -

Your favor of the 27th

regarding views for Trial Station Report Recd -

In reply would be to state that I know very little of my Father's report and am therefore unable to furnish anything. Mr Cashman

very kindly helped Father Dartt make up the report. My Father's condition has been such the past few months that he has

not taken any photographs. I don't think he has had the camera out for a year. The only thing to do will be to print the report as it is.

Father Dartt is failing rapidly - During the past week he has lost his speech and the physician says it is only a matter of

a very short time with him. You will be glad to know with me that he has seemed to suffer very little physical pain. He is now resting quite easy. He has, however, during the past three months had a hard time and has had many imaginary troubles such as are peculiar to that disease.

His age (78) has made him quite childish and hard to please but we have been able to give him the best of care and feel thankful for that. Messrs Bush, Philips, Andrews and others have called but he could not talk with them much. If he should pass away I will wire you so that Horticultural friends may come if they can.

Yours very truly
Harvey S. Dartt.

My father had a photo hanging in the house showing some of the "Victims of Horticulture" (men Ellert, Lord, Day, Kung, McDubal, et al) We are anxious to obtain another copy. Can you advise me where one may be obtained or possibly traq? Mr. Ellert informs me the Society has the negative preserved. I notice the printed cuts of the same in one of the annual Reports but my brother wants one ^{like} of the large ones.

Thanking you for your good letter and for past many favors extended to my father in his declining years.

Yours very truly

Dear Sir. Your favor of the 4th and later a card received - yesterday I sent you by U.S. Ex the halftone used by the Journal. I also mailed you before I received your card copies of the Onstium Journal and The Chemist - The latter paper comments editorially and in a very fitting manner. Your article in the '95 report I find is more correct regarding place of birth etc than the information I was able to give the newspaper as that ^{for your article} was probably furnished by Father Dartt himself. I don't know of anything I can add. I was very much pleased to see so many good horticultural friends at the funeral.
