UNITED STATES DEPARTMENT OF AGRICULTURE,
DIVISION OF STATISTICS,
OFFICE OF THE COUNTY CORRESPONDENT.

DEC 9 - 1901

From
FRANK HARRIS,
P. O. La Crescent, Minn. State

Friend Latham:

I have the following duplicates of the
Dept. of Agriculture Reports U.S. 1859-1864-1867-
1872-1874-1875-1878-1880-1881-82-1883-1884-1885-
1886-1887-1888-1889-1890-1891-1892-1893-1895-
+ 1896. If you need any of the above kindly advise me
and I will ship them with the Minn. Hort. Reports.
I shall write my brother and await his reply before
sending them as he may need some of the Hort. Reports
to complete his set.

Have also following magazines unbound which I will
send if you can make use of them or a part thereof.

viz. Canadian Horticulturist, several years.

Am. Gardening and Gardener's Monthly and Wis.
Horticulturist, several vols. in all.

Yours very truly
F. J. Harris

Dover, Minn., May 14, 1903.

Secy. Latham,

My dear sir and Friend:-- You will remember that we lost a list of four names at Hector that had paid their dollar and received their premiums minus the horticulturist during the year. These we told them would be sent to them during the year from month to month as published. As we had no means of ascertaining who they were I wrote the P.M. and told him if any one inquired for the horticulturist ~~was~~ saying that they had subscribed for the same and was not receiving it to notify you and you would see that it was mailed to them. I presume that it is the horticulturist that he means that he has not had. We ^Knew that the four names were lost for we got twelve subscribers and twelve dollars there and could only find eight names on our list. I returned \$12. to you with the eight names you will remember. Mrs. Tilson assisted me there and we consulted together what we could do and came to the above conclusion and wrote you soon after. Hoping the matter can will be made satisfactory I am as ever,

Very truly yours,

Foust Henry

P.S. Thank you for the kind words in regard to my appointment on The State Live Stock Sanitary Board.

Mr. A. W. Latham

Minneapolis, Minn.

La Crescent, Minn., May 19th 1903,

Dear Friend:

Replying to yours of 15th inst. I still have the duplicate numbers of Department of Agriculture Reports, and shall take pleasure in sending the missing numbers you need, viz. 1864, 1874, 1880, 1881, 1882.

and 1875. If I can leave home will bring them up and attend the Summer Meeting, and in case I cannot attend will send them by Express.

It will depend on the date and also upon the strawberry crop. Usually

the meeting occurs in the midst of the season when no one can take my place here without serious loss, and also too late for me to send any berries for exhibition. The outlook for a crop of Strawberries

is very promising, though the earliest blossoms were frosted. We will also be obliged to hold another fair without a display of ^plums, here at

least they were entirely killed, likewise the Cherries. The Apples blossomed profusely and appear to be setting well. I have the orchard

all sprayed and some of it twice, and shall go over it again next week and expect to have some fruit for the fair that will be hard to beat I wish you could run down this summer and see the place and make

a visit. Of course I am prejudiced but I think you would note some improvement. I received the Illinois Report in exchange and thank you for sending ours to Mr. Reasoner,

Yours Very Truly,

F. I. Harris

Mr. A. W. Latham,
Serg. Minn. State Hort. Socy.
Minneapolis, Minn.

Dear Sir:

I have your favor of 2/2 and in reply beg to state that I have secured the signatures of 25 voters to each of the petitions and they will be forwarded to the Senator and Representatives, respectively, by to-night's mail.

I also wrote a letter to each. I enclose copy of the letter written to the Senator; the letter to the Representatives is worded the same, with the necessary alterations, of course to fit the case.

On a similar occasion in the future I think the Society could adopt this plan of petitioning and petitions would almost hail down upon the law-makers, but it revealed to me another fact and that is this: In order to get the signatures I had of course to explain the matter fully to the signers, so I armed myself with a ^{few copies of the} monthly Horticulturist, any bound volumes (1901 & 1902) and the Society's Circular of Jan. 30, 1903 (explaining the annual appropriation), went to the different stores, called everybody around me and explained not only the appropriations but also everything about the Society, its purpose and work, and I have received several promises for new memberships. So you see, starting these petitions necessarily

