Mr. A. W. Sathaw
Minneapolis, Minn.

Dear friend,
 your letter dated 16th inst received,
 was out of town last week. Since the delay
 there isn't anyone down our way who
 would go to the winter meeting and present
 the subject of "cherries" out side of Mr. Remaker
 I wonder if Mr. Vedge would not handle
 the subject as well as any. I think he has a
 cherry orchard.

Looks a little like winter again
 here. Everything looks fine for the winter.

Cordially yours

F. A. Yamnke

Residence of C. M. YEGGE, Proprietor of ORCHARD GROVE FARM.

Alpena, S. D. Sept. 15 1914.

A. W. Latham Minneapolis
Dear Sir.

Some time ago "you asked something about grafting, well I am here to tell you that it is the only way to grow winter apples, ^{in this part of S. Dakota} and good Plums the picture I enclose will tell how I do it better than my pen can. The Desoto Plum on the native Plum gave me a fine crop even this year of wind, thunder and but very little rain, I had this year on a six inch twig (or graft), 8 apples it was grimes golden on a Minnesota Crab!"

Mr. A. W. Latham,

Secy., Minnesota State Horticultural Society,

207 Kasota Blk., Minneapolis, Minn.

Dear Sir:-

In reply to your circular letter, permit me to suggest the name of Edw. W. Reid, Department Manager, Holm & Olson, St. Paul, Minn., and the topic "Minnesota as a fruit state, and its possibilities compared with other states".

Very truly yours,

E. J. Smith

A. W. Latham Esq.
Sec. State Horticultural Society
Minneapolis

Dear Sir:

I am advised that in Norway they have an apple called "Gravenstein" said to be superior in flavor and beauty to anything we have. Does our Society know anything of this apple?

Could scions be successfully ~~to~~ shipped from there? Or could we get trees from there and what would be the probable cost?

Yours truly
Geo. P. Zachritz
