Dear Sir:-

Enclosed please find report on trees sent me this spring which I hope will be satisfactory. In regard to the photos will say that I am going to have one taken of the experimental station to-day. Have deferred having it taken until the trees would be out in leaf so it would be shown at its best. It may be too late to get it into the next issue of the Magazine but will hurry it along as fast as possible. Will also send you photos of our buildings here in the nursery but do not suppose you will care to use them and they are not as our buildings are at the present time for we have added to them considerable since these were taken. We have built a large addition 80 X 80 ft. to the greenhouses and one to the storage building 50 X 80 ft.

Very truly yours,

Thos E Cashman

My dear Mr. Latham:-

We send you by prepaid express today the three cuts you so kindly loaned us which we have used in the June issue of the Western Farmer and Dairyman, as you will observe in paper sent you under separate cover. We thank you very much for your kindness in this matter as it enables us in a very small way to take up the horticulture interest of our state. We have tried to give proper notice and call attention to your good work.

Dear Sir

I sent you \$2⁰⁰ before or after Christmas last, one for myself and the other a membership fee for Mr P. Gorman I gave you his address as Black Duck Minnesota where he lived at the time. I wrote you some time ago stating that he moved to Sabin Minn and to have

his address changed to
the latter place. Mr Gorman
says he paid a dollar some
years ago to a man by the name
of Brown, ^{who was taking subscriptions for the Horticulurist} who lived in Gladport
Main he says he has never
received as much as one copy for
his \$2.00 he has almost lost
confidence. I assured him
that it must be an oversight
I feel a little uneasy about the
matter myself, as I recd. the
money from the man and can
give him no satisfaction
I recd a receipt for the \$2.00
I sent you I laid them away
and cant find them. Please
Write P. Gorman to Sabur Main stating
why he did not get the Horticulurist.

Dear Sir:-

Your favor of recent date at hand. I surely sent you a package by express about the middle of April. I have requested the express agent to trace it and in case he does not succeed in locating it I will forward you another package.

I could not learn from your letter the date of your summer meeting. I should very much like to attend and if not too late in the season I may try to make arrangements to come up as I should like very much to meet the Minnesota members and enjoy the berry feast. We have a few thousand acres of strawberries in Wisconsin but we are great berry eaters and rarely have enough to go around after supplying Minnesota.

I have just returned from our Poplar orchard and find the trees in excellent shape. Less than ten per cent of all the trees died. This is a good showing when we consider that a large percentage of the dead trees are cherry and that they arrived in a very bad condition at planting time. Only eighteen apple trees out of three hundred died. We feel very much encouraged in our work here on the shores of Lake Superior.

Wishing you continued success, I remain,

Very truly yours,
