Whereas, the County's bonded indebtedness at this time amounts to more than $5,300,000 and the interest to be paid on said indebtedness to maturity will be over $1,960,000 making a total of over $7,260,000 which the tax payer must pay, and of which the City of Minneapolis will have to pay approximately 92%; and

Whereas, The taxpayers are now facing the problem of sewage disposal which must undoubtedly be met in the near future at a cost estimated at $15,000,000, which amount together with at least $5,000,000 interest on the bonds to be issued, must all be derived from taxation; and

Whereas, The County Road system at the present time is in such condition that the regular annual levy will be sufficient to take care of all reasonable

and necessary road requirements within the County during the next two years;

Therefore Be It Resolved, That this Board go on record as opposed to the issuance of any Hennepin County bonds for road purposes in the years 1929 and 1930 unless the people of this County be given an opportunity to pass on the amount of each project separately by popular vote and that a copy of this resolution be transmitted to the Hennepin County delegation.
