Friend Latham

We are having large meeting
but they do not seem to have
much money to pay for memberships
especially in the Hail District

I gave you the Spray Article
some time ago soon after
I returned from Duluth

If you are going to print
some of the Pink Stips please
have the Spray receipts put so
as it was last winter with
the accounts of Soda. Instead
of the accounts of Lead

If you do not need any more
of them let me know and I
will have Mr. Wilson have some
of the Spray receipts printed for
me as he did last winter

In case he ~~send~~ has them
printed for me it will not
be advisable to send over 25
of the Pink Stips with each
set of Book your truly

Dear Sir:-

Your letter to O. F. Brand asking him for pictures of Peonies to put in the Horticulture Report went to him at Portland Oregon & has been returned by him to me to attend to. Was it some photos to make cuts from that you desired. Let me know & I will attend to the matter.

Yours truly

A. M. Brand

Dear Sir;-

Your favor of the 29th inst., in reference to a delegate to our convention has been received.

We are arranging to hold the convention on Thursday and Friday February 18 and 19, 1909. The convention will in all probability start about noon on Thursday. We shall be pleased to have the gentleman whom you suggest with us on this occasion. We shall be able to make good use of him during our convention. What particular line is he strongest in?

Thanking you for the trouble you are taking in our behalf,

Sincerely yours,

F. W. Brodrick
Secretary.

Dear Friend.-

I am sending you today two bundles of material to St. Charles, and I have asked the express company to forward from Racine the two bundles that were sent there to St. Charles also, so that you may have four bundles there, but I am afraid to risk the express company as we don't even know where these bundles sent to Racine are. If you should have good luck at St. Charles you may be able to unload enough of these four bundles so that you can take the rest along with you, if not, wont you please send as many of them forward to some other appointment as you find necessary?

When the express company plays me such a trick as they did on that Racine delivery I feel pretty much out of patience, and they didn't want to forward the packages deadhead from there to St. Charles even, but I told them plainly that I would bring formal action against the company if they didn't and would see to it that they didn't get any more of our business than I could possibly help.

Very cordially,

on account of the snow block and the Banks that were to be at St. Charles by the Wells Fargo did not get

A. W. Latham Secretary.

P.S. The lot of reports I am sending today goes by American express, but the other two bundles forwarded are at the Wells Fargo office.

Dear Sir;-

I am sending enclosed a copy of the programme for the convention of our Horticultural Society.

I received a letter from Professor Green, intimating that he might be able to be with us, so I took the privilege of putting him down on our programme. We are making a special effort to stimulate a greater interest in Civic Improvement, in the City of Winnipeg, and throughout the entire Province, and we should be delighted to have Professor Green, if he can possibly come, ~~and~~ address us on this subject. I have also inserted the name of Mr. RA. Shultz, as representative of your society, which I hope will meet with your approval. We are looking forward to a most successful convention in February.

Dear Sir:-

Dr. Speechly of Pilot Mound has just called at my office on his way back from your convention. He reports a most successful convention, and states that he had a most enjoyable time with you. I sincerely hope that your convention will be an entire success in every respect. We are making arrangements for the Annual Convention of Our Horticultural Society which is to be held about the 17th and 18th of February next along with the convention of the Agricultural Societies. We anticipate a most successful convention this year as we are endeavoring to deal with the various phases of horticulture. I hope that your society will be able to send a delegate to this convention.

At a meeting of our executive a few days ago it was the unanimous wish that if it was possible we should like to have Professor Green with us this year. Professor Green was with us some years ago and his visit was very much enjoyed by our society. We should be very pleased to extend to Professor Green, through you an invitation to be present at our meeting next February. If
