Report of the committee on the petition of Albert Reynolds and others for a change in the Minneapolis & Monticello Road

To the Board of County Commissioners of Hennepin County
and State of Minnesota

The committee appointed to examine the proposed change of a highway as stated in the petition referred to in our order of appointment would respectfully report that said petitioners ask for the location of a change of a portion of a highway known as the Minneapolis and Monticello Road "Commencing at a point on said road in Section 6 Town 29 Range 24 opposite the residence of H. E. Copp thence in a southeasterly direction across Sec. 6 and 7 following an old survey to the Johnson road thence along said road until it intersects the said Minneapolis and Monticello road in Sec. 8. That we did at the time and place named in said order meet and examine into the subject matter of said petition and also viewed the proposed change, And from the evidence before us we have reason to believe that a large majority of the residents along said road are opposed to said change which fact is evidently proven by the remonstrance presented to the committee setting forth their protest

against said change and in view of the unintelligible wording of the petition and the inaccurate description of the Road, we recommend that the petition be rejected

County Attorney's Office
Sept. 4th 1876

Board of Co. Coms Hennepin Co.

At the time of the attempted inquest mentioned in within papers, there were a Coroner and Deputy Coroner in said County whose duty it was to examine into cases of sudden or suspicious deaths, and if they or either of them deemed it necessary, to hold an inquest. I find no authority for its being held by a J. P. The only way that he could obtain jurisdiction would be as in all criminal cases, upon complaint made under oath, charging some person or persons with having committed some crime. I am obliged to report therefore against the allowance of within bill.

are as follows to wit:

Minneapolis May 3rd 1877

To the Board of Commissioners Hennepin Co. Minn.

Gentlemen, In accordance with Section 8 of an act entitled an act to secure interest on public Moneys of Hennepin County Minnesota, Approved March 5th 1877. The First National Bank of Minneapolis Minnesota hereby Makes application for a portion of the deposits of the County funds and agree to pay interest as provided by law and offers as security the accompanying Bond Should the Bond be satisfactory you will please designate this Bank as a depository for public funds and oblige

Yours Respectfully
H. G. Sidle Cashier

Section 8. is as follows. Any Bank in Hennepin County, newly organized, or which has not before received any of the County funds on deposite having a Capital of not less than Twenty five thousand Dollars may at any time Make application to the Board of County Commissioners for a deposite of a portion of the County funds. & this provision of the law in section 8 evidently was intended for newly organized Banks or they would according to Section 1. of this act, after the 1st Monday in April A.D 1877, be deprived of Making thereafter their applications, and could only apply for a portion of the funds, presuming that all the old established Banks had received a portion of the funds as provided by Section 1. of said act.

The applications Made by the five Banks are all the same as the one herewith given which leaves the Committee without any evidence that the said Banks could apply under Section 8 of said Act, or that the Capital Stock of said banks is not less than Twenty five thousand dollars.

The County Board at their regular Meeting on the 1st Monday of May 1877, Made the Merchants National Bank of St Paul the depository of Hennepin County and approved their Bonds in the Sum of Two Hundred thousand dollars, entitling them to One Hundred thousand dollars of said County funds leaving but a Small amount on hand, which Could

not be distributed among so many banks and which amount cannot be ascertained until the County Treasurer makes out and files with the said County Board a Statement of the amount of Money deposited as provided by said act. on the first day of each and every Month as required by sec. 4 of said act.

And in Consideration of all the facts touching the Case, Your Committee would after a careful investigation recommend that all of said applications be rejected,

Given under our hands. this the 4 day of May A.D 1877.

Auditor's Office Hennepin Co.
Minnesota December 31st 1877

The Board of County Commissioners met pursuant to adjournment.

Present Commissioners Edwards of the 1st District Warde of the 2nd dist. W. E Jones of the 3rd Dist. Palmer of the 4th Dist. and Willson of the 5th Dist.

The Auditor stated to the Board, that since their adjournment on the 4th inst. a vacancy on the Board had been discovered caused by the removal of E Hedderly late Commissioner from the 3 Dist and that the properly constituted Appointing power had met and had appointed Wm E Jones a resident of said District to fill such vacancy until the next General Election of this State.

On Motion of Com Willson the question of the admission of a Member from the 3rd dist was referred to the County Attorney Ayes 4 nays none those who voted Aye were Com'rs Edwards, Warde Willson and the Chairman.

Mr. Heddelly insisted on having his name called on the last Motion as well as on all subsequent Motions, which the Board declined to Order.

The County Attorney at this point in the proceedings Made the following Report.

To the Honorable
The Board of County Commissioners
of Hennepin County;

In reference to a request of the Board for My opinion in regard to who is entitled to recognition at the present Meeting of the Board as Commissioner for the 3rd District I submit the following.

The Board of County Commissioners are not the Judges of the election nor qualification of its own Members, nor will I at present pretend to decide who is the proper Commissioner of the 3rd District.

The Law Makes the Probate Judge, Auditor and Register of Deeds, or a Majority of them an Appointing Board, to fill any vacancy in the Commissioner Districts

Inasmuch as the law nowhere provides for any legal proceedings declaring a vacancy to exist, nor any other Method of determining that question ~~before~~ of fact befor appointment, it necessarily implies that such appointing Board are the judges as to whether or not a vacancy exists, They must first decide that a vacancy exists, before they can proceed to fill that vacancy by appointment. Their office is both Judicial and Ministerial, and both their Judicial decision on the question of fact, and their Ministerial appointment to fill a vacancy are binding and obligatory until set aside.

Without attempting therefore to decide upon the Merits of the Controversy, I am of the Opinion that W. E Jones, the Appointee of such Appointing Board is prima facie and by virtue of their acts, entitled to represent the 3rd Commissioner District, and that it is the duty of the County Authorities to recognize him as such Commissioner unless such appointment shall be declared illegal by the Court.
