Minneapolis Daily Star seventy cents per folio for first publication if awarded the publication of the financial statement, if not awarded the financial statement the price for said proceedings will be seventy five cents per folio for first publication and forty cents per folio for each subsequent publication, agate type to be used and twenty-five copies of said proceedings bound for $100.00

All of said bids were referred to the Committee on Printing.

Chairman Heffelfinger brought up the question of appointment of a highway engineer. Commissioner Mallon addressed the Board briefly, also read a statement to the Board relative to appointment of a Highway Engineer.

Commissioner Mallon moved that the matter of employing an engineer be postponed so as to give Civic Organizations that may have an interest in the matter an opportunity to be heard on this very vital question.

Motion seconded by Commissioner Jenson and the roll being called there were two yeas and three nays, as follows:

Jenson yea
Mallon yea
Broderick nay
Ferrin nay
Mr. Chairman nay

And so the resolution was not carried.

Commissioner Ferrin offered a resolution appointing E. E. Terrell a Highway Engineer. Said resolution was read and Commissioner Jenson offered a substitute resolution to select Clyde Methven Highway Engineer, said substitute resolution was read as follows:

Commissioner Jenson offered the following substitute resolution:

WHEREAS, This body now assumes the responsibilty of selecting an Engineer to serve the Board and the County of Hennepin in the capacity of Highway Engineer.

If we are to keep faith with the Legislature of the State of Minnesota and the people of Hennepin County who created the position in the interest of better government and better highways, we must select from among the professional engineers available that one whose education, training, experience and previous record of service indicate that he most nearly meets the requirements of the position.

In considering the duties of the Engineer and the responsibilities of the position let us remember that we as a Board with the Engineer as our agent are under obligation to the people of this County to produce a completed system of County Roads and Highways, properly located, well designed, economically constructed and efficiently maintained. In the performance of this service we must prepare, adopt

and follow a comprehensive plan detailed as to type and classification of road and so planned in order of construction as to give the maximum benefit to the County as a whole. We must look forward to future urban development, to the growth of the City of Minneapolis, to the co-ordination of future land plats and subdivisions with the highway system, to future transportation by rail as well as by road, to the future as well as the present use of all property affected by the highway system, to a future county park system so that some of the natural attractions of the County may be preserved for public use and enjoyment.

Our responsibility is greater than that of road builders, for in the building of these lines of communication we are laying out the frame work of a great urban and suburban community.

Our work must be based upon a sound financial plan not only as to the expenditure of the possible million dollars available each year for construction and maintenance but as to the future development of the community.

The people of this County understanding our responsibilities better possibly than we do ourselves, created this new position so that our Board could employ a competent technical assistant, and I believe they contemplated not only one of the high technical qualifications but also one free from all possible political obligations or alliances. They will approve, I believe, the employment of an engineer on the basis of ability rather than because of political preference or on the false economic consideration of a low wage.

We are fortunate in having among the applicants for this position an engineer graduated as a civil engineer from the University of Minnesota sixteen years ago, who both before and after graduation has been continuously employed in engineering practice, most of which has been in relation to highway design, construction, and maintenance; who at the present time holds a responsible position with the Highway Department of the State, who comes to us well recommended by the engineering profession, who is familiar with problems which confront us and yet is in no way related to the political situation which resulted in the creation of this position.

I believe it to be in the interests of good government and better highways to select Clyde Methven as our engineer, and I take pleasure in nominating him for the position of County Highway Engineer of Hennepin County.

Project No. 719

Office of the County Highway Engineer.

January 31, 1927.

To the Honorable Board of County Commissioners.

Gentlemen:

In accordance with the provisions of Chapter 274, Laws 1921 the

following estimate is submitted for the furnishing of transportation vehicles to the County Highway Department:

Estimate of cost $1000.oo each.

Respectfully submitted,
E. E. Terrell
County Highway Engineer.

Commissioner Heffelfinger from the Committee on Ways and Means presented the following report.

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS:

Gentlemen: Your standing Committee on Ways and Means to whom was referred the matter of resolution submitted by Commissioner A. R. Ferrin has given the same careful consideration, and begs leave to report as follows:

WHEREAS, criticism has been made of proposed reorganization of the department of Public Health Nurses employed by Hennepin County for service in the rural districts, and

WHEREAS, Communications have been addressed to this Board by various welfare organizations interested in the work of that department relative to such reorganization,

BE IT RESOLVED, That this Board expressed to the public and those who have addressed us in this connection, our sincere sympathy for the work for which that department was created, and our earnest desire to co-operate in promoting its efficiency;

In a recent resolution presented by Commissioner A. R. Ferrin which covered practices in the Nursing Department as regards to lay-offs for injuries, we find that it appears on the books as per the details of Mr. Ferrin's resolution, but we also find that paying Nurses beyond any certain specified time is at present entirely up to the judgment of the Head of the Department of Nurses, except regarding cases where compensation insurance applies. No rules on the County side specify how long a sick person should be carried on the pay-roll. So as regards this charge under the present rules, neither the Head Nurse or sick nurse could really be criticized in any way whatsoever. As far as we know, no double payment was made. Where insurance was recovered it was for benefit of County.

The use of Public Cars for purpose specified is also very unimportant. For Public Cars cannot help but render some personal service at some time during a year's period no matter how conscientious the driver of the car may be.

The only solution for this situation is to have cars owned by individuals with proper and fair allowance for running expenses and depreciation. And we so recommend to the Nursing Committee that as soon as practical all Nurses be requested to own their own cars.

