To the Honorable Board of County Commissioners:

Gentlemen:

As the representative of this Board on the Hennepin County Child Welfare Board, I respectfully beg leave to report that I have made a full and complete investigation of the facts pertaining to the recent transfer of Mrs. Laura M. Halse from the Feeble Minded Department to the Placement Department, regarding which members of this Board have received letters from certain individuals and representatives of private organizations, and find:

1. That it appears that the conduct of the Feeble Minded Department by Mrs. Halse had for some time been unsatisfactory to the Executive Secretary who took the matter up with her about a year ago and requested that the Department should be better organized, the records be brought up and kept up to date and a greater degree of co-operation between the Feeble Minded Department and the Executive Office and the other departments should be had.

2. That instead of making improvements in these respects it appears that the records were not kept up and the Department was still more isolated and operated as an independent detached unit.

3. That at an adjourned meeting of the Hennepin County Child Welfare Board held on January 10, 1928, the Executive Secretary presented the situation quite in detail and suggested the advisability of making some readjustments within the Office in the interests of harmony and efficiency. After a full discussion of the matter the members of the Board declined to take any action for the reason that they felt that the responsibility of adjusting the work of the various employees in the Office to secure the greatest degree of efficiency rested with the Executive Secretary as provided in Section Four of the By-Laws of the Board adopted when the Board was originally organized about ten years ago and which provides that "the Executive Secretary shall have immediate charge and direction of the Office of this Board and of direction of the work of the Board, subject to the control of the Board, and with the consent and approval of the Board shall employ and discharge agents, clerks and other employees of the Board, and shall make monthly reports to the Board of the work done during the previous month"

4. That shortly thereafter Mrs. Halse went to two of the members of the Board, namely Mrs. H. B. Sweetser and Mrs. J. A. O. Stub and interviewed them privately, presumably to solicit their support in her behalf. To Mrs. Stub she admitted that she had more or less isolated her department from the rest of the Office and to quite an extent ignored the Executive Secretary, but claimed that she had done so unconsciously, and had not discovered that fact until very recently. Mrs. Stub advised her to go at once to Mrs. Davis, the Executive Secretary, and fully explain her attitude in the matter.

5. That Mrs. Halse never took any steps to get her attitude before the Executive Secretary, and on January 24, 1928, the Executive Secretary advised Mrs. Halse that on February 1, she was to be transferred to the Placement Department, and that Mrs. Bergland then in charge of the Placement Department was to be in charge of the Feeble Minded Department. It was explained to Mrs. Halse that this arrangement might not necessarily be permanent, but would remain in effect until the Feeble Minded Department was properly organized and coordinated with the rest of the office and she had demonstrated that she could and would co-operate heartily and loyally with the Executive Secretary and the other departments of the office to bring the work of the Hennepin County Child Welfare Board up to the highest degree of efficiency.

6. That a few days later members of the State Board of Control at St. Paul and members of the Board of County Commissioners received several letters from certain individuals and representatives of private organizations, protesting against this proposed transfer of Mrs. Halse from the Feeble Minded Department.

7. That on January 30th, the Chairman of the State Board of Control called up the Chairman of the Hennepin County Child Welfare Board and suggested a conference of the two Boards. This was agreed to and such a conference was accordingly arranged by the State Board of Control at St. Paul on the afternoon of Monday, February 6th. At this meeting there were present all of the three members of the State Board of Control, the Director of the Children's Bureau, all of the members of the Hennepin County Child Welfare Board except Mr. Paul J. Thompson who had another engagement elsewhere at that time, and Commissioners Heffelfinger and Ferrin in addition to myself. After some discussion, the State Board of Control took the position that while it had a keen interest in the work of the Hennepin County Child Welfare Board, it had neither the authority nor the disposition to undertake to dictate who should be employed, or to what duties employes of the Hennepin County Child Welfare Board should be assigned as that was the particular duty and function of the Hennepin County Child Welfare Board. The communications which the State Board of Control had received relative to this matter were then referred to the Hennepin County Child Welfare Board.

8. That a day or so later, Commissioner Ferrin and Mr. Kunze, Chairman of the Hennepin County Child Welfare Board, had a conference upon the matter with a view to working out some satisfactory adjustment, if possible. As a result of this conference, Commissioner Ferrin advised Mrs. Halse to have a talk with Mr. Kunze. The following day Mrs. Halse called upon Mr. Kunze and the whole situation was reviewed with the result that a conference with the Executive Secretary was arranged for the following day. At this conference Mrs. Halse admitted many of short comings of which the Executive Secretary had complained. It was agreed that Mrs. Halse was to remain in charge of the Placement Department without any reduction in salary, and that she would pledge herself to work harmoniously and loyally and in accord with the Executive Secretary. The Executive Secretary on her part pledged herself to accept the assurance of Mrs. Halse in good faith and work with her without prejudice or discrimination against her. This verbal understanding was on the 11th of February reduced to writing and signed by both the Executive Secretary and Mrs. Halse.

