State of Minnesota,)
:
County of Hennepin.)

At a meeting of the County Board of Hennepin County, State of Minnesota, held on the 20th day of January 1930, the petition of Olaf E. Larsen, asking that his land described in said petition be set off from School District No. 27 to School District No. 25 in said county came on to be heard by said Board; and it having been made to appear to its satisfaction that notice of said hearing had been published, posted and served as required by law and its order, said Board having heard all persons interested in said matter both for and against, said hearing was then continued until Monday, July 7th, 1930, at 10:30 o'clock A. M., finds as follows:

That said petitioner Olaf E. Larsen is a freeholder and resident of said county; and that he owns land now in School District No. 27 in said county described as follows, to-wit:

S. E. $\frac{1}{4}$ of N. E. $\frac{1}{4}$ West of Creek Sec. or Lot 4, Town or Blk. 118,

Range 21. 30 A. and that said land adjoins School District No. 25 in said county.

That the reasons for setting off said land of petitioner are as follows, to-wit:

Resident has an eight year boy. He must walk more than 4 miles to School making over 8 miles daily. This is more than any child can do. Because of this he has had practically no schooling up to this, which is a serious matter for any boy. School in District 25 is less than 2 miles and has bus to convey the children. I therefore plead that this transfer of property be made because the child must have a chance to attend school regularly. A part of this property now lies in No. 25.

It is Therefore Determined and Ordered; That the said land of said petitioner as above described be, and the same hereby is set off from said School District No. 27 to said School District No. 25 in said county, and that hereafter said land be and constitute a part of said School District No. 25.

Dated July 7th, 1930.

Chairman of Board of County Commissioners

Attest: Al P Erickson

County Auditor

Minneapolis, Minn., Monday July 14th 1930.

HENNEPIN COUNTY, MINNESOTA.

The Board of County Commissioners of the County of Hennepin met at the Court House in the City of Minneapolis at 10 o'clock A. M., pursuant to adjournment.

Members all present.

The Board proceeded to open bids for a tract index of all lands within the County of Hennepin submitted by the following bidders:

To the Board of County Commissioners,
County of Hennepin, State of Minnesota.
Gentlemen:

Whereas, The Minneapolis Abstract Corporation has prepared a tract index of lands in Hennepin County covering transfers recorded subsequent to January 1, 1924, and,

Whereas, It is the intention of said company to continue the compilation of the tract index to include all transfers recorded in Hennepin County affecting lands located therein, and,

Whereas, It appears that it is the intention of the Board of County Commissioners to acquire by purchase or the construction thereof a tract index for the use of the Office of the Register of Deeds of Hennepin County, and,

Whereas, Construction of two such tract indexes at the same time appears to be a duplication of effort and expense, and,

Whereas, It is the opinion of the Minneapolis Abstract Corporation that the tract index proposed to be prepared under the specifications heretofore prepared and upon which bids have been invited cannot be completed within the amount appropriated but will cost more than $500,000 to complete, and,

Whereas, The Register of Deeds disclosed at a recent meeting of the Tract Index Committee of your Board that the plans and specifications and his estimates of costs and the period of time required to complete the work heretofore submitted to your Board was based on the advice of another person stated by Mr. Skog to be expert in the matter of construction of tract indexes who will be employed by the Register of Deeds to direct the work, and,

Whereas, It is the opinion of the Minneapolis Abstract Corporation that such an arrangement is equivalent to the employment of a person to undertake the performance of this contract free from the requirements of posting bonds to quarantee the completion of the contract or work within any time limit or within the amount appropriated, and,

Whereas, It is the desire of this company to provide a method for Hennepin

County to acquire a tract index at a cost well within the amount appropriated, the Minneapolis Abstract Corporation offers to grant to the Board of County Commissioners of Hennepin County, Minnesota an option upon substantially the terms hereinafter set forth to acquire a complete copy of the tract index employed by the Minneapolis Abstract Corporation for the consideration hereinafter set forth, plus the cost of books and materials required for this purpose and plus the cost of clerical labor, all to be furnished by this company or by the County under such supervision of this company as they think necessary to insure an accurate copy and the preservation of their books, the work to be done without undue interference with the conduct of the business of this company.

