My dear Sir:

Your letter received. I have never received any letter or petition or resolutions from the Minnesota State Agricultural Society relative to the bills referred to in your letter. But I am in accord with practical legislation of the bills you mention. I am bitterly opposed of this free seed distribution as I think that the money expended for this could be used for better purposes and I shall use my utmost endeavors to prevent passage of such appropriation in the future. However, I doubt very much if we will be successful at this session. I am very glad to get your letter expressing the sentiment of your Society and shall give the contents of it my most careful consideration when the matters come up for discussion and vote on the floor of the House. Assuring you of my interest, I remain,

Dear Sir:

At the request of the Secretary of the Wis. State Horticultural Society I prepared a memorial of the late A. G. Tuttle which was read at our Winter meeting. The State Secy now suggests that probably several of Mr. Tuttle's horticultural friends in adjoining states would like to add a few words either as a personal tribute or in appreciation of what he accomplished as a horticulturist. Mr. Tuttle outlived nearly all of his contemporaries.

Most of those who knew him best and loved him best are gone. I am not much acquainted with his friends in Minnesota but I know that in private conversation he often spoke of you. If your knowledge of him would justify you in writing briefly as has been suggested we shall be happy to have it printed in our forthcoming Annual report. As we wish to have several of these tributes it will be necessary that each one shall contain but a few sentences.

Very Truly Yours,
