Dear Mr. Latham;-

Your letter asking me to have charge of the "Question and Answer" exercise came to me a few days ago. I had faithfully promised myself that I would absolutely refuse to be on the program this year, even if asked. You have been very kind in giving me a place on the program ever since I came to be a permanent resident of Minnesota this last time, and I have responded doing what I could. The request this time would be an easy one for me and I should still be inclined to respond, for I know you have a difficult trail of it in making up a program-, and I should like as I always do, to say a word for our birds. It is more than probable that I shall not be here at the meeting this year. If my plans work out as I expect, I shall go east to New York state about the first of Nov. to visit my Father and Mother who are still alive, and I may not be back in time for the meetings, therefore I could not accept the invitation.

I appreciate your kindness and good-will and I have always felt that I ought to do what I could to help on in the good work, but really I have felt that it would be better to leave me off the program, since I ~~had~~ have been on so often. This year I have a good excuse

When I came back to Minnesota this last time and bought in out here where I expect to make my home for all time to come, I said "I must go right up and join the Horticultural Society". The thing that I did without being asked by anybody. I knew what you were doing in Minnesota and felt that it was my business to "hook up with you" at once and I have found it pleasant and profitable, and fine lot of men and women with which to be associated. I hope for the very best things for the Society and the good things it is attempting to accomplish.

I have just read your article in the "Horticulturist" for Oct. with reference to the State fair. I heartily agree with you in the matter of "Concessions" there. They come to be a nuisance. Cordially,
Ret E. Olmstead

Dear Friend.-

Referring to the enclosed bill hope you may find it convenient to settle it before long as I have already settled with the executive board for it and it is now in the nature of a personal account.

Have you had any rain down there this spring? We have only had three pleasant days since the first of June and the summer is pretty near half over with. We live at the lake and I feel almost as though our time had been wasted with such a cold disagreeable summer. May be we may get some nice weather later on. I suppose you will be living in California again before long now. Mr. C. S. Harrison was in the office a few minutes ago and he is thinking of going to California this winter.

Cordially,

A. W. Latham Sec'y.