In the event of the acceptance of this option county employees may secure from our records such information as may be desired for county business except information desired for the purpose of furnishing of abstract of titles or to be used in place of abstracts or extension of abstracts.

The compensation to be paid to this company for records included within the following periods of time shall be as follows:

1926 to 1930 inc. - - - - - - - - - - - - $4000
1921 to 1925 " - - - - - - - - - - - - - 4000.

1847 to 1860 " - - - - - - - - - - - - - 4000.
1831 on, $800 a year.

It is understood that such an option shall be a prior claim or lien upon the tract index of this company, shall be non-cancellable on the part of the company and that any sale or transfer of stock of this corporation shall be subject to the option. It is also understood that the county shall be in no way bound under the option. It is to be understood also that in the event of the exercise of such option for any portion of the schedule herein contained the county shall be obligated to accept and pay for a complete copy of the entire tract index prepared or to be prepared by this company, except in the event that this company does not continue in business, when such obligation shall extend only to the purchase of the copy of such tract index as may then have been prepared by the company, and provided further that this company shall not be bound to complete such tract index in full but merely to furnish such index for the

preparation of a copy of such portion as it may have completed.

Respectfully submitted,

Board of County Commissioners,
Hennepin County,
Court House,
Minneapolis, Minnesota.

Gentlemen:

Pursuant to your advertisement for bids for the construction or purchase of a County tract index, we desire to submit a bid with two alternative bids

We are, therefore, enclosing herewith a certified check in the sum of Twenty-seven Thousand Five Hundred ($27,500.00) Dollars, payable to the County of Hennepin, State of Minnesota, which check is 5% of our largest bid. In view of the fact that our three proposals are strictly alternative, we are enclosing this one check, as upon the advice of Mr. Frank Williams, County Attorney, it will be legal for us to submit the one check and have it apply on each of the alternative bids.

Our original bid is for the building of a tract index upon the specifications submitted by Mr. Williams and which specifications are now on file with the County Auditor. The time for the completion of such a tract index, under our original bid, to be three years and six months from the date of notification, in writing, of the acceptance of our bid, space to be furnished in the Court House for sixty-five employees, at no expense to us, reservation of the right to copy such information as may be required from books or records of this company at our office and a comparison of such information with our original slips to be deemed a compliance with the requirements of your specifications; all work on such tract index to be performed either at the Court House or at our

office as we deem fit; otherwise specifications to stand as drawn. Our bid for this service to be the sum of Five Hundred Fifty Thousand ($550,000.00) Dollars; payments to be made under this Contract at the rate of Fifteen Thousand ($15,000.00) Dollars for every thirty day period of work by the Company, by the County of Hennepin to the Company, up to and including the time of delivery of said books to the County, and the final payment, being the balance due under the sum bid, to be made to the Company upon delivery to the County at the completion of the set of books.

First Alternative Bid: In the event of the foregoing bid not being accepted, we hereby submit as an alternative proposition the following:

To sell and deliver to the County of Hennepin the set or tract indexes commonly known as the Albee and Cooley set, completed down to 1910, in present condition, supplemented by the books known as the Hennepin County Abstract Company tract index, from 1908 down to and including a date not more than one week prior to delivery of said books. This delivery to be made at any time within six months of the date of formal acceptance of this bid, provided that notice of such acceptance shall constitute the date of acceptance; such notice to be in the form of a letter delivered to the office of this Company and signed by such officers of the County of Hennepin as your Board may direct. The books to be delivered to you in the condition in which the Hennepin County Abstract Company used them, and to be completed and compared by competent abstractors and posters from the date of their discontinuance to the period, of not to exceed one week, prior to delivery to the Register of DeeDs Office. The price for this service, and for these books, to be One Hundred ThOusand ($100,000.00) Dollars; 50% of this price to be paid upon the delivery of the Albee and Cooley books to the Register of Deeds Office and the remaining 50% when the Hennepin County Books, completed as heretofore specified, are delivered to the Register of Deeds.

