Resolution

In answer to the resolution of this Board passed on the 10th day of January 1873 the County Auditor laid before the Board the following from the Ex County Attorney
To J. Schaefer County Audeitor

You are hereby requested to notify the Board of County Commissioners that the "Ex County Attorney" allways found it sufficiently onerous and moderately remunerative ($1200 per annum) to attend to his own business: and he knows of no reason why the Honorable Board might not experience the same result by doing likewise

yours Respectfully
D. A. Secombe

The Board took no action on the communication

January 21. 1873

County Atty — The answer of the County Atty Mc Gilfillen to the resolution offered Jany 10 asking his advice for paying certain Warrants says:
order No 4466 being for one quarter salary of County Atty, was properly drawn by the County Auditor under the provisions of Chapter XXXIII of the session laws of 1870 and was lawfully paid by the County Treasurer

Relief — Orders No 4401 - 4364 - 4365 being for temporary and limited relief of poor persons or families and not exceeding $20.00 in amount were properly drawn by the Auditor upon the allowance and certificate of individual members of the Board, and the same were lawfully paid by the County Treasurer,

School Sup dent & Co Auditor — Orders No 4366 being for salary of County Superintendent of Schools and 4523 being for salary of Clerks of the County Auditor were irregularly issued by the County Auditor orders for such purposes should only be issued by the Chairman of the Board signed by him and attested by the Auditor upon the proper allowance of the Board. The Treasurer should have declined payment of the two last named orders. —

Co orders — I am unable to find any lawful authority for the issuance of the orders numbered 4311 and 4596 and in my opinion payment of the same by the County Treasurer was without the sanction of the law — I think the claims for which these orders purport to have been drawn should have been presented to the Board of County Commissioners and when passed, the orders therefore should have been issued in the usual way signed by the Chairman and attested by the Auditor This is the uniform practice in the adjustment and payment of fees of Sheriffs & others where the law does not point out a different course J. Resolved that the County Atty be requested to give in writing to this Board his official opinion on the following points,

Tax List

" Was the publication of the delinquent tax list of this County for the past year in accordance with the law?

Would the sale be legal under the publication of the delinquent list as it now stands?

Could the party buying at the Tax sale collect his interest from the delinquent, or would the county have to pay it?

Would it be for the best interest of this county under the circumstances to allow the sale to go on?

To the above questions the County Atty answeres 1st The law (Chap 11 Sec 119) requires the delinquent list to be published at least three weeks between the third Monday in March and the third Monday in May, in order to do this the first publication could not be later then the 29th day of April; the first publication was in fact (as I am informed) on the 4th day of May, consequently the publication of the delinquent tax list for the past year was not in accordance with the law.

2d In my opinion the sale under the publication of the delinquent list as it now stands would not be legal

3d The party buying at a sale under this publication in my opinion, could not collect interest, or principal, from the delinquent, In case the sale should be declared void by judgement of Court, the money paid by purchaser would have to be refunded to him by the County.
4th Under the circumstances that your Board have deemed it proper to call for this opinion at this time, I do not see how the best interest of the County can be honestly subserved by allowing the sale to go on

yours &c

D A. Secombe
County Attorney.

Resolution

Be it resolved by the Board of County Commissioners for the County of Hennepin. - That Whereas the Treasurer of said County has upon an order drawn by the Auditor which order was without the Authority of said Board paid to G. A. Johnson the sum of Three hundred ninety Eight 18/100 dollars as fees or costs incurred in the matter of the State of Minnesota against Samuel A. Chute, which sum we believe the County was not holden to pay And if liable then the same could only be enforced after all the remedies had been exhausted against the said Chute.

Therefore in view of the facts We do wholly disapprove of the action of the said Auditor and Treasurer for disbursing the County funds without the action of this Board, and as we believe without the authority of Law
