Dear Sir:

Your letter of the 18th inst. on hand. I pleaded hard to the committee to pass your bill, through the House and Senate with the Appropriation, but the committee would not stand for it, they told me to put it in the sub-committee on Appropriation and then put it on the omnibus bill. There will be a public hearing today and I shall go in now and see that the Appropriation is made.

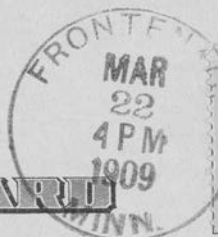

I remain

Yours truly

Dear Sir.-

I don't understand your letter of Jan. 22nd. You joined the society last year at the institute and must have received a copy of the report and Green's "Amateur Fruit Growing", and as I note on Jan. 15th. of this year you joined again at the institute and must have received a copy of the report at that time, and the record received in the office shows that you received this and *also* "Amateur Fruit Growing", to which as an old member you were not entitled. Did you not receive all of these books? If you did not, please let me know just exactly what you have received, and whatever is due you will certainly be furnished.

As to the January and February magazines of last year. We were unable to furnish them, the supply being exhausted. As you have them all in the bound volume received at the last institute where you joined, (and according to our regulations you should give away the magazines received during the year before getting this report) the January and February numbers referred to would be of no use to you at this time except to hand to some one else. Please note what is said about this in the enclosed folder.

Yours fraternally,

Dear Sir.

On Jan 24th 1908

I paid the membership fee
of One Dollar, to a member
of the State Farmers Institute
(I think his name is McLevan)
at Albany Minn, I was
promised to receive a copy
of The Minnesota Horticulturist
for one year starting with
the Jan. Number and at
the end of the year would
yet the 12 numbers
bound in cloth, now
the first number I
received was the March
number, never received

the Jan and Feb. Numbers
but as was to be revised
at the end of the year
all the 12 Numbers in
Book form I decided to
not to complain, but

Dear Friend:- The apples that were sent to Mr. Haralson were all from the Seedling table. He got all the Perkins lot and enough from the others to fill the box. I did not know Mr. Leach was dead. The old members are passing away. I always liked Him. He was always good natured at the Fair. You do not need to bother Mrs. Leach about the pictures. I did not know you had sent them there, or I would not have mentioned it. There is a possibility of getting the street cars out our way soon. They have been trying to get the right of way. They were at our house two weeks ago, and wanted me to give them the right of way. I told them they would have to buy it. They told me they intended to go thru the middle of our place, so I think it would be a damage. we had a few cold days but did not last.

Respectfully

Thos. Redpath.

GLENCOE, MINNESOTA, JANUARY, 6'th, 1908

My Dear Mr. Latham :

After long delay in writing you I take time this coldest of all days for two years (31 below ZERO at 8 a m) to drop you a few lines to accompany the receipt for \$1.50, to streighten out last years matters which I trust is satisfactory to you.

I have come to the conclusion that our "auxilery" members of McLeod County, prefer to renitt their membership fees to you than to have me punning them so turn them over to you except those who come voluntairly and pay their dollar.

I will undertake to distribute a hundred of your "Red Circulars" and will probably call at your office next week for them as well as for 1907 annual report.

I would suggest that when you have any more circulars printed that you have the Trial Stations added, with name of supreintendent.

It might make each Sup. more interested in distributing them, if not otherwise.

Wishing you and yours not only a HAPPY New Years but a praperous

one.

Very truly yours,

Dear Sir-

Your kind favor of the 15th before me and I note with interest what you say and that you and your association are interested in legislation tending toward standard packing and grading in the packing of apples.

I regret to advise you that at the last moment I was compelled to cancel my engagement on the Pennsylvania Program, owing to a bad fire we had at our plant here, burning our barn, ice wagons, horses, etc.

I expect however later in the season, I think about the latter part of January to give an address along the same lines before the State Horticultural Society at Charleston, W. Va.

Yours respectfully,

Secretary.

Mr. A. W. Latham,

Sec. Minn. State Hort. Soc.,

Minneapolis, Minn.,

Dear Sir:

I enclose herewith a brief report of the recent meeting of the Washington State Horticultural meeting. It was full of interest to me. Fruit conditions here are very different, in many respects from those in Minnesota, and differ here widely, in the different sections. The fruit industry of this region is in the beginning of a great development. I expect soon to have a ten-acre fruit farm of my own. I began work yesterday, as advertising man, for the Daily Evening Teller, at this place. The winter is very mild here. There is no snow on the ground and the ground is not frozen. The weather now is about like nice April weather in Minnesota. My boy, for whose health we came here, is feeling quite well, and is attending school.

I have failed to receive my copy of the Horticulturist, since my arrival here (Nov. and Dec.) tho I received notice of the annual meeting.

If you publish the report I send, I could use a few extra copies, if you have them to spare. I sent an article to The Progress, this week, on "Apples and Irrigation." It will probably appear this week, or in an early issue. With best regards, I remain

Yours Fraternaly,

H. H. S. Powell

P.S. I would like to have a copy of issue containing latest list of members.

Dear Mr. Latham,-

I have yours of the 2nd. The Red River Valley Horticultural Society met on the 6th as advertised, and elected Frank Heiler as delegate to your meeting in December. The old officers were re-elected, -Frank Hetler for President, L. P. Harrington Sec., L. O. Regeimbal as Treasurer. I was too modest to ask them to appoint me as delegate. Besides I am not looking for more trouble. We had an excellent program, but not as many farmers in attendance as we could have wished for. When ~~there~~ the meeting comes off down there, there may be an additional delegate in the form of myself.

Sincerely Yours,

Wm. Robertson.