Mar 26 to 1909

Mr A. W. Lathrop
Dear Sir

I sent my dollar for a membership in the Hort. Society through Mr N. J. Drunkham of Alexandria, and have rec'd the Horticultural board for 1909 and the current number for this year. Mr Drunkham said each man was entitled to two papers but he did not have the list with him, and I don't know what he ordered, as I have the list now I would select if it makes no difference to you as follows:

N. 3

2 Russian Oline 3 Columbian
raspberry plants. If these are not
available you could send 3 King
raspberry and 3 golden willow-
I see by March no. you ask "Shall
we have a question and answers
department?" I should like to see
such a department established
and will send two questions in
anticipation. 1st Mr. Underwood
says (page 109) everybody plants
his orchard too close, but did not
state what would be a proper dis-
tance. Will you or Mr. Underwood
tell us. 2nd is it true that the only
strawberries that succeed well in Maine
are Counties and Crescent as ^{one} ~~one~~ man has it,
and where can Counties plants be
obtained as I don't see them listed
in the catalogue yours. Theo. A. Huff

Secretary, Minn. Horticultural Society

My Dear Sir

We have never yet since organization,
been in such shape financially as to
be able to print an Annual Report.
Although the State Board of Agriculture
have at different times printed papers
& discussions from our meetings, in their
reports. We have no state aid, and
the small membership fee (50c) barely pays
necessary expenses. We hope & expect at the
next session of our State Assembly in
1904 to secure an appropriation, that
we are entitled to have, no one denies;
We have less than 100 members, but our
Annual meetings are well attended & good
work is being done.

Many thanks for the Vol. of Reports
you sent me, a little later I wish to become

R. C. Hicks Sec
Journ. of your Society.

Dear Sir - The following persons
have paid me their membership
fee for the Hort. Society.

J. O. Saugstad. Eddred, Minn

H. L. Boukind " "

J. P. McElhee Bemidji "

Chas. F. Schroeder " "

Enclosed you check for \$4⁰⁰ remitting
for the above. I have given them reports and
a copy of Guen's "Mat. Fruit Growing."
I have left one copy of this book but
I hope to secure at least one subscriber
at Halstad on Wednesday. I have given

WM. M. LIGGETT, Director
T. A. HOVERSTAD, Superintendent

a little "spiel" at each meeting but
only the four seemed to be moved
into action. I gave a copy of the
report to the Public Schools at Fisher.
We had a Pleasant circuit this
winter and I wish you could
have been one of the party. We
shall keep you in mind for the Spring
circuit and shall take the matter
up with the "Lowers that be"

Mr. A. W. Latham.

Minneapolis, Minn.

Friend Latham:

I note your proposition in the last Magazine to establish a question department, and asking the opinion of the members in regard to the matter. Well I for one am heartily in favor of such a scheme and will try and contribute something from time to time.

I also notice that the last number contains more short items in the "Secretaries' Department." This is in my opinion a decided improvement. I should be glad to see this column doubled and if these two departments should occupy too much space they could be left out of the bound volume. I have looked over the orchard and do not discover any signs of winter damage, and the prospect for a reasonable crop is encouraging.

Yours Very Truly,

F. I. Harris

A. W. Latham,
Minneapolis,
Minn.,

Dear Sir,

Replying to yours will say that the half-tone of Mr Dartt was sent to his son as you requested me too. I wish to thank you for the kindness in loaning this to me and if I can return the favor at any-time I shall be glad to do so. Our Magazine will be discontinued with this issue so we will not want the half-tone of Mr Grimes. The Society is expecting to issue a bulletin every quarter in place of the magazine if we secure the increase in our appropriation from the legislature that we are asking for.

Very truly,

L. H. G. W.

Dear friend Latham

I enclose you a copy of my
discussion, get this back to me as soon
as possible as I will want to use it
by Tuesday or Wednesday morning.

It is the only copy I have at the
present time. I received the papers
giving account of the Dart for which
accept my thanks -

Very truly

J. L. Herbst

Sent back 2.24.03

PUBLICATIONS.....

The society issues a **monthly magazine of forty pages**, edited by the secretary, and entitled

"THE MINNESOTA HORTICULTURIST."

These magazines contain the material previously referred to and other matter of timely interest to members.

At the close of the year the twelve magazines, with the journal of the society's meetings, list of members, index, etc. are bound together, making the annual report of the society, and entitled "**Trees, Fruits and Flowers of Minnesota.**"

Upon receipt of this volume the members are expected to **distribute the magazines** received during the previous year amongst those who are interested in horticulture, and in this way advance the work of the society.

