A. W. Latham, Esq.,  
 Minneapolis, Minn.

My dear sir:— Herewith I forward to you the names etc. of 2 new members to your Society and am also enclosing \$2.00 to pay for same. Am glad to hear that the parties whose names I have already sent in will get the report viz: Trees, Fruits and Flowers and I hope the enclosed subscribers will also be favored like wise.

I wish to get from you a little advice. I have about 200 fruit trees, mostly apple on my lands and I find that about one dozen trees have been badly barked by the rabbits and would like to know what if anything can be done to save them, and what you would suggest to obviate this in the future.

Very Truly Yours,

"A. W. Latham"

Minneapolis Minn

"Dear Sir"

Rec'd inclosed  
Post Card some Time  
ago with request to fill  
out and remail.

Would have written before  
this; but I simply had no  
time:

I have not distributed 1908  
Magazines yet for the simple  
reason that I wanted the  
Book first: I never distri-  
buted any Magazines yet be-  
fore I had the bound Book  
first: I store them away  
in my Library

2) I like to help a good thing  
along; and I have done  
it in this work: but I've  
reaped Thistles and Thorns  
for my pains I have  
tried to help this work  
along: I worked and got  
several subscribers but  
I let them send in the  
money in their own name  
because some people think  
you make a big profit if  
you send in their name:  
yes I done more than that  
in one instance I took  
the Dollar out of my own  
pocket and paid for a  
neighbors Subscription  
and after the year was up  
he dropped out again:  
but I don't mind that if they  
don't want it that's their

3) own business: but what makes me sick and soar is that after I have paid my own Subscription: I most always have <sup>no</sup> end of Trouble to receive the Book.

I most always waited till the Institute was held in my neighborhood then I would pay for my Subscription and get the book right away: thereby saving the time and trouble to write and save the trouble and Money Order fee to send the Money besides saving quite a little in Postage stamps for the Institute in not sending the Book by Mail: and I thought this should be satisfactory to both sides

4) but one year I did not get the Book when I paid my Dollar because they were run out of their supply and I was told that you would send the book: so I wrote you and gave you the Particulars: but I had to write sheer a<sup>d</sup> doz. times before I got the Book. this was quite annoying to me as my time is precious. I lost my wife 10 years ago: have 4 children to take care of, the youngest being 3 months old when my wife died: I have no time to fool away: I might write you more on that account but its no use as you have no Idea how I feel; and maybe no

5 sympathy, either: for  
most all have enough  
troubles of their own

Well to make a long story short  
I thought after this I'll send  
my Dollar direct to Latham  
to avoid further trouble; and  
so I did: But here is the  
same old fix:

Expecting the book in every  
mail; Instead I get a  
written Statement for  
me to sign that I will  
go out and secure a  
new Subscriber or  
not get the Book: let me  
tell you right here that I  
am no Book agent: you  
might as well come with a  
Justice of the Peace and put  
me under Oath, It is the

6) Identical same thing to me  
I am working for the society  
all I possibly can  
without being pushed  
to it: But when I've done  
all in my power to secure  
new Subscribers and  
paid money out of my own  
pocket for others: and then  
have no end of Trouble with my  
own Subscription after its  
duly paid: I am having  
my Fill of it: and cannot  
stand any more: Yours Sincerely

August Essig

Dear Sir:-

Enclosed please find application of another new member for our society. I sent you a new member a few days ago, but did not at the time I sent the application and fee select my premium as I wanted to wait until I secured another so as to be entitled to "Popular Fruit Growing". Having secured the additional member I shall be pleased if you will kindly send me the above mentioned book. I did not receive my copy of the Annual Report when I sent in my fee for 1909, but I trust you will send it now, as I have destributed most of the issues of the magazine for 1908. Please be sure and send my new members the cloth bound copy of the 1908 Annual, as I have solemnly promised that they will receive it by mail postpaid, and they will get dissatisfied if they do not get it without making special application for it.
