Mr. A. W. Sathum
Minneapolis

Friend Sathum,

The meeting of our County Horticultural Society was to be held last Tuesday but our Sec got his dates mixed with the State meeting and notified the members for Dec 3rd instead of Nov 26, we had to notify them again for Sat next, Nov 30, we held a Co. Fair under the auspices of the Hort. Society, rather the Society had charge of it. It was held at the time and in connection with the Firemans Carnival, we made a good showing and paid \$180.00 in premiums for Fruits, Grains, vegetables, etc.

I expect to bring you a report of it next week, I sent you ^{my} name for Badge book and Banquet for two, will see you next week when you are busy,
Yours C. E. Older

ER

Mr. A. W. Latham,
Minneapolis, Minn.

Dear Sir:-

Yours of Nov. 11th received. I am glad to note that you have stricken out the tree shark business from the program.

As to my giving a response at the Banquet on the theme "We are Happy because We Are Good", I wish to beg you to excuse me. While this is a very good subject, and while I think I could make a very interesting talk in my own language, as it is, I cannot master the American language and could not appear in such a select a crowd in any way that would give any credit to the Society or myself. As my knowledge of the American language is very limited and my pronunciation is bad, I hope you will excuse me at this time. I would suggest that you give this topic to our Vice President, Mr. Smith, whom I think could do justice to it. I am very sorry I cannot comply with your request at this time. I hope at some future time to be able to do something along this line but I will first try my ability in the political field, and after getting some practice here, I will then be "on deck".

Respectfully,

Dis. by John Nordine,
Supt. of Prop. Dept.

Minneapolis, Minn.

Dear Sir:-

Referring to the program for Tuesday Afternoon Session, No. 2,--"Exit the 'Tree Shark', Henry Dunsmore".

In years past there has always been a place left on the program of the winter meeting for whoever wanted to get a hot-shot at the gentlemen who are growing and selling nursery stock in this state, and above mentioned subject on this year's program will also give them an open door. Now, Mr. Latham, remember that the tree growing and selling industry of this state is the sole supporter of all the horticultural interests and its development in the state, and in my opinion there should not be any chance given to parties who may have a bone to pick with either tree sharks or honorable nurserymen. They take up valuable time and spoil the harmony of the horticultural meeting. In past years serious objection to this kind of business has been made by several nurserymen, and there has been a pledge made by some of us that if these things are to be continued we will stay away from the winter meetings. As we think we can both give and receive valuable information pertaining to horticulture, we like to attend the meetings, and we ask you to revise your program for Tuesday afternoon, and cut out number two. If you feel you can comply with our request in this matter we will come and attend with harmony, otherwise we will stay at home. Kindly let me hear from you.

Yours truly,

John Nordine.

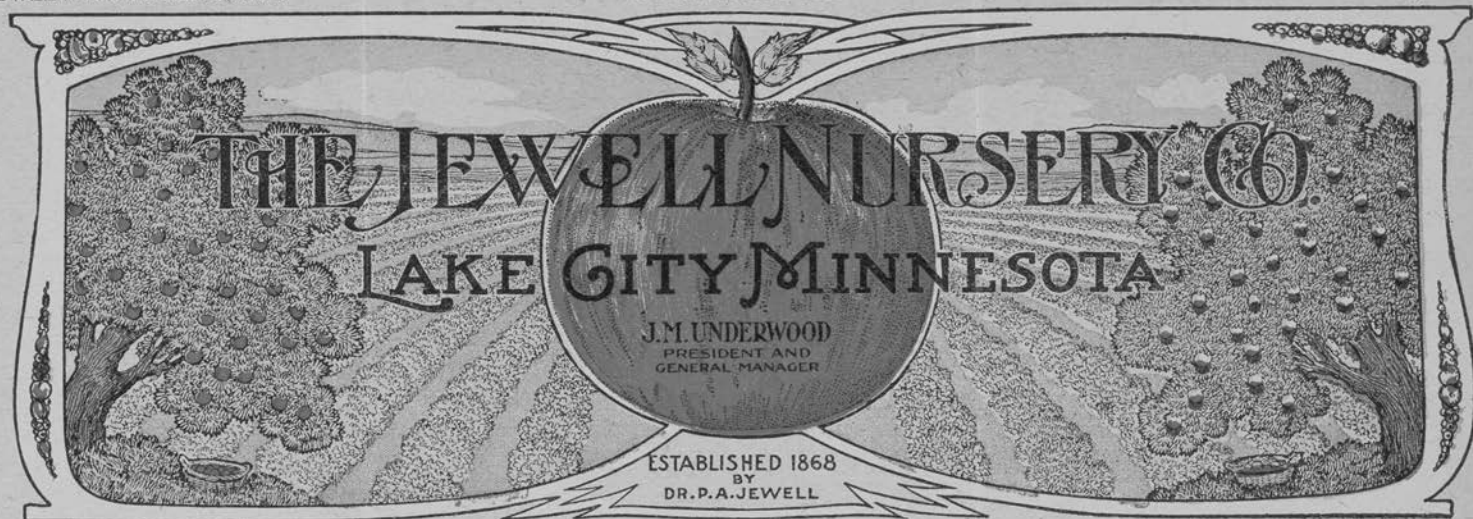

P.S. On carefully reading over your program we find it is a very nice program, bound to give benefit to those attending and taking part; well arranged and all right in every respect, except the above mentioned subject.

CONDITIONS OF SALE:

The Jewell Nursery Company guarantees the buyer stock delivered in healthy living condition and, upon notification made before August 1st after purchase, will replace free such stock as may fail to grow. Stock reported after that date, within one year, replaced at half price. State Entomologist's certificate for freedom from pests and diseases.

Mr. A. H. Latham Secy.
Minneapolis Minn.

Dear Sir:-

Enclosed herewith I have a blank
filled out for another entry of apple seedling.
I do not make the entries anticipating the
premiums offered but because I know I will
keep a better record of those seedlings entered.
I have a lot of seedlings older than those
entered from apples I have raised here
also of seeds from some nice winter-
apples bought which so far seems to be
doing nicely -

I beg leave to remain

Yours fraternally

M. Oleson.

Mr. A. W. Latham,
Minneapolis, Minn.

Dear Friend:-

Yesterday I received a letter from you, and in my haste I did not read it over carefully but presumed it was a request from you that I should speak at the Winter Meeting on the subject of spraying so I instructed the stenographer to reply that I would accede to your request. On closer examination I find it was a request to speak at the Banquet. Of course you know that I am not a public speaker and that I have not a very good grip on the English grammar as yet. Consequently I must decline this honor which you have tendered me. I believe I would look rather insignificant, grouped among those learned lawyers, doctors and professional speakers on such a brilliant occasion as your Banquet always is. Therefore, if you have already put my name on the program, please mark me out as I am not able to fill this position.

Respectfully,

Dis. by John Nordine,

Worthington, Minn.,
September 21, 1907.

Dear Sir, —

There is a premium
of \$3,00 an acre for planting of forest
trees for 6 years. We have 12 acres planted
with apple trees are we not
intitled to a premium on tree
planting if not we ought to
be an apple tree planted and
well cared for is a greater improvement
to the community than a forest
tree
