Waddell, yea

Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Waddell offered the following resolution:

Whereas it has been brought to the attention of this Board that the so called Administration Highway Bill (House File #535) now before the State Senate for consideration in so far as it relates to County Road work is virtually a codification of existing road laws, largely a re-draft of the so-called Dunn Road Law, and that there is accordingly contained therein a provision for the re-enactment of Section 83, Chapter 235, Laws of 1913, (The Dunn Road Law) as amended by Chapter 43, Laws of 1917, and further amended by Chapter 349 of the Laws of 1919, under which Hennepin County has expended practically one and one quarter million dollars in the construction of suitable bridges and approaches over the Minnesota River connecting the City of Minneapolis with the territory to the south, and

Whereas, it appears that in its present form in House File #535 said section undertakes to authorize the issuance of additional bonds in the amount of two tenths of one per cent in connection with these projects, and

Whereas, said projects are not completed, not available for use, and the county is without funds to further carry on the work of completion and will be unless the above provision of House File #535 is adopted,

BE IT THEREFORE RESOLVED, that the members of the Hennepin County Delegation in the House and Senate be and hereby are urged to procure the passage of this provision of H. F. #535 as it now stands to the end that these projects may be brought to completion.

The question was on the adoption of the resolution, and the roll being called there were: four yeas and no nays, as follows:

Cook, yea

Ferrin, yea

Montgomery yea

Waddell, yea

Mr. Chairman, not voting

And so the resolution was adopted.

Commissioner Cook offered the following resolution:

RESOLVED, That the report of the Committee be accepted and adopted.

Adopted.

Commissioner Ferrin from the Committee on Home Schools presented the following report.

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS:

Gentlemen: Your standing Committee on Home Schools to whom was referred the matter of hiring extra help has given the same careful consideration, and begs leave to report as follows:

On request of D. C. MacKenzie, Supt. Home School for Boys to hire Ralph Page at $75.00 per month and board,also one woman permanently@ $50.00 per month and board, and one other employee for vacation time at $238.00 and Board. I believe is adding to much expense to an already extravagant payroll for the size of said institution.

WHEREAS, for 1915 the appropriation for detention homes was $15,000.00 1916, over $22,300.00, 1917 $25,260.00, 1918 $28,630.00, 1919 for boys and girls $34,490.00, 1920, $64,550.00 and in 1921 $67,254.00 while the County Farm taking care of as many people as both of the Home Schools have only raised from $11,000.00 in 1915 to $30,000 in 1921, making the cost per captia about $1.17 per day at the County Farm, while the cost per capita for Home Schools has run up to about $2.70 per day, which shows extravagance and poor business management which should be corrected and the expense reduced as the tax payers are being burdened beyond all reason for maintenance of the Home Schools, and I am sure with some business and a little common sense used in connection with the management of these institutions good work could be done at a much less expense, and I beg the adoption of this report, that this request be not allowed.

Respectfully submitted,

A. R. Ferrin
