A. W. Latham

City.

My Dear Mr. Latham;

I was very pleased with your offer to incorporate Mr. Elliotts library with the Horticultural Library you already have, as I am sure that would be pleasing to him; I had intended writing you before this but my sister has been making us a visit and there has been so much going on there didn't seem to be any time I could be sure of.

If it is convenient for you could you come Tuesday (February 1st.) in the late morning or early afternoon. If you decide you can use the books I hope you can take them all and in case of duplicates you can make a much better disposition of them than I could do.

Yours Sincerely

Mrs. Seymour Elliot

Mr. A. W. Latham;

City

Dear Friend;

Thinking it possible I may break up the home this Spring I am again appealing to you for help.

Neither of our sons are so situated they could care for Mr. Elliotts large Horticultural library, even had they his love for Horticulture, and we are anxious to place it somewhere where it will benefit someone, feeling sure that would be his wish.

Perhaps you will kindly make suggestions. The library contains all the Minnesota State Horticultural reports, a number of Agricultural and Horticultural reports of other States, several Agricultural Year Books and numerous single volumes on Agriculture, Horticulture and kindred subjects.

Any suggestions you may be able to give me will be very gratefully received. I am well, with the exception of my increasing deafness.

I hope you and Mrs Latham have escaped a siege of the prevailing influenza and that you may both enjoy a Happy New Year.

Yours Sincerely

Mrs. Myra Elliott

My dear Mr. Latham:

Reporting for the Minnesota Bee Keepers' Association I will state, to date there are sixty-two members. Two members paid seventy-five (75) cents each, being already members of the Horticultural Society. They are Rev. J. Kimball, Duluth and Mrs. Marian Archer, 1399 Raymond Ave., St. Paul. For these two I understand it is not necessary to enclose the twenty-five (25) cents dues.

<i>same man</i>	{	1 paid \$1.00 for 1915 dues	
		&	
		1 paid \$1.00 for 1916 dues	\$ 2.00
		59 paid \$1.00 for 1916 dues	59.00
			\$61.00

At the rate of twenty-five (25) cents dues for each member this makes an amount of \$15.50 which I enclose as a check. As additional members send in their dues I shall remit to you immediately. Inclosed you will find a complete list to date of the members.

Yours very truly,

L. V. France

Dear Sir:

I received your kind letter today in the same mail that I received my new catalog, and I am sending you a catalog and a few photographs under separate cover. I trust that you can pick out a couple for cuts. I had expected a photographer from Des Moines here before this, but he has been unavoidably delayed so the cuts I am sending you will all be cuts that were taken last winter. Any of the photographs that you cannot use, I would appreciate it if you would return same.

I certainly enjoyed the meeting at Minneapolis very much although I caught a severe cold going up and came home sick with the Grippe and was in bed for two days. You people can be justly proud of your society. I doubt if there is any other horticultural society in the United States that has the real interest that you have.

I have made a report which will be printed in this year's report of the Iowa Society and I am sending you a copy of same. If there is any particular thing that you would like in this report, I think I still have time to get it in.

While in Minneapolis, I paid \$7 hotel expenses.

Dear Sir:

Pardon me for bothering you again, but I have before me one of your programs in which I see that I am on the program just before a lantern lecture by A. C. Tolson. As I understand it, he is coming on in the afternoon and therefore it will be necessary for him to have his lantern in the hall at the time I give my paper. It had occurred to me that it would make a better and more interesting program for you if instead of giving a paper, I gave an illustrated talk along the same line as I have a very good collection of slides of evergreens all the way from the seed bed to the windbreak row and a very good lot of landscape pictures showing some of the work of the best landscape gardeners in the United States. If I could borrow this lantern and curtain and it would help you in any way, I would be very glad to bring the slides with me. I have a lantern and curtain of my own but my curtain is only about 4x4 feet. However, I am only making these suggestions with the hopes of making your program more interesting and would not have thought of it had I not have noticed the lantern lecture which immediately follows mine.

