Mr. A. W. Latham,
Secretary Minnesota State Horticultural Society,
207 Kasota Block,
Minneapolis, Minn.

Dear Sir:

Referring to my back membership, I beg to advise that I have received the last three bound volumes of the reports. That would be the bound volumes of the reports issued during the years 1912, 1913 and 1914.

I beg to remain,

Yours truly,

O.S. Andresen.

Minnesota State Horticultural Society,
207 Kasota Bldg.,
Minneapolis, Minn.

Gentlemen:

Enclosed herewith please find my check in the sum of \$5.00, the amount now due on my life membership in the Society, and if I remember correctly, I am now entitled to the bound reports, which I will be pleased to have you send to me at my residence, No. 2609 East Fifth Street, Duluth. In this connection I beg to call your attention to the fact that last year I sent in the following subscriptions, and arranged with you at that time to get my premiums later, in case the subscribers did not themselves take advantage of the premiums: John E. Roos⁹⁹⁸, Jay Cook Howard⁹⁹⁹, Carroll F. Graff¹¹³⁵, Mrs. John A. Sinclair¹¹³², William Tunnell¹¹³¹, Colin Thompson¹¹³³ and E. L. Palmer¹¹³⁴.

If I am not too late in requesting my premiums, and assuming that none of the above subscribers asked for their premiums, you may send me the following as premium:

American Horticultural Manual, 2 Volumes;
Elements of Agriculture..

I beg to remain,

Yours truly,

Dear Mr. Betham:-

Many thanks for the
check. It came in mighty handy
for the Christmas season.

My only regret is that I could not see
you and the Society better on account of
the short time for preparation.

Yours very truly

Mr Lathrop

Dear Friend - Excuse mine

yours just read - I should think the litter
bulletin on dairy feeding would be all right - the orchard
that is a good place for the young calf to
spend his first 2 months (in case it is into clover) constitutes
a connecting link of the two subjects makes them
about 4/5 cousin

I should think sending books by registered
mail would be all right. Can they be forwarded
same as other mail? in case they did not get there in time
if so that would be convenient some times in case
there were delays in the mail

Will if I go out, post you where & when to
send the books would need a grip of course too
& if they send me out probably will know pretty
soon - It is possible can not leave home till
Wednesday Jan 13 but possibly can - How many
will you have out besides Mr Harrison this
winter - The new fruits on the folder ^{will be enlarged on}
Some - but - everything takes time & in the time allotted
can only consider such phases of horticulture as we
think will induce them to plant more & give it better
care & of course must belong to the horticultural Society
& learn just how to succeed, Yours truly
Jno P Andrews

Friend Latham

Just opened the
Enclosed list - must have been mistimed
Some where - I should think these questions
all right but would have No 19 at the top
of the list then in going over it one would
have in mind the style of tree he is
considering as he reads the bal. of list.
Sorry could not get up to annual meeting
but simply couldn't. was on the petty jury
& that is next to imprisonment. or was
here this year. Glad to hear you had
a good meeting

Mr. A.W. Latham,
Sec. Minn. Hort. Society,
207 Koasta Bldg.,
Minneapolis, Minn.

Dear Mr. Latham:

Due to the great amount of work in our office since my return from Minneapolis I have been unable to send you my expense account. Herewith please find same enclosed.

I wish to express to you my sincerest thanks for the kind reception given me while in Minneapolis by you and your fellow workers. My only regret is that it is necessary for me to be the disappointing element in not having Dr. Miller there to give the address as had been scheduled.

Sincerely yours,

Franz A. Aust

Dear Mr Latham

Minneapolis
your Letter at hand and
also thanking you for \$40
I was afraid that the can
of Prunes would ferment as
they had been handled so much
they had been to 3 fairs and
had been handled by a great
many people. This fruit
will stand in my whar in
our State it has stood 50
degrees below without harm
We believe we have a cherry
that will stand our climate
it is 5 years old and shows
good behavior and has fine fruit

Well Mr Latham I never
make a statement unless
I think it is worthy of Litch
Well Mr Latham I think
I am worthy of a place
on Mr Willsons staff
There has been sent more
than 50 letters sent in to
Mr Willsons office already
in fact I have done more
for the advancement
for agriculture and ^{two} harness
in northern Minnesota than
I was the first to advocate
slower for the north
I will send you a copy of

3

Of a Letter that
We send to Mr Willson
By One of our best

Dear Mr. Lathan

I called to see you this A.M.

I saw the wax model of Anasim apple in your office and am sure the ~~one~~ ^{apple} I sent you is not an Anasim.

- (1) It is not the shape.
- (2) Your model does not show the characteristic rib on the side which the one I sent you has.
- (3) The Anasim stem is short & heavy mine was slender & long.
- (4) The growers of this tree are positive it is a seedling.

Cordially yours,

H. B. Ames

Friend Latham yours of 9-22-
only recd will try & comply with request
as to Societies Fruit list.

I should think it a good arrangement
to have our winter meeting at the agri school
while it would not be attended by as many towns
people. It is a state society & the young people
from all over the state who are, or surely ^{should} be,
interested in improving their homes along
the line of horticulture & they are just the
people we want most to reach. The old fellows
will come any way no matter where we meet
(unless it might be in Europe or that other place)

Yours very truly

Mrs

Friend Latham, have been more than busy, just hustled, all the time & assure you I was glad to hear that I am excused from the program & I hope you won't lose any sleep over it. You would certainly be pleased if you knew how glad I am

Very truly

Jno Andrews

P.S. Do you remember last Spring Forest Henry sent to me & I sent it to you ^{1.00 for sent to membership my Mr Yahnke Lake Wilson, Minn.} he did not have the P.O. & after writing twice for it learned the P.O. is Lake Wilson Minn. You probably have the name, I cannot remember it now his first name Mr Yahnke would probably find him. Lake Wilson

Dear Mr Latham your letter
at hand very glad you are
interested in my Prom you
are not the only man that is
interested in this great front
it is a wonder to our people
my first shipment from California
was a failure as they did not
stand the climate they war on
the one puts so this did not
satisfy me so I made a call for
cuttings so I went about to try to
work them on Wild Plum cuts
after awhile I succeeded in my
work and now stand behind them
with a guarantee for hardness and
quality I have studied this work
thoroughly you can put me just what
you please and I will take care of it
if I am a line and well I can answer
in my questions that may be asked
along this line of work /over

yours respectfully
