A. A. Satham
Minneapolis Minn.
Dear Friend:

Your favor of recent date received and have been so busy that it was impossible for me to answer before.

In regard to pictures will say that I have taken a few last summer in the cherry orchard and shall send you some soon. Will print some of the ones for you as those which I have are not the best. Have been learning some since last spring.

I am glad the cold weather continues or I would get behind in my orders.

Nothing has started so far besides gooseberries. All are fairly well.

Cordially yours.

Walter Yahuke

Dear Friend:

Your favor of 8th inst received and in reply will say that I would like to have the name changed from Frank Yahuke & Son to A. H. Yahuke.

I have all the work I can possibly look after this spring.

All are quite well.

As ever, your friend

Walter Yahuke

P.S. We would like to have about 12 copies of the last "Horticulturist" as each of us and some friends would like to keep the Memoriam. It is a very nice picture of my father. If there are any charges on them let me know. W.A.Y.

Mr. C. St. Latham
Minneapolis, Minn.

My Dear friend:

Your kind letters of recent dates received and sincerely thank you for the many favors you have done for us in our great hour of sorrow. Mr. Gregg and Mr. Hodge were present at the funeral and we cannot thank them enough for the kind words spoken by them.

In response to yours of 2nd inst, I am enclosing a sketch of my fathers life. He did not write his biography so we have done the best we could to do so. I did not mention anything about his work in the Horticultural Society and Farmers' Institutes, thinking that you could get material which would be more creditable than what I could furnish.

Hoping that this finds you well, I remain

Your sincere friend

Walter Yahke

Dear friend: -

Father is very sick yet. Friday he was taken to the hospital in an ambulance and that afternoon had another but a very dangerous operation. He has been unconscious ever since that, and is at sometimes delirious. He does not recognize us at all. The doctors told us that he is getting along as well as they expected and they thought that he would be weaker than he is. But I don't see how he can get any weaker.

If he gets over this operation the doctors said that in six weeks he will have to have another one. They want to get him on his feet first.

I will let you know from time to time how he is getting along.

Your sincere friend,
Walter Yahuke
