Mr. A. W. Latham

Dear Sir

a thought that you would like to hear from the the land of wheat my strawberries last year was not very good as spring was too early with very cold in June and too much rain although I had plenty of baltesens no fruit. But have a few thousand good plants for next spring I have a few seedling apples about 5 ft high that I received from Roy Green. They are hardy up to Solo Europas cherries no good here blossom every spring but no fruit yet I have a rack of Raspberries Turner I think that since the first winter has lived to the top although we have had two winters without snow

Could you send me a small quantity a hardy apple seed. 12 of 2 seeds would be enough. Yours truly  
H. Anticknap

Friend Latham Think the enclosed all right  
So far as I can see probably may need  
some changes later after a trial is given  
I think we made one mistake in thinking of  
having Elliott's Malinda seed grown at the Experiment  
Station Prof Green's out fit, should be experimenting  
with even more choice seed than these Malindas here.  
I should think, & let the farmers have these seedlings  
when they are one or 2 yrs old, possibly keeping at the  
Experiment station a few of the very best looking ones

Dear Sir:

I would like to get  
some printed matter about your Society  
and a little information.

I was just thinking maby we could  
work up a Club here

I could try to get some members  
here as there is good many Farmers  
here that is planting Fruits of all kinds

and I dont think it would hurt  
them to know more about Fruit growing  
I am selling Nursery stock for one  
of your Vice-Presidents.

Sir: Yours of recent date received.  
Send you a picture of myself, which  
is the only thing I have at present.  
I should have had some views taken  
last summer but being always busy  
it was neglected, I can have some  
taken this coming summer but of course  
that will be too late for this report.

It has been snowing here all night  
so we have about 8 in. of snow on  
level now, which makes a very nice  
covering for trees and plants.  
Wishing you a happy new year  
I remain yours fraternally

Dear Sir:

I am not certain whether I have any premiums coming to me this year in the shape of seedling trees or other nursery stock. If I have I wish you would send them to Mr. E.H. Thompson, R.R. #2, Excelsior, Minn. I have no place to put them in the city and he has *on his place*

Very truly yours,

Dear Sir, Your favor  
received in regard to  
ad. - Thank you very  
much for your kindness  
in remembering me  
about space of ad. in  
the Hortie. but as my  
health is such, that  
I do not think will  
be able to take charge  
of the plant business  
The coming spring  
will have to let it go

This time hoping to  
regain my strength and  
that there in the future  
might be another space  
for adv. emty.

Thanking you I  
remain

Dear Sir: - If I understand  
right the Society pays the  
railroad expenses of Vice  
Presidents to and from meeting -  
While at the meeting I did not  
know who to see about this  
matter but I presume it goes  
through the Secy -

My fare to and from meeting  
was \$4.45 and for postage I  
expended \$1. in sending circulars  
with best wishes I remain

Dear Sir, I see there are several special premiums offered for the winter meeting. Wish to know if an entry must be made for each and also the quantity for each, for instance there are three special premiums for the peck of N. W. Greenings, must the exhibitor show a peck for each that is three pecks, or will one (the best peck) take the whole also would like to be informed if the Jewell Nursery Co offer as for sweet or a sour variety

Friend L - Have looked over last yrs  
premium list & think the ground pretty well  
covered. If the same parties offer the same  
premiums they did last yr - you know  
how the list & offers stand at present. and  
we will place at your disposal 25 or so apple  
trees 4-5 ft - place it where you think it will do  
most good. to increase the exhibit either of  
standard sorts or seedlings - very truly

Dear Sir, Yours of the 14<sup>th</sup> received and contents noted. I shall prepare my report according to instructions. About four weeks ago I sent out 21 of the plants received to persons in the different counties of my district, but as yet have received only 9 replies; most of which give conditions as very ~~gratifying~~ encouraging - hope I will receive a few more replies.

We have about finished picking apples Walbridge gave us a good crop this year although apples were undersized. Today we are getting a heavy fall of snow -

With best wishes I remain

Yours truly G. A. Anderson -
