Adopted

To the honorable the senators & representatives of Hennepin County in the Minnesota legislature:

The following is a true copy of a preamble & resolutions passed at a regular meeting of the Hennepin County Commissioners April -9.

Whereas the passage of the act known as an act in relation to the expenditures of money for roads & bridges in Hennepin County would in our opinion result in great damage to the permanent interests of Hennepin County in that it would so tie up the funds of the County devoted to road purposes, as to render it impossible to make needed permanent improvements in any town in the County without a special act of the legislature. Therefore, Resolved: that the board of County Commissioners of Hennepin County hereby protest against the passage of said act for the reasons stated above, & for the further reasons that it is entirely unnecessary, a positive detriment to the entire road & bridge work of the county, a gross injustice to the City of Minneapolis which pays

April 6th

1891.

nine tenths of the entire taxes of the County & which would not under the proposed act receive any thing like its proper portion of the amount paid; it takes out of the hands of the four Commissioners who live in the city the power to expend money where it is most needed; & would even prevent the replacing of a bridge which might by action of the elements or from other causes be destroyed.

Other points against the bill will be disclosed to anyone who reads it with a proper understanding of its provisions; therefore be it further resolved, that we earnestly urge upon the members of the Legislature from Hennepin County that they use their best endeavors to secure the defeat of the bill.

Respectfully submitted.

At a meeting of the board of the County Commissioners of said County, held March 7th 1891 a copy of the report of the committee appointed by us at our last session, to examine the road hereinafter, named, having been duly returned, by which said report it appears that the said committee met at the time & place designated in our order of appointment & examined the highway proposed to be changed viz:

Beginning at the S.E. cor. of the N.E. $\frac{1}{4}$ of Sec. 20 T. 11 S. R. 24 N. & running thence North on the East line of said Sec. 17 to a point above said line viz: The S.E. cor. of the North $\frac{1}{2}$ of S.E. $\frac{1}{4}$ of Sec. 17 above mentioned & there terminate & discontinue the portion of the road which lies East of above described line & between the two points mentioned above. And recommended that the prayer of the petitioners for changing said highway be granted; & being of the opinion that the public interest would be promoted by the change of said highway & that the change of said road would be of sufficient advantage to the County to warrant the paying of damages hereinafter assessed, we do hereby order, & determine that the prayer of said petitioners be granted & that a highway be & is hereby changed according to the description above given, which is hereby declared to be a public highway, & the Auditor is hereby directed to notify the supervisors of the several towns through which such highway is changed that they cause so much of said highway as lies in their respective towns to be opened without delay. We have assessed the damages sustained by reason of the change of said road to the lands over which the same passes & to the owners thereof, as follows.

Ample provision is made by the general law for redress in case of excessive valuation, & the act in question is a plain attempt to give the person named a special privilege not accorded to tax payers in general, & I am inclined to view the act as repugnant to the constitution. Leaving a shortage of

3921.71

This amount is represented by personal checks in the Treasurers hands.

In this connection, we call the attention of your honorable Board to the following opinion of the Attorney General.

Checks & Drafts held for the accommodation of individuals or firms, advanced payments of claims, unsigned orders & warrants etc. are not lawful money. Neither are the legal vouchers upon the treasury, & cannot have a place therein. These & all other matters not strictly & specifically authorized by law will be dishonored & summarily rejected from the count of Cash on hand, & the Treasurers cash reported short in the amount so found.

The item of \$3921.71^{represented by checks} must be regarded as a shortage in the Treasurers accounts. Of the aforesaid checks \$225.13 are H. O. Peterson's personal checks on the "Washington Bank", payable to the order of the, "County Treasurer", as follows: one for \$75⁰⁰ dated Dec. 10th 1891 the other for \$145⁰⁰ and without date.