PLANT PREMIUMS.....

FOR ALL MEMBERS, NEW OR OLD.

New members, and all **old members who renew their membership for 1903 prior to April 1st**, are entitled to two plant premiums, provided the selection is made and the secretary notified at the time of sending the annual fee.

They will be sent post-paid in the spring.

Select two premiums by number from the following list:

1. One Beta grape, to the first fifty.
 2. Two Russian Olive (Elaeagnus).
 - ~~3.~~ Three Columbian raspberry plants. (Purple).
 - ~~4.~~ Three King raspberry plants. (Red).
 5. Four Patten's Greening apple root grafts, to the first 100.
 6. Four Hibernial apple root grafts.
 7. Three Golden Willow cuttings.
 8. Four seedling Buckthorn plants.
 9. Four seedling Buffalo Berry plants.
 10. Six seedlings of genuine *Pyrus Baccata*, for budding or grafting.
 11. Six Sand Cherry seedlings.
 12. Two High Bush Cranberries.
- Right of substitution reserved.

PREMIUMS FOR SECURING NEW MEMBERS.

To increase our membership the following premiums are offered to members for securing new members, to be sent post-paid.

For one new member:—A handsome cloth bound copy of either "Green's Amateur Fruit Growing," or "Green's Forestry of Minnesota," revised, your choice.

For securing two new members (or for one new member and 50 cts):—A cloth copy of "Green's Vegetable Gardening," or a cloth copy of "Principles of Plant Culture," by Prof. E. S. Goff, late Horticulturist at Wisconsin State Experiment Station.

Three of the above books were written by Prof. S. B. Green, horticulturist at the Minnesota State Experiment Station expressly for use in this state, and are used as class books at the Minnesota State Agricultural School, and by many other similar schools throughout the country. The above books are all of great practical value and should be in the library of every progressive horticulturist in the state.

SPECIAL OFFER

BY THE

Jewell Nursery Co. to its Patrons and Others.

WE urgently recommend every one who may be interested in horticulture to become a member of the Minnesota State Horticultural Society. Whether your interest be in growing fruit or the ornamentation of the home with hardy trees, shrubbery and plants, you cannot afford to stay out of this organization. One dollar per year is all it costs, and a glance at this folder cannot fail to show you the great amount of benefit it places in the hands of its members. You receive a monthly magazine which is recognized to be the most authentic publication on the subject of Northern Horticulture that exists. Its contributors are principally people who have had long experience in Minnesota and other parts of the Northwest. In addition to this magazine you receive at once a handsome bound volume of the twelve magazines of the previous year, containing a full stenographic report of the speeches and proceedings of the last annual meeting. This meeting, or convention, occurs each year during the month of December in the city of Minneapolis. All railroads give reduced rates to members, and to those who are able to attend it offers unprecedented advantages for learning how to grow trees in Minnesota. IS THIS NOT WORTH \$1.00—AND FAR MORE!

A Special Inducement for One Year. We want all of our patrons to become members of the Minnesota Horticultural Society for two reasons: First.—We are life members in the society and are interested in its advancement. Second.—We know that you ought to be a member because of the benefits you may derive. In order to get you interested enough to join for one year (and we believe that once a member you will always be a member), we will in addition to the premiums offered by the society on the preceding page **send you any three of the following list of strong trees and plants**, carefully packed and delivered free at the express office in Lake City at the proper season.

INDICATE YOUR SELECTIONS PLAINLY.

- | | |
|----------------------------|------------------------------|
| 1 Clump Lily of the Valley | 1 Snowball |
| 1 Hardy Apple Tree | 1 Clematis Paniculata Grand. |
| 1 Ampelopsis Murorum | 1 Solanum Dulcamara |
| 1 Japan Iris | 1 Caragana |
| 1 New England Aster | 1 White Spruce |
| 1 Moss Rose | 1 Pyrethrum Uliginosum |
| 6 Buckthorn Seedlings | 6 Buffaloberry Seedlings |

Send us your name in the blank space provided below, together with \$1.00. You will then be enrolled as a member and will begin at once to receive the "Horticulturist," and the premiums you select will be forwarded to you at proper shipping season.

