Dear friend Latham:

I must let you know how I am. I came home from the hospital last Saturday. Am not well yet but feel that I am gaining and am in hopes that I may regain it by spring. The kindness and sympathy shown me by you and also by all of the Horticultural Society has been a great enjoyment to me in my sickness and I thank you and all for it but as words cannot express my feelings you must take the good will for it.

Sincerely your friend,

Frank Yahke

Mr. A. St. Latham.

Dear Friend:—

Your favor of 6th at hand and in reply will say that I will write an article on cherries for the next annual meeting, as I cannot recommend anybody who will do justice to this subject, and cherries should have more attention than given before in our society.

At present I do not know when the Farmers' Institutes begin, but I expect we will begin a week or two before the winter meeting.

I have not fully recovered from my illness, but am on the gain and hope that I will have entirely recovered by the time the Institutes

begin. I hope you will not forget to reserve me a place for advertisement in the next year's Horticulturist.

Very cordially yours.

Frank Yahuke

I will surely come up to attend the winter meeting

Dear friend:

Your valued favor of 20th inst. thankfully received. The amount you enclosed was really more than I expected for my work and will say that it covers all my expenses while up in Minneapolis.

Father is getting along very nicely and will come home well in a few days. The pains have left him and is gaining in strength every day. In regard to the advertising he said that the inside of the cover would do if there are too many for the outside.

Wishing you the compliments of the season, I am,

Very cordially,

Walter Yahuke

Dear friend:

Your kind letter of 15<sup>th</sup> just received. I wanted to see you before I left for home but I could not get to you. I did not want to miss the train because I was pretty anxious to get home. I did not find things as I expected, father was ~~not~~ any better. This operation I think will bring him through well. He was under the influence of Chloroform an hour and a half and of course is very weak.

I inclose a receipted bill for my lodging while in Minneapolis. I am very glad to learn that my work was satisfactory and no one offended because Mr. J. M. Underwood wrote to say that he was glad for it that I called him down over.

The printers will soon be done with the printing of the Catalogue and will send the cat of the apple. To Mr. Cowles.

Your friend  
Walter Gilbrink

Father said that the change in the advertising rates is O.K. and that he wants one space and <sup>you</sup> can use the same thing which is in 7 & 8 for the present.