BE IT FURTHER RESOLVED, That this Board feels that in the interests of efficiency and economy the various health and public welfare departments of Hennepin County should, as far as practicable, be consolidated under one department of Public Welfare, and that we request the Minneapolis Council of Social Agencies with the help of the State Departments whose local work is concerned, to make a study of

the desirability and possibility of such a reorganization and recommend to the Board of County Commissioners Ways and Means of making it effective.

BE IT FURTHER RESOLVED That a copy of this resolution be sent to all those who have filed communications with this Board in this matter.

Respectfully submitted,
W. W. Heffelfinger
A. R. Ferrin

And so the resolution was adopted.

WHEREAS, The Petition of Henry Denny a free-holder of School District No. 62 in this County representing that he is the owner of the lands hereinafter described, which are situate in said School District and that the hereinafter described lands adjoin School District No. 63 and asking that his said lands may be set off from said District No. 62 to said District No. 63 for the following reasons:

That the distance to schoolhouse in school district No. 62 is 2 ½ miles, whereas distance to schoolhouse in school district No. 63 is 1 ½ mile.

Also the road to school district No. 63 is better maintained than the road leading to school district No. 62 was presented to the County Board of this County, at a session of said Board held on the 7th day of February A. D. 1927 for the action of said Board thereon; and Whereas, it was thereupon ordered by said Board that a hearing should be had on said Petition at a session of said Board commencing on the 14th day of March A. D. 1927, at the County Commissioners Office in the City of Minneapolis in said County, and Whereas, it was further ordered in and by said order that notice of the time and place of such hearing be given by posting a notice of said hearing in three publis places in each of the School Districts to be affected by said petition, and by serving upon the Clerk of each of said School Districts, personally a copy of said notice, at least ten days before the time appointed for such hearing, and by giving two weeks published notice thereof in the Minneapolis Daily Star a duly qualified newspaper printed and published at Minneapolis in said County, and whereas, at the said session of said Board commencing

on said 14th day of March, A. D. 1927, proof of the due publication, posting and service of said notice of hearing as therein directed and required, more than ten days prior to said last named date, having been made and filed, said petition was publicly read and considered by the Board, with everything which was said by said interested parties for or against granting the prayer of the petitioner and being satisfied from all the evidence produced at such hearing that the allegations of said petition are true and said Board being of opinion that the prayer of said petitioner should be granted, it is hereby ordered and determined, that the following described lands owned by him, to-wit:

E. ½ of N. E. ¼ except road, Sec. 9, Twp. 118, Range 23 be and the same are hereby set off from said School District No. 62 to said School District No.63 and said lands are hereby made a part of said last named School District for all purposes whatever.

By order of the County Board.

Dated the 14th day of March, A. D. 1927.

W. W. Heffelfinger
Chairman of the County Board,
Hennepin Co., Minn.

Attest: Al. P. Erickson County Auditor
By N. G. Chapman Deputy

(County Auditor's Seal.)

Commissioner Jenson offered the following resolution:

WHEREAS, We the Board of County Commissioners of the County of Hennepin, did assemble pursuant to the call of the County Auditor as required by Chapter 415 Session Laws of Minnesota 1925, said call being issued for Nov. 8th, 1926, to hold a hearing on Engineer's and Viewers' reports as amended and to consider the establishment of what is known and designated County Ditch No. 42 as petitioned for by Helen H. Elliott and others, and said hearing was then continued until Monday Nov. 22, 1926 at 11 o'clock A. M and again continued until Monday Dec. 20th, 1926 at 11 o'clock A. Commissioner Broderick offered the following resolution:

WHEREAS, the Board of County Commissioners of Hennepin County, did assemble pursuant to the call of the County Auditor as required by Chapter 415 of the laws of 1925, said call being issued for March 22, 1926, to hold a hearing on the Engineer's and viewers' reports, and to consider the establishment of what is known and designated as County Ditch No. 43, as petitioned for by Edward Gamble and others, said hearing being then continued until Monday, March 29, 1926, at 11 o'clock A. M., and said hearing then again being continued until Monday April 12th, 1926, at 11 o'clock A. M., and then again being continued to April 19th, 1926, at 11 o'clock A. M., and

Whereas, at the time of the last continuance of said hearing the said County Board adopted a resolution dismissing the said Ditch proceeding on the ground of lack of jurisdiction, which action was taken pursuant to the recommendation of the Attorney General's Office and the Department of Drainage and Waters in the State of Minnesota, and on the advice of Frank J. Williams, Assistant County Attorney, and

WHEREAS, Edward Gamble and others, the petitioners on said Ditch No. 43 immediately thereafter commenced mandamus proceedings in the District Court of Hennepin County to compel this Board to proceed to conduct said final hearing and establish said Ditch, the same being Case number 25002 in the District Court of Hennepin County, and

WHEREAS the said Court on the 2nd day of August 1926, entered an order directing a preemptory writ of mandamus to issue directing this Board to proceed forthwith to conduct said final hearing, and

WHEREAS a copy of said order of the District Court was served on this Board March 21, 1927, and whereas at the same time all of the petitioners in said Ditch proceeding filed with said Board waivers of notice of said final hearing,

NOW THEREFORE, BE IT RESOLVED, that the final hearing on said County Ditch No. 43 be, and the same is, hereby fixed to be held by this Board at Room 118, Court House, Minneapolis, Minnesota, at 2:30 o'clock P. M., March 28, 1927.
