Being anxious to have work and believing you would be glad to furnish employment were it so that you could, knowing that you have not much ready money I make this proposition, I will put a crew to work and take county paper payable after the first of June 1895. I have made an agreement with a banker to take the paper by discounting it ten per cent. - I know men will be glad to work upon those terms - I will see that the men are paid every month and will bring receipts to the Board and promise you shall have no trouble from the men - I trust this will meet with your approval. If it does please you let me know - I would like to put men to grubbing as soon as weather will permit. Our men will grub this weather almost as much as two will in hot weather - I would have called in person but knew you were bothered by so many that I thought this the better way - If you can do this you will confer a great favor upon many poor, but deserving men by whom you will be gratefully remembered.

Respectfully Yours

Minneapolis Aug. 20th 1894

To the Honorable Board of County Commissioners of Hennepin County, Minnesota.

Dear Sirs:

The undersigned, George Fortwangler, respectfully submits that in 1876 he conveyed to Hennepin County a strip of land for a public road and that in & by his said deed it was intended to describe the following named strip of land, to wit: Commencing at NW corner of NW 1/4 of the NW 1/4 Section 31-28-24, thence E 2 rods, thence at right angles S 24 7/100 Chs; thence at right angles west 2 rods to W line Section 31 aforesaid, thence N along said Section line to S.E. corner of Lot 1, Section 9-116-21, thence W 2 rods, thence at right angles N to a point 0.54 Chs S of N.E. corner of said Lot 1, thence at right angles E to place of beginning.

That said deed was filed for record October 14th 1877 and was recorded in Book 51 of Deeds at page 554.

That petitioner has recently discovered that in said deed was a clerical error in this, that the beginning corner of said described strip was incorrectly stated to be at the N.E. corner of the NW 1/4 of the NW 1/4 of Section 31, and that by such error and others as petitioner is advised the description of the land thereby conveyed becomes and is left indefinite and uncertain.

That there is no question but that the land intended to be described by said deed was that first above described and that the said road now so conveyed is located at the N.W. corner of the said Section 31, extending thence southerly.

That petitioner desires to have the errors in said deed corrected, and that for that purpose he now asks your honorable body to pass a resolution authorizing a conveyance back to

August 20th 1894.

Petitioner by Hennepin County of the land described in said deed recorded in Book 51 of Deeds at page 554, and that the Board shall execute such a conveyance to petitioner, and petitioner offers to make, execute and deliver his deed to Hennepin County, with a full and correct description of the land so conveyed, but in all other respects similar to the aforementioned deed, and petitioner herewith tenders such a corrected deed and asks that the County of Hennepin will execute and deliver to him its deed for the purposes above mentioned. And your petitioner as in duty bound, will ever pray.

George Fortwangler

Whereas it appears to the satisfaction of this Board that in the deed from George Fortwangler and wife to Hennepin County, dated October 13th 1876, and filed October 14th 1876, in the office of the Register of Deeds in this County and recorded in Book 51 of Deeds at page 554, conveying a strip of land to Hennepin County for a public road, there exists a clerical error in the description thereof, by which the beginning corner of said land is erroneously stated to be at the northeast corner of the northwest quarter of the northwest quarter of Section 31 Town 28 Range 24 and,

Whereas it appears that the land intended to be conveyed by said deed is properly described as follows, to wit: Commencing at the northwest corner of the northwest quarter of the northwest quarter of Section 31 Town 28 Range 24, thence east two (2) rods, thence at right angles South $24\frac{70}{100}$ chains, thence at right angles west two (2) rods to the west line of Section 31 aforesaid, thence north along said section line to the southeast corner of Lot 1, Section 9 Town 16 Range 21, thence west two (2) rods, thence at right angles north to a point 0.52 chains west of the northeast corner of said Lot one (1), thence at right angles east to the place of beginning, and said error has been recently discovered and said George Fortwangler desires to have the same corrected, -

Now therefore, for the purpose of correcting the aforementioned clerical error, be it

Resolved by the Board of County Commissioners

August 20th 1894.

of Hennepin County, Minnesota, that the Commissioners of this County be and they are hereby authorized and instructed to make, execute and deliver to said George Fortwangler a quit claim deed, by which the County of Hennepin shall convey back to said George Fortwangler the land conveyed by the aforementioned deed, and

Resolved that this Board will accept from said George Fortwangler and wife their deed of this date conveying to Hennepin County the aforementioned strip of land for a public road by a correct description.

Adopted.

The Board of County Commissioners of Hennepin County met at the Court House in the City of Minneapolis at 10 o'clock A. M. pursuant to adjournment.
All members present.

Application of P. M. Hilary for Chief Janitor at the new Court House read and placed on file.

To the Board of County Commissioners of Hennepin
Gentlemen: - The undersigned representing the two political parties which at the last general election cast the highest number of votes in Hennepin County, respectfully represent that at that time and at previous elections the Clerk of the District Court was entitled to retain all fees for the issue of first papers, so called, and therefore in a position to make such special arrangements as he saw fit, the County paying for all books and blanks. Since that time the law providing for the covering of all such fees into the County Treasury has taken effect and you alone are authorized to make such special arrangements. The undersigned therefore respectfully request the prompt passage of the following resolution, or one substantially similar, it being understood that no privileges are to be accorded to any one political party not accorded to each and every other political party entitled to representation on the ballots, regardless of the number of votes cast:

Commissioner Egan offered the following resolution:

"Resolved, by the Board of County Commissioners of Hennepin County: -

That the Clerk of the District Court be and is hereby authorized and directed, subject to the approval of the Chairman of this Board, to appoint Deputy Clerks for service at the headquarters or special headquarters of either of the political parties now entitled to representation on the County ballots, or if any two or more of such parties, said deputy clerks to assist in the qualifying of voters by issuing first papers, so called, and to receive and pay over to the clerk the full legal fees therefor, and to perform no other duty as such deputies. No compensation shall be paid for such services, save that each political party paying for the same and furnishing necessary office room shall be entitled to receive two thirds of all fees so paid to the clerk, the same to be certified by said clerk to the

October 22nd 1894.

County Commissioners, two thirds of the total to be repaid out Commissioners warrants, so called, issued in the usual manner from time to time - said Deputy Clerks are to receive from the Clerk of said Court ^{such} blanks & books as may be necessary, and seals if the same shall be required and shall serve until Oct 31-1894 inclusive and no longer -

Adopted.

If this action is taken it will result in a large amount being paid into the County Treasury which will otherwise be diverted through other channels, as arrangements can be made elsewhere for the issue of such papers at less than statutory rates - While the granting of this request may directly or indirectly benefit a large number, it is made solely as a business proposition which the County can well afford to accept -
