Dear Sir.-

I take great pleasure in endorsing the candidacy of Mr. P. V. Collins as a member of the Board of Regents of the State University to fill the vacancy caused by the death of our lamented Mr. S. M. Owen.

As you know, Mr. Collin's relation to the farmers as an editor and manager of one of the three influential agricultural journals published in the state is very similar to that occupied by Mr. Owen, and I believe his appointment would be satisfactory to a large portion of the farming element of the state. From a personal acquaintance with Mr. Collins as a man of high qualities, and especially fitted for a position of this kind, I feel that his service would prove to be a satisfactory one, and particularly so as regards the agricultural department of the University.

This you will understand dear Governor is a personal endorsement of Mr. Collins not made in my official capacity, which I should not feel at liberty to make without the action of the board.

Yours very respectfully,

Dear Sir & Friend:-

Your kind favor of the 12th, inst, with 2 folders to hand, Thanks.
In Reference to offering our customers a membership in our Horticultural Society free who will buy 100 Apple trees; I wish to say, This plan is an ideal one, where the bulk of the business is done during the winter months, say from Jan to April, Where as our largest sales are made during the months of June, To November, & would not be to as great an interest on the part of our customer to receive the membership as though He received the membership during the forepart of the year, This is our view from past experiance in this interest, & may not apply to our other fellow Nurserymen, We are greatly interested in the groth of our Horticultural Society & will do all We can to promote the welfare of our Society for true Horticultural interests of the state,
Should you desire to take the steps in the line spoken of in your letter, We will do all We can in that line, I believe the only people We can keep in our Society are those who are growing good orchards & are interested of learning more of how to grow & take care of trees & plants under Minnesota conditions, Our confidence is in our Society & any valuable arrangements that you may be able to device, You will have our hearty Cooperation in same, Kindly let me hear from you, With best wishes,

Dear Sir.-

Your attention is respectfully called to the following resolutions which were adopted unanimously at the late annual meeting of the Minnesota State Horticultural Society.

Yours very respectfully,

A. W. Latham, Sec'y.

Whereas the present incumbent of the office of president of the state fair, Hon. B. F. Nelson, declines re-nomination, and it will therefore become necessary to elect some other person as his successor, and

Whereas our fellow member, Mr. J. M. Underwood, of Lake City, by his long experience of fourteen years as a member of the state fair board, - in which capacity he has served in numerous departments of the state fair, - and by his experience as a business man in the management of one of the largest nurseries of the state, employing several hundred men, and by his intimate acquaintance with all branches of practical agriculture and horticulture, is especially fitted for the successful holding of so important a position as that of president of the Minnesota State Agricultural Society.

Now therefore Resolved that we, the members of the Minnesota State Horticultural Society, in annual session, hereby urge upon our membership and all friends of horticulture, of good administration and judicious expenditure of the large funds of the State Agricultural Society the election of Mr. J. M. Underwood as president of the State Agricultural Society at the coming annual meeting of that society, to be held early in January next.

When a vote is taken in a meeting of Quakers
or "Friends" - and one expresses an opinion & gives
a vote - others agreeing with him - say "That Friend
& expresses my opinion" - So say I in this matter

Dear Sir:-

Yes, you can apply the \$1.00 on 1911 ~~ea~~ membership. I will not cut up this caper again, if I do tho I will send \$5.00 and have an end of it.

I am interested in Iris, German, for they are so hardy &c. I have 56 varieties now and will have about 100 next season. Better come down and see them when in bloom.

I would liked to have been at the meeting very much, but it is an effort for me to get around and I that it best not to attempt it. I have 85 varieties of peonies, but I think the peony business is overdone. I purchased 40 acres adjoining mine on the north, and Native White Pine over 2ft in diameter grow along the Zumbro river not over 40 rods from this land. I intend to plant White Pine from time, to time on this and let them grow for timber. I think I have some of the best evergreen land in the state.

I think quite a gooddeal of the Anisim. They do not bear young, but when they begin to bear the bear a good crop. Hardy and free from blight. I have some in the cellar now. They keep nearly as good as the Wealthy and suite my ~~pates~~ taste better than the Wealthy. That is saying a gooddeal isn't it?

Yours truly,

W. E. Fryer.

Dear Friend Mr Latham:-

Will you kindly continue our advertisement in the Horticulturist for the coming year, Kindly send me a statement for the AD & I will remit amount to you, Will you also mail me a few folders as soon as you have them out & oblige me, I was at our meeting the two first days & should have liked to stayed during the whole session, but had to get back home, Snow about 1 foot on a level with drifts of several feet in places, A good mulch of for trees & plants,

We are going to try and get people interested here & organize a cooperative fruit association, As We are new in this undertaking, Will you kindly inform us how to go at it in the way of organizing, Thanking you in advance for your valued information in these lines,

I am Fraternally Yours,

W. H. Eddy

Gentleman! Since five years importer of especially American agricult. machineries and owner of a great poultry- and swine-farm - after American patterns - I take always great interest to all new studies or reports, edited by the different American agricult. stations or schools.

These preliminary remarks, will you kindly allow me to ask you a sample of your monthly magazine, on which I wish to subscribe for the following year. Also, if possible forward kindly a sample of the monography of the State of Minnesota or yearbook.

Awaiting your advice, regarding the price including postage, I am, Dear Sir,

Yours faithfully

Mr. H. W. Lathram, Minneapolis,
Dear Sir,

Please find inclosed
One dollar in Payment of my membership
 dues for next year, I have planned all along
 to attend the Annual Meeting this year, I
 but find that I cant possibly do so, as our
 Poultry Show comes on same dates, and I
 shall have to help the boys with it,
 as I have been doing for several years,
 Now I have several varieties of Apples, which
 I have been expecting to enter in your exhibit
 Will you kindly tell me, what sized box
 a Peck should be sent in and how to pack
 them, whether wrapped in papers as I have them
 in the cellar, or otherwise havent enough for
 a bushel, I think of one variety, but have
 Peck of several in good condition, and
 some good seedlings of a less number,
 how many should I send of each of those, or
 can I send them to you, or some one of
 the Officers of the Society to be regularly entered
 for Payment, if so how and where should
 they be sent, I am very ^{sorry} not to be able to attend
 as I have acres of Orchards and am very much
 interested in Horticulture
 Respectfully, J. W. Flathers.