Second Alternative Bid: In the event of each of the foregoing bids, or proposals, being rejected by you, then we desire to submit as our second alternative bid the right of the County of Hennepin to copy such information from the presently owned books of this Company as may be necessary to constitute a statutory tract index. This Company to furnish you for your work of copying, the present Merrill Abstract Corporation books (so-called) for the period up to and including the first of April 1929. From the period from April 1st, 1929 to such date as you may require, the Company agrees to furnish you slips containing all necessary information for your use. All slips and books to be returned to this Company within one year from the time they are furnished to you, or your appointed representative. As an additional option the Company agrees to allow you, during the hours from five p. m. up to and including seven a. m. exclusive of Sundays and holidays, the right to inspect or copy necessary information from the set of books now in use by this Company. The Company reserves the right, however, to direct the use of the books and to demand damages for any careless or negligent handling of its books by your employees during the time of their use under this proposal. The Company further agrees to furnish, during such time as you may employ in excess of fifteen people for the purpose of so copying the

books, a supervisor to supervise, aid and direct your employees. The salary of such supervisor to be paid by the Company. All space necessary for the housing of employees in the copying of such books, all materials, supplies, including stationery, books, typewriters, pens, inks, etc. to be paid for by the County, in addition to the sum hereinafter noted. All salaries of any employees engaged in the performance of the labor necessary or incident to the copying of such books, save and except the salary of the supervisor hereinbefore noted, to be paid by the County. All work in the copying of these books and records, to be completed within the period of three years from the date of acceptance, in writing, of this proposal. The fee to be charged by the Company for the use of its books and for the furnishing of the supervisor to be in the sum of $40,000.00 for all records on file prior to January 1st, 1931, and for any records covering any year or fraction of year thereafter, the sum of $800.00 per year or fraction thereof. It being understood that this alternative bid is being made merely for the benefit of the County of Hennepin and that the records so submitted for copying are in no manner to be considered public records while being used for copying, and that no individual, firm, or organization to have access to said books while being used for copying, or be given copies of any records made from said books.

In the event of our failure to perform under original bid or under alternative "one" within the specified time for completion, we agree to forfeit to the County of Hennepin for each and every day of the period specified, the sum of $25.00 as liquidated damages until complete delivery is made.

In further support of our authority and bid, we are enclosing herewith certified copy of Resolution passed by the Board of Directors of this Company authorizing the original bid and the two alternatives hereinbefore mentioned.

This bid to remain open for the period of sixty days from and after July 14th, 1930, and no longer.

To the Honorable Board of County Commissioners:

Gentlemen: Your standing Committee of the Whole to whom was referred the matter of installing a tract index in the Office of the Register of Deeds has given the same careful consideration, and begs leave to report as follows:

Whereas, By Chapter 227 Laws of 1929 the Legislature authorized the issuance and sale of the bonds of Hennepin County in the sum of One Hundred Thousand Dollars ($100,000) for the purpose of enabling the County to procure a tract index of lands in said County, and

Whereas, The Bonds of Hennepin County in that amount have been sold for that purpose, and

Whereas, This Board has advertised for bids for a tract index, and whereas bids have been received which ran as high as Five Hundred Fifty Thousand Dollars ($550,000.oo) for this work, which bids were greatly in excess of what this Board deems to be the reasonable cost thereof, and

Whereas, the making of a proper tract index of Hennepin County property at a fair cost is a matter of considerable importance to the people of Hennepin County, and whereas under existing circumstances, this Board feels that it needs expert advice in the matter of compiling such tract index and an accurate estimate of its proper cost;

IT IS THEREFORE RECOMMENDED that A. W. Skog, Register of Deeds, be authorized to employ Newell A. Garner, an expert in the compilation of tract index and abstract plats for the purpose of compiling from the records in the Office of the Register of Deeds data from which to make and furnish to this Board a true and accurate estimate of the cost of compiling such tract index.

The salary of said Newell A. Garner to be fixed at the sum of Twenty-five Dollars ($25.oo) per day and the total expense of compiling the data and making the

estimate not to exceed the sum of One Thousand Dollars ($1,000.00) including salary, all to be paid out of the Register of Deeds' Fund. Said survey to be completed by Sept. 1st, 1930.