Dear friend Latham

I receive the half tone
of Mr Dart and thanks for the same.
I note what you say in regard to returning
the same & I will see that it is safely
returned. Can you send me a short
abstract of Mr Dart? I want it for
this issue. Anything you can send
me will be appreciated and I will
return the favor in whatever I can
in your work. Thanking you again

Very Truly

Mr. A. W. Latham
Secretary Minn. State Hort. Society
Minneapolis, Minn.

Dear Sir:-

To your suggestion of a "Question and Answer Column" in *The Horticulturist* I for one would like to say "let us have it." I also submit ~~the following~~ ^{some} questions ~~on~~ a separate sheet.

I hope you will send me some of those "valuable Seedling Apple Trees" of which you speak in Secretary's corner of March number of *Horticulturist* which you give as a permission for sending in new members.

I take the two year old and pay the express.

Yours truly
L. Johannesen

Questions

1. What would be the best depth to plant apple seeds.

2. A year ago ^{this spring} I planted several hundred of each seedling Arborvitae, Balsam Fir and Norway spruce. I planted them in nursery rows about 6" apart ^{in the rows} and the rows 8" apart. I kept them covered with lath screens and they are all well established. Would it be safe to discard the screens or would it be better to keep them on another season.

and
ASTORIA, OREGON.

190

DEC 6 - 1902

State Agricultural Society,
Minneapolis, Minn.

Gentlemen:-

Replying to yours of Dec. 1st., will state the Fruit Growers Manual sells now, owing to the great demand for this book, as being the only practical work on the subject of canning for \$2.50

The Fruit and Vegetable Canners Manual will issue from the press about Feb. 1st., this book will be replete in every detail, and will sell for \$5.00 it having 200 pages more than the Fruit Grower's Manual which the writer has some 4000 orders registered, out of the 20,000 canners in the U.S.

I have realized the short comings of not having a cloth binding, but the progressive cannerymen of to-day wanted the information, not cover, therefore I believe you would be justified in giving a large notice instead of a small one on this great work, as the writer has some 5000 testimonials from the most practical cannerymen throughout the U.S. and Europe testifying to the accuracy and up to date methods in canning and preserving.

I would thank you to send me a copy of your paper giving the notice you give, and it may be that I can be of material aid to your paper, and its worth through this notice,

I Am My Dear Sirs,
Respectfully Yours,

W. O. Hemlow.

A. W. Latham -

Dear Sir, Yours with new fruit list and circular invitations to renew. Thank you, yes I expect to remain a member of the Minn. Hort. Society as long as I stay in the nursery business, but I expect our Society to send my name in under the Auxiliary scheme which you will remember I first suggested for us, and which has been of great advantage to us.

I note revision of Fruit list. Think the additional varieties in the right direction. It was somewhat anomalous to put Patten's Grewing on the Hardy list, and leave Arisium which is much hardier, on the trial list.

I shall send out 2000 circulars & fruit lists next 30 days. If you want to send me some of these fruit lists I will send out with my circulars.

Yours truly
H. W. Hinds

A. W. Latham

Minneapolis.

Dear Friend:

I have been absent from home in attendance S. M. Host Society or should have replied to your letter by return mail. I was very much surprised to learn that the appointment as delegate to represent our State Society was tendered to me and I assure you I appreciate the great honor bestowed and I am sure would be well repaid for the attendance in the pleasure to be derived and the experience to be gained of which I stand in great need.

To be candid with you I should
be glad to go but the question
arises can the society afford to
send a novice at this business?
Of course if I go would try and
give acceptable report of the
meeting and really there is no
reason I can say why I could not
arrange to go. I wish you and the
committee would reconsider this
matter and I assure you if it is
decided that it is for the best
interest of the society to be rep-
resented by a more experienced
member I shall not feel hurt
if the change is made.

We enjoyed an excellent meeting
at Albert Lea and the fruit growers of
this district are very enthusiastic
and the society prospering under
push of Sec. Freeman. I understand membership
is increased to 59.

Yours very truly
F. J. Harris.

Dear Sir,

I'm reply of your letter
of the 11th inst. This society
did not know that they
were obliged to send a
member to the annual
meeting, we will see
to that one is sent next
time. During the year the
club met and had six
meetings. This club has no
papers to send as there has

not been any read. for the
 past year the cloud has
 had ~~four~~ ^{two} debates

first, The burning of grass
 and leaves is it a damage
 to the land.

second, Which has done the
 most damage in the State
 of Illinois, fire or water from
 a farmers point of view
 third, which is the most profitable
 to own, up land, or low land
 Up land, is considered, where
 there is timber, low land
 where there grows brush, hay
 and timonereck.