9. That on February 14th, at the monthly meeting of the Hennepin County Child Welfare Board, the Chairman presented the communications from the State Board of Control and the whole matter was discussed somewhat at length. Mrs. Halse was invited to appear before the Board and verify the arrangement which had been worked out through the efforts of Mr. Kunze whereby Mrs. Halse might remain in the Placement Department without prejudice to her standing and to which she had previously agreed. Mrs. Halse, however, took a very unconciliatory and defiant attitude and the members of the Board began to have serious misgivings as to her

willingness to adjust herself to the situation. The Board took an adjournment to the following day.

10. That at the adjourned meeting of the Board held on February 15th, at which both the Executive Secretary and Mrs. Halse were present as well as all of the members of the Board, Mrs. Halse took an even more antagonistic attitude. After excusing the Executive Secretary and Mrs. Halse, the Board went into executive session at which the whole matter was freely and fully discussed. A resolution was introduced, which I seconded, giving Mrs. Halse a leave of absence for ninety days without pay effective immediately. This was later amended on the suggestion of the Chairman that if Mrs. Halse should at any time within the ninety days wish to appear before the Board and give satisfactory assurances that she is ready and willing to work in harmony and co-operate with the Executive Secretary, the Board will consider her reinstatement. This resolution as amended was adopted upon roll call by five affirmative votes. Mrs. Sweetser and Mr. Thompson voting in the negative. There the matter now rests. In the meantime steps are being taken to temporarily fill the position in the Placement Department.

In conclusion I wish to say that I entered upon this investigation with the inclination to give Mrs. Halse the benefit of the doubt, but I must confess that I have been distinctly disappointed with her whole attitude in this matter and am fully convinced that it would be impossible for her to remain on the staff in her present frame of mind without utterly demoralizing the work of the office. I am convinced that Mrs. Halse has not co-operated with the Executive Secretary as it was her duty to do and there are evidences that she has attempted to undermine her. It is manifestly impossible to maintain an efficient working organization with subordinate employes doing as they please and unwilling to work in harmony with the responsible executive head. Furthermore, outside individuals or representatives of private organizations cannot be permitted to dictate what the duties of the various employes of the Board should be.

The work of the office is well organized and the Executive Secretary has the entire situation well in hand. The Feeble Minded Department appears to be in competent hands and under the personal direction of the Executive Secretary the records are rapidly being brought up to date. The Director of the Childrens' Bureau has personally pledged to the Chairman of the Board the fullest co-operation and assistance to Mrs. Bergland and the Executive Secretary in placing the work of the Feeble Minded Department on a high plane of efficiency. In short, there is no situatbn in this office which the Hennepin County Child Welfare Board is not perfectly competent to handle in an entirely satisfactory and efficient manner, and there is no action at this time which it is necessary for the Board of County Commissioners to take.

Respectfully submitted,
Theo. E. Jenson
Representative of the Board of

County Commissioners on the Hennepin County Child Welfare Board.

Commissioner Mallon offered the following resolution:

Whereas the case of the Koss Construction Company against the County of Hennepin pending in the United States District Court for the District of Minnesota was called on the 5th day of March, 1928, at which time a motion was made by the plaintiff therein that the case be referred to arbitrators for disposition, such motion being opposed on the part of the County and denied by the Court.

At that time the nature of the case was stated to the Court, and in view of the fact that it involves fourteen causes of action as stated in the complaint, and that the questions therein involve the taking of a great deal of technical testimony and require a decision as to facts involving engineering matters and construction methods, the Court at that time intimated to counsel that he was inclined to refer the case to a referee for determination upon the facts; and it was the opinion of the Court at that time that such procedure should be adopted by the parties in disposing of the case.

Due consideration has been given to the views of the Court; consultation has been had and the matter discussed with Judge C. J. Rockwood, counsel for the Tax Payers' Association, who expressed the view that such procedure should be followed and a plan of reference decided upon.

NOW THEREFORE, BE IT RESOLVED that the attorneys for the County of Hennepin in the case of the Koss Construction Company against the County of Hennepin be and hereby are authorized and empowered to enter into a stipulation with the plaintiff in said action, wherein and whereby it shall be stipulated that the said entitled action may be by the Court referred to a Board of three Referees for a determination of the issues of law and fact as raised by the pleadings therein; that the referees shall be chosen in the following manner:

That each party shall nominate one who shall be an engineer; that the opposing party shall have the right to approve or disapprove such nomination; that if such nomination is disapproved, the party so nominating shall name another; and like procedure shall be had until each of said nominees of the opposing parties shall be accepted by the other, in which case such name shall be certified to the Court for appointment; that the Judge of the United States Court, without any suggestion or nomination on the part of either party, shall name the third referee, who shall be a man learned in the law; such three to comprise the Board of Referees; that the findings of fact and conclusions of law of the referees shall in all things by subject to review by the Court, and the Court shall have full power to review, amend, modify, vacate or set aside in whole or in part such findings of fact or conclusions of law of the said referees; that each of the parties shall pay the fees and expense of the referee

so nominated by them, and one-half of the fees and expense, as fixed by the Court, of the referee so appointed by the Court.

The question was on the adoption of the resolution, and the roll being called there were: five yeas and no nays, as follows:
