A. W. Latham,
Minneapolis, Minn.

Dear Sir:-

Your favor received and had our man Wilcock look over the Station two weeks ago and he reports that there is no discoloring of the wood in any way and says that the trees all appear to be in fine condition. I do not think that the semi-hardies will receive any great amount of injury this year for they all went into winter in good condition and we have had no thawing spells which to my way of thinking is more injurious than steady cold weather.

In regard to my bill will say that the Wisconsin Society paid my hotel bill so that all I will ask the Minnesota Society to pay is Ry. fare and sleeping car service. I used credential mileage and of course I will get a rebate. The regular round trip fare is \$12.38 with 1/3 off and \$2.00 added for sleeper makes a total of \$14.33. I had a very nice time at the Wis. Meeting and am deeply indebted to all including yourself, who made it possible for me to attend.

With best wishes, I am

Rockford, Ill., Dec. 25, 1903.

Mr. Clarence Wedge,

Albert Lea, Minn.

Dear Sir:--

Are there any parties in the north west or else where growing
hardy varieties of fruit trees on their own roots? Have such trees
been tested to form a comparison, with trees as ordinarily propagated?

We are endeavoring to grow trees as hardy as possible and any information
along that line will be greatly appreciated.

Thanking you in advance, we are,

Very truly yours,

Cotta Nursery & Orchard Co.

Mr. Nathan

Dear Sir. The statement you sent
me is entirely satisfactory. Thanks
for your help in this matter.

The error was in the report of
the awards as published in the Oct.
no of the Horticulturist. where I was
reported as receiving 1st prize each
on the Eureka & the American Eagle.

plums. I paid Jas. Wood. \$2.00
as his awards on those two varieties.

of course he will make it all right
as I can now show him how it is.

I haven't a photo of myself alone.
except one taken 24 or 25 years
ago. & that is not suitable.

over

I would have to go to Window
to have one taken. better let my
photo go untill some other time.

I send by this mail 8 more views
taken of trees on my farm. perhaps
you can use some of them.

You also ^{still} have several of my views
that you have very likely forgotten.
I will occasionally send you some
pictures. as we have lots of good
views to take yet. when you
get through with the photos.
please send them back to me.

winter so far favorable. think that you
will soon be able to talk to me by
telephone. we have one in the house, and
expect very soon to be connected with the
long distance telephone ^{now nearly} ~~about~~ to Window. coming
from Minneapolis.

Dear Sir + Friend

I have at last got the five lots of
report sent away and a list of the deferent people sent
to deuren this year. I don all I could with out bean real
mean to try to get you to deump me out at the last meeting
I cannot get time to do it as I ought so I do not like doing it
if I possibly can I will find out what is up in the case. I know
1887. 88 + 89 is gone at best a few which I am all in on to
about that postage I am not shere if I got more then one lot from you or not
when you do send the check please reced the too Members Fee.
respectfully E. A. Guzman

Jeffers Minn Dec 10th 1903
A W. Latham

Sec, Minn State Hort Society

Dear Sir. According to the reports of awards of premiums of our late State Fair as published in the Oct Horticulturist I was entitled to \$19.75 altogether. I was sent a draft for \$17.75 which was \$2.00 short. Mr. E W Randal informed me that the report as published in the Horticulturist was ^{unofficial} not wholly correct. I wish you would enquire into the matter, and find out why I was sent only \$17.75.

You was with me when I received my entry tickets and will probably remember that I paid the \$2.00 entrance fee at that.

I paid Jas Wood the full amount on premium as published in the Horticulturist.

I am of the opinion that either I paid Jo Wood \$2.00 too much, or else Sec Randal charged me up the second time with the \$2.00 entrance fees.

Yours Truly

Derrain Cook

A W Latham

Sec Minn Hort society

This morning finds
me digging plum trees instead of listening to papers
with you as I enjoyed so much last year.

I regret very much my inability to be with
you and hope that you may have even a better
meeting than last year.

The hail ruined a lot of my plum trees left
but being over root I am digging them, throwing
the tops away and making root cuttings, of the roots
hail destroyed 5000 trees for me this year.

I see in Dec Horticulturist a student in your
Ag College set his ^{apple} trees so as to get 14 or 15 more
to the A. An agent made our Co Surveyor
believe it could be done. How can trees be
set so as to give each tree the same amt of
room (20x20; 400ft to each tree) and get one tree more

on an A than set square if so how?
I saw the same statement
in a Horticulturist's book
but can't catch on