Mr Latham;

Dear friend:

This for apple bulletin. Just
When did Gideon get the apple
seed from Maine that produced the
Wealthy. In Min. Hort. Soc. report 1866-73
p. 9, Mr. Gideon, March 30, 1873, says
"at some twelve years ago". This
would make it 1861.

There would have no time to get reports
by freight to Woonsocket. Kindly mail
one to JB Bentz, Woonsocket, S.D. as a
sample to show the people; (also: I did not
get any bonus report at mpls.)

Working on the Z's in apples to-day,

Cordially

Mr. Latham

Inclosed find check for
Thirty one Dollars and a list
of 27 names. We mislaid four
names that we took at Hector.
We delivered the premiums and
inclose check covering same.

I wrote the P.M. at Hector to
notify me if any one called
for the Magazine that was
not getting it to let me know
and I would forward address to you.
This is the best that we can do.

I took the names on an envelope and
was called on immediately to speak
and on my return ^{to hotel} could not find
list. We have no chances now
and book every name at once.

Most respectfully

Just Henry

Dear Sir: - Enclosed find
M. O. for \$1.00 membership
fees for 1903 for Mr. John
Clementson, Beltrami,

Kindly send him his membership
card and whatever books
he is entitled to.

Last Summer I got you
Mr. G. F. Snyder of Fertile Minn.
as a new member and now
Mr. Clementson so you could
perhaps let me have
Prof. Goff's "Principles of
Plant Culture", I have

Dear friend Latham, -

Can you give me for apple bulletin now in press?

Correct spelling of Chlige or
Chliger

(apple seedling).

Brief origin of Fosburg, + Giant Swear.

Mr. F. J. Harris refers to you as having his
fathers notes.

P.S. I will settle my sub. to Gideon
memorial fund early in Feb.

L. JOHANNESSEN,
NOTARY PUBLIC.

Beltrami, Polk County, Minn., Jan. 27, 1902

Mr. A. W. Latham
Secretary Minnesota State Horticult. Society
Minneapolis, Minn.

Dear Sir:-

I have received my membership card for the current year but I have not received either the January Horticulturist or the bound volume 1902 and as I have distributed most of my 1902 numbers of the Horticulturist among farmers and others who might be made to take an interest in the work I must of needs have the bound volume.

I have received Goff's "Principles of Plant Culture" and thank you very much for it. Could you inform me where I could obtain some of the books recommended on pp. 114. - 180 - 258 & 268.

I would like to raise some seedling apple trees but do not know where to get seeds that are worth to experiment with; perhaps you would be so kind to help me in this matter which I would very much appreciate.

Yours very respectfully
L. Johannesen

A. W. Latham

Sec. Minn. State Hort Society
Minneapolis, Minn.

Friend Latham:

Your letter received, the credentials are not here yet but will doubtless arrive in time.

I shall doubtless be called upon to say something in the interest of our state society so had better be posted.

Wish you would send me figures giving present membership of the society and a comparison with some date a year ago and any other facts that would be appropriate.

Thanking you for past favors I am

Yours very truly
F. I. Harris.

A. W. Latham

Minneapolis, Minn.

Friend Latham,

I stopped off to make a visit on my return and did not get home till Saturday evening found a pile of letters to answer but managed to get report off to-day. Could have improved on it if had time to copy but perhaps you can read it and if too lengthy chop it up. Oliver Gibbs would have been glad to furnish material enough for the entire article but I choked him off by promising to mention his article. That I had a good time goes without saying as I believe you have met the Wis. Society. The sessions were exceedingly interesting and I feel well repaid for the time spent in the information and experience gained.

Yours very truly
F. I. Harris.

Dear Sir:-

Instead of writing to the members of the legislature about the horticultural appropriations, I will try and speak to a number of them, as I am getting considerably acquainted with them in regard to appropriations for our main building, etc.

We are getting started on our proposition to get 1/5 of a mill tax for four years for the Department of Agriculture of the University of Minnesota. Anything you can do for us will be greatly appreciated. As I remember, your association passed a similar resolution several weeks ago. Will you please send me a copy of this resolution, and oblige.

Very truly yours,

Sent
