Dear friend

Your favor of 9th just at hand and I am very glad that you and Mr. Elliot are coming down to make me a visit. I expect to have a fair crop of cherries this year and would like it very much if you folks come down and see them when they are ripe. I expect they will be ripe about the first week in July. Mr. Underwood was there when they were in full bloom and perhaps would like to see them when ripe. My apple crop will

not be very good this year, they blossomed very full but we had too much rain when in blossom.

Now Mr. Latham do not disappoint me be sure to come.

I would like very much to attend the summer meeting but I am afraid that we will be at the height of the strawberry season and at such case it would be impossible for me to attend, but if possible will be there and speak on anything you want me to

I had the first strawberries to night for supper.

very cordially yours

Dear Friend

Your favor of 12 inst. to
Morgan received and I note
that we probably have to fight
for a appropriation. If I can be
of any help let me know.

We have very cold weather, I think
is harder for the Yalukku man
than for the Yalukku trees which
will stand more cold than I can.

It seems to be very hard to get
members for the Society in this part
of the State

Dear Friend:

Your favor to Eagle Lake received and I am glad to note that you and Mr. Elliott will meet me at Excelsior and I think we will have a good horticultural meeting there. I had a letter from Mr. Buggs in which he tells me that he meets with good success of which I am very glad. We had had hard work for a week and the way it looks will have for a time to come, the R.R. are all behind time. —

Enclosed please find a list of members.

Dear friend: Your favor of Jan 24th received and I think that you ~~mis~~understood my statement in my last letter of the reason why I received so few memberships in the Southern Society's district.

I thought that the members of the Southern Society had already gotten all the people which wanted to join the Horticultural Society. Therefore I did not receive many responses to my urging. Enclosed find list of memberships. Please send me some books to Sewiston.

Dear Friend:

Your letter of 19th received and I am glad that Mr. Phillips is gone to Fargo, he will have a good time.

My health is good. We have very large meeting which I enjoy very much. Mr. Palmer is with us for to help out he has been with the Northerners, ~~and~~ and he tells me that Mr. Bugg is getting along very good with his work.

I have now more books than I can use for a few meetings so I think it would be best if you do not send any for a few meetings

Very cordially yours

many members but we have altho
some very lively meetings in the
horticulture part a man asked me
if it was advisable to lay iron
below the roots of a tree when or
before planted. I told him that it
would be better to lay a charge
of dynamite under the tree or in
the hole before planting and
blow the planting hole larger

Mr. A. W. Catman

Dear Friend:

Last Sunday I was home but had no time to drop a line to you. Last week I did not get many subscribers but yesterday I got 6 members for our Society. Mr. Wedge was with us in Wykoff but we did not get a member. The books you sent to Wykoff I left with Mr. Moore to use at their meeting which I attended a half a day but on account of the bad storm the meeting was small. Mr. Philips told me when he came back from the meeting that they had a good attendance the ~~1st~~ 2^d day.

I can not always tell the man whether he renues or is a new

Dear Friend:-

Your favor at hand and I am very glad to notice that you may spare a few days to go down to the World's Fair.

The last two weeks of this month the premiums on fruit will be awarded and it would be a good thing if somebody could look after it.

I am a firm believer in the old German saying, "If you don't go yourself, your head won't be washed". I enclose you the bill for my travelling expenses and the Express charges.

Yours truly
Frank Yahuke.
