Commissioner Waddell offered the following resolution:

RESOLVED, That all bids for road oil be rejected for the reason that the specifications were so drawn that competition was eliminated; that the law provides that the specifications shall be drawn by the County Surveyor; and that the oil to be received under these specifications will not give the desired results.

The question was on the adoption of the resolution, and the roll being called there were: one yeas and four nays, as follows:

Cook, nay Ferrin nay Thompson nay Waddell yea Mr. Chairman nay

And so the resolution was not adopted.

Subject: Estimate Road No. 42

(The Willow Road)

To the Honorable Board of County Commissioners of Hennepin County.

Gentlemen:

In connection with the request of the Village of Excelsior and the Town of Excelsior for the relocation of County Road No. 42 in the Village of Excelsior and Town of Excelsior for a distance of approximately two thousand (2000) Feet:

We have made a survey, and estimate the cost of the improvement of the same as follows:

Clearing & Grubbing - - - lump sum - - - - -	\$50.00
Excavation - - - 5977 Cu. Yds. at 30c - - - - -	1793.10
Overhaul - - - 11500 Units at 1 $\frac{1}{2}$ c - - - - -	172.50
Culverts - - - - -	600.00
Trap Rock Surfacing 8" thickness loose in three courses	6913.60
Engineering & Incidentals - - - - -	<u>691.36</u>
Total estimated cost - -	\$7604.96

We find on estimating the excavation that it will be unnecessary to go into the knob bounded by James and Oak Streets for sufficient material to build this grade to a width of Thirty-six (36) feet, providing we are permitted to go on James Street between Oak Street and this new location to obtain the necessary material.

Approximately four thousand yards would be borrowed from James Street, putting a considerable cut in the same, but eventually the same would have to be graded to open up between Oak Street and this new street. The estimate is based on such borrowing, and does not include payment for any purchased filling material.

Respectfully submitted,

Hon. Board of County Commissioners
County of Hennepin

Gentlemen: Referring to our letter of the 31st of March last, and our Plan 2, County Project F. S.- M. B. for the Approach Road to the Fort Snelling-Mendota Bridge through Fort Snelling Reservation:

We understand you are now ready to advertise for bids for grading and culverts on this Road. We recommend that the grading be done at this time from Station 25, which is at the intersection of the new highway with the old road through the Post opposite the riding hall, to Station 78+76 at the city limits of Minneapolis and the end of Minnehaha Avenue; and that the grading from Station 25 to the end of the new bridge, which is "scratch work" be done at the time the highway is paved so as not to disturb the roads in the Post proper at this time; and also to allow time for getting the tracks of the Street Railway Company moved as contemplated in our said plan. We estimate the cost of grading and culverts from Station 25 to Station 78+76 as follows:

Clearing	5 acres	\$500.
Grubbing	5 acres	750.
Excavation	15482 cu. yds.	6966.90
Overhaul over 500 ft.	20255 cu. yds. @ 2¢	<u>405.10</u>
Total for grading - - - - -		\$8622.00
Culverts 1 Big W. 44x63
