Macadam.

During the present year Hennepin County has purchased an extra No. 3 Gyratory Crusher, and placed the same in the Odenbright Pit at Osseo, which was used on the Pit Run, and placed on Roads 103 and 104 in the Town of Brooklyn. This was done under Contract # 14 by Neuman and Smith, at a cost of $3425.00 for the entire work, incidentals on Crusher, and use of Roller. This covers 1.9 miles of macadam, and cost $1,802.63, per mile.

Under Contract #11 we used the old crusher at the Van Ness Pit crushing for use on Cedar Avenue in Richfield which completed 1.9 miles of Macadam (also for surfacing original bed see Gravel) This was done at a cost of $7,755.00, which equals $4,081.58 per mile. We then moved the Crusher to the Larkin Pit at St. Louis Park, and crushed the material for Lake Street Boulevard called Road #5 under contract No.12, and made a very fine road which is a credit to the County of Hennepin. We Macadamized 1.8 miles which cost $3,526.07, which equals $1,958.92 plus per mile.

In the Matter of Recommendations for the Year of 1908.

I desire to state to your Honorable Body that the system of clearing the Right of way, and widening the grade as adopted during the year of 1907 on some of our Main Country Roads should be extended to all such roads in 1908, as it seems to meet the demands of the general public traffic.

Further that the following numbered bridges should be rebuilt at the earliest convenience.

No 54 Outlet Classens Lake Town of Orono
" 114 Road No 69 over Bassets Creek Golden Valley
" 122 Over outlet French Lake Town of Orono
" 183 Road No. 10 Town of Corcoran
" 230 " " 121 " " Dayton
" 327 " " 46 " " Brooklyn Over Shingle Creek
" 328 " " 6 " " Orono Over inlet to Long Lake
" 277 " " 24 " " Medina Inlet to Lake Independence
" 65 " " 29 " " Richfield Lake Amelia be Repaired
" 23 " " 13 " " Grays Bay be repaired
" 60 " " 8 " " Maple Grove be rebuilt.

Culverts.

The County should expend at least $5,000.00 for Steel Culverts during the year of 1908, as there are many wooden culverts yet to be replaced, and many new ones to be put in as it is impossible to build and maintain Roads without providing proper drainage.

In conclusion will state that in the matter of Macadamizing Gravelling, and Grading of Roads, and in the construction of Bridges during the year 1907, I have endeavoured to eliminate every item of superfluous cost, further in the matter of inspection of Construction work, it has been the custom of all Surveyors preceeding me to employ Inspectors outside of the regularly employed Surveyors force. None such have by me been employed. All such construction work having been done by my regular employed force, which item has resulted in a considerable saving to the County. Further I desire to thank your Honorable Body for the uniform courtesy I have received at your hands and your liberal approval of, and co-operation in my endeavours to secure for Hennepin County the best system of Roads and Bridges at the lowest possible cost.