Respectfully submitted,

Honorable Board of County Commissioners,
Hennepin County, Minn.
Gentlemen:

In connection with the Resolution passed by your Board on Thursday,

October 9th, 1930, wherein the Register of Deeds is authorized to compile a Statutory Tract Index of all lands in the County of Hennepin, State of Minnesota, at an estimated cost of $100,000.00, I wish to advise that I have made a careful study of our former proposals and I am absolutely satisfied that by modifying various portions of our plan of operations such Index can be completed up to this time, using suitable paper for preservation of Take Off Slips with an expenditure of not to exceed the amount provided in your Resolution.

I must advise however, this estimate is for compilation up to the date actual work is commenced. Then a cut-off date should be established when an additional fee will be charged on all instruments filed thereafter. In other words, the cost of maintaining the Tract Index from the cut-off date will be covered by the increased fee to be charged under the Statutes and does not become an expense to be paid out of the Tract Index Fund. The Tract Index, therefore, is self sustaining and the cost of maintenance is actually repaid to the County by the recording public.

Section 877 Revised Statutes 1923 provides for this fee and I submit here paragraph from Attorney General's opinion on the subject.

It is as follows:

"I am therefore of the opinion that the Register of Deeds should receive as his fee for <u>maintaining the tract index books</u> of the county ten cents for the first description occuring in any instrument affecting real estate filed in his office, and two cents for each subsequent description occuring in such instrument."

It is here shown that an increase in revenue to the county will be effected in the minimum amount of ten cents per instrument and is supplied for the purpose of maintaining Tract Index books for the county.

In Hennepin County the number of instruments filed which will require the entering into Tract Index books have in the past five years averaged 64,220 annually. It is therefore imperative that the cut-off date be established and the additional fee charged, thereby retaining the Tract Index fund unincumbered for building purpose only.

I have called the Board's attention to the above matter so that it will clearly understand that the matter with which we are now dealing is the construction of a Tract Index to date and after all items of cost had been carefully and consistently considered, fully realizing my responsibility, I have already stated the cost of construction will not exceed $100,000.00.

The second point which I wish the Board to keep in mind, is, that hereafter the Tract Index will be self sustaining, in that the expense of maintenance and continuation will be cared for by additional fee charged at the time of filing instruments for record, which fee will increase the county general

revenue fund sufficiently to provide clerk hire for daily take-off and entering into Tract Index.

We cannot take this clerk hire from the Tract Index fund and at the same time make the additional statutory charge for entering into the Tract Index.

Your very truly,

A. W. Skog
Register of Deeds.

State of Minnesota,)
:
County of Hennepin.)

At a meeting of the County Board of Hennepin County, State of Minnesota,

held on the 3rd day of Nov. 1930, the petition of Paul Baldy, asking that his land described in said petition be set off from School District No. 82 to School District No. 126 in said county came on to be heard by said Board; and it having been made to appear to its satisfaction that notice of said hearing had been published, posted and served as required by law and its order, said Board, having heard all persons interested in said matter, both for and against, finds as follows:

That said petitioner is a freeholder and resident of said county; and that he owns land now in School District No. 82 in said county described as follows, to:wit:

The S. E. ¼ of the N. E. ¼ and N. E. ¼ of S. E. ¼ all of Section 20, Town 118, Range 24 and that said land adjoin School District No. 126 in said county.

That the reasons for setting off said land of petitioner are as follows to-wit:

That the dwelling of petitioner is situated on that portion of his said land situate in said school district No. 82 in which district the school house is three miles distant.

That petitioners children attend the school in District No. 126 for the reason that the distance to the School House in that District is only two and one half miles, being one-half mile nearer than the school house in District No. 82, and for the further reason that the roads are better kept open in winter than in District 82.

An additional reason why, petitioner seeks to set into District No. 126 is that the School Board in that district demands that he pay it tuition at the rate of ten dollars per month per pupil for such attendence. That said school districts adjoin and at the present time part of petitioner's land is situate in each district.

It is Therefore Determined and Ordered, That the said land of said petitioner as above described be, and the same hereby is set off from said School District No. 82 to said School District No. 126 in said county; and that hereafter said land be and constitute a part of said School District No. 126.
