Gentlemen

Your Committee on Public Grounds & buildings to whom was referred the matter of investigating Complaints made by prisoners as to food have given the same careful consideration and they leave to report as follows We find that the bread is the same as that served on the Sheriff's Table of which each prisoner is given one half round loaf for breakfast and the same for supper with butter or Syrup and Coffee for breakfast tea for supper For Dinner they are given boiled beef vegetable soup with potatoes and $\frac{1}{3}$ loaf of same bread and while we admit there might be an occasional change in meat with an additional cost yet as a whole the quality of ^{all} the food is wholesome and the quantity sufficient we would therefore recommend that if these men want any thing better let them keep out of jail where the same as all other Citizens they can order what they want and pay for it or if they are not satisfied to do this then let them cross the Atlantic where if they are imprisoned at all they will get dry bread and cold water three times a day
