Mr. A. W. Latham,

Sec'y. Minnesota State Horticultural Society,

Minneapolis, Minn.

Dear Sir:--

I have your circular letter of the 5th. If you will give me a little more definite idea of what kind of seedlings you are after I will get after it here through the papers, and if I can make any trips to look these things up will do so without expense to the Society. I am extremely busy now, and it is pretty hard to work up these matters unless I can get a little help from you telling me definitely just what you want, I am,

Mr. A. W. Latham,
Minneapolis, Minn.,

Dear Sir:-

Your letter of the 4th at hand. I think the \$100. for premiums on horticultural exhibits in the Industrial Contest will be well spent. There can hardly be a better way to interest the younger generation in fruits than something of this kind.

You ask how June 2nd will do for the summer meeting. Presume you mean July 2nd, which will come nearer to it from indications here. Our strawberries have not blossomed unless in the last day or so. Most of the buds are just pushing up and getting ready to bloom as soon as they see there are no more icicles hanging on the fences every morning.

Apples and plums are in full bloom here now. Most varieties show plenty of bloom and if we get no frost for a few days prospects are good for a crop.

Cordially yours,

Wm. P. Andrews.

Dear Sir:

You may think it is a little early, or that I am getting anxious about the matter, but some members of our society have been asking me if we were to have the same room we have always had at our meeting in Dec. If your society meets in the same building may we have the same privileges we have enjoyed formerly at your hands? And if you change your meeting place and there is a room to spare, can we depend on you, as formerly, to help us out?

Very truly yours,

Mrs. H. G. Acklin.

Dear Friend,- Your favor of the 30th. inst. at hand in which you require as to place of meeting for the bee-keepers at their next annual gathering. I suppose it is arranged that the horticultural society will meet at the Unitarian church, same as last year, and while it would not be just the thing for me to make any promises in regard to it I presume there will be nothing in the way of your society occupying a room in the building with us, which arrangement I am sure would be a pleasure to me personally. Wont you please take this up later, some little time before the meeting is called, and the definite arrangement will be made. I hope before that time comes about that the two bee-keepers societies will get together in some way so that everything will be harmonious again. I don't know much about the other bee-keepers society as none of them have talked with me about it since their president was in the office early in the winter.

Hope you are very well this summer and will feel able to come out to the summer meeting of the horticultural society which will meet at the experiment station in the neighborhood of July 1st. probably. I might get a little chance to chat with you then.

Very cordially,

Sec'y.

Dear Mr. Latham:-

You are probably imposed upon a good deal by different people with various requests, but perhaps none have attempted to get commercial reports. Tho its rather out of your line, I thought possibly you may be acquainted with one F. F. Lindsay, proprietor of the Hiawatha Gardens Co. whose letter head I enclose. He wrote for prices on a list of stock and in case he orders, would like to know if he is safe or otherwise.

In case you are not acquainted with him, please don't go to any trouble to look him up for he may not place any order. Anything you may say will of course, be considered confidential. Thanking you in advance for the courtesy, I am,

Kind friend;- your card received in regard to seedling. I have no photograph of the tree or fruit, and it would be almost impossible for me to get one inside of a week, I can have one taken next summer and if needed for some future report it could be had.

We have had a comparatively mild winter with the exception of part of January which was quite cold. I think trees and plants have wintered good so far, and expect them to come out in fine condition, if conditions are favorable from now on.

With best wishes I am

Yours fraternally

Friend Latham Yours of 27 recd
last eve. bearing the sad news of Mr Yabunk's
death. You say "if I can arrange to go," to
let you know by phone this morn." But it is
out of the question I had a runaway a week
ago last Tuesday that laid me off for a week.
& I am just getting around again but
look more like a prize fighter than any thing else.
a blk eye is one ornament that I still have
& feel a little shaky other ways. but will
be all right soon. am sorry this is
so but it can not be helped.

Yours truly