The landscape pictures that I have were shown at the National Nurserymen's Convention and created considerable favorable comment at Detroit.

Do not hesitate to state which you would prefer in answering.

Yours very truly,

I have on my desk a memoranda indicating that you will prepare a paper on this subject "~~Straw~~ Raspberry culture" to be presented at the coming annual meeting of the society, which will convene in Minneapolis Dec. 7-10 next. Will you not kindly drop me a line so that I might be sure that there is a definite understanding in regard to this as we are reserving space for you for such an article on the program that is now rapidly taking shape. Dear Mr. Latham:

I have your letter to Mr. Oswald in regard to the lantern slide discussions by myself and Mr. Tolaas. I have no objection to their occurring at the same time. I feel, however, that we have too much on the program and rather think it would be better to omit my talk. I am very anxious, however, to have Mr. Tolaas present the "Potato Diseases," as these are of vital importance at the present time to potato growers. Our experience with the last paper on the program has been disastrous at several other meetings. The program usually strings out until the last paper is given before a mere handful, or is abandoned entirely.

We wish to thank you for sending us the membership tickets and are glad to know that the membership of the society is larger than ever.

Last year you will remember that we did not agree to send in a membership for every customer buying an order over \$20.00 so you did not send us any of the pink sheets with the description of the society and other matter on it so we were unable to send any of these sheets to these ten new members we just sent in, so we are enclosing 20¢ in stamps and ask that you kindly send them these circulars.

For my own personal informatuon I would like to know just how the nurseries that agree to do this turned in the memberships and if you think it was a success, both to the nurseries and to the society? If this is not asking too much?

Dear Mr. Latham:

I have your letter of July 14th, and appreciate your kind words concerning Mr. Webb. In accordance with your request, I am sending you herewith a photograph of Mr. Webb, and I am also enclosing a copy of his obituary notice which appears in The Farmer this week. From this notice you can, doubtless, secure all necessary information concerning his life work. It is rather interesting to note that Mr. Webb began his business life in the Northwest by engaging in the nursery business in the State of North Dakota, previous to the time he established The Farmer. He always took a very great interest in the affairs of the Horticultural Society, and held his membership in that society in the highest esteem.

Thanking you for your kind thought in remembering him in the pages of your journal, and assuring you that this comment will be highly appreciated by his bereaved wife and associates, I am

My dear Mr. Latham:-

We shall be glad to prepare one or more papers as you see fit for the December meeting. We have a good deal of information that we would like to get to the Horticultural Society. We feel that we ought to prepare it in such a way that it can get to those who are particularly interested and where it will do the most good. If you will let me know again some time early in the fall, we can best choose a subject at that time which will be appropriate for the meeting. It, of course, ought to follow the line of the chief diseases which become prevalent this year.

Dear Sir.-

I have succeeded in getting our committee together for the hearing as to our building bill before the Appropriations Committee at 2:00 o'clock tomorrow (Tuesday) afternoon. I hope it may be convenient for you to be with us at that time and lend us the benefit of your valuable influence with the committee. There will be a number present and various phases of the work of our society will be presented by different members of the society.

Thanking you for your kindness to us,

Yours fraternally,

A. W. Latham Sec'y.

Dear Sir: owing to the fact that I was detained at home over Tuesday by sickness in my family I did not believe (over)

to St-Paul until to day. I understand
that ⁱⁿ appropriation committee did not turn
you down, as the senate committee
did. The appropriation committee will
continue in session again to night

Respectfully,

P.H. Foye

HOUSE OF REPRESENTATIVES

38TH SESSION

A. W. Lathon
Kaslo Building.

Dear Sir:

I went before appropriation committee this evening. A sub committee was appointed consisting of Mr. Sawyer, Mr. Boyer and myself to wait upon you and have you go over to the university and call upon Deon Woods and see what arrangements could be done in regard to sending a sign in connection with the agriculture grounds. If you could come over to the state capital tomorrow

we must make arrangements
to visit Mr Deon woods in regard
to some, the sooner we act the
Better.

Respectfully

P. H. Frye
