Dear Sir - I inclose \$1.00 for Membership in Hort. Society for balance of the year if is renewing. I have missed the magazine so much since it stopped coming. Send the Magazine beginning with the June No, as I have got those for the month prior.

The post wanted was laid on Apples trees here, we have to begin now, if there is enough courage left for it.

Yours truly

Dr Sir

I am thinking some
of making a little show at the State Fair
again. Can I have my old corner. People
seem to expect me there. I had hoped to
put in a Co display for Rice but our
Co Com dont seem to take any interest in
that matter and I dont care to go in
without support altho I think our Co displays
are hardly up to grade. I hope the judging
of fruits will be a little more satisfactory this
year. It is getting to be of importance

Dear Sir. - I have just rec'd the Horticulturist
also Membership card. Thank you for your promptness.
I shall try to get some new members. I would be pleased
to have the bound volume of last year's reports as
soon as you can conveniently send it, and as
I had no list of your plant premiums for
1904 when I remitted my fee to the Jewell
Nursery Co. I would be pleased to have you
send the plants below named, if you have
them in stock.

No 7-3 Golden Willow cuttings,

No. 3-3 Columbian Raspberry plants.

Dear Sir:— Your circular letter in regard to fruit for the worlds fair received some time ago, and I am sorry to say that the prospects are. I will have no fruits to send. I was in hopes that a plum orchard planted two years ago would come into bearing this year. but the outlook now is there will be very few plums.

My strawberries is of a variety that is to soft for shipping. so I do not believe there is any use to try to send them. of apples and crabs I have none in bearing. Grapes the same,

Dear Sir. — Replying to your
favor of recent date, sorry that I am too late
for plants, but I received the bound volume
for 1903, and am much pleased with it.
I am interested in the article in the May,
Horticulturist about *Pyrus Baccata*, by Prof.
A. C. Hansen.

You probably have trees of this variety - or know
people who have the genuine article.

I want to get a good supply of seeds of
it this fall to give it a trial in this locality.

It would be too much trouble for people to take
the seeds out of the apples. But I would buy a
basket of the apples and have them shipped
here by freight.

Kindly let me know if you could get them for me
and at what price, or give me the address of
some reliable party that could supply me,
with the genuine.

Yours truly,
J. S. Nicol

Dear sir

Your favor at hand will say that I am surprised that my subscription has not arrived there.

I have not been informed that our South Dak. Hort. Socy. has gotten a divorce from yours and whereas I sent to Prof. Hansen my dues Jan. 6th or it is an oversight in the letters office. I am writing Prof. Hansen to day about the matter, and if no part of my money goes to your Society as before than I shall remit to you direct, for

I will not miss your reports.
In case that I must remit to
you hereafter, I wish you will
extend my time to about June 15th
for this is the time, where I
have no income whatever, and
the bank account does not exist
so I must leave it to you to
be trusted. I am sorry if I
thereby should forfeit my premium.

Dear Sir:-

Your letter under date of April 6th, 1904, together with enclosures came to hand late yesterday afternoon. The whole matter I have just referred to Dr. Thomas S. Roberts, who is preparing the natural history portion of the report we are getting out on the birds of Minnesota. Dr. Roberts will no doubt comply with your request.

Sincerely yours,
