Whereas: it appears that these patients could be cared for successfully by their relatives or that suitable arrangements could be made for their care in convalescent homes or other institutions;

Therefore be it Resolved, that a time limit be set on each certification for a period not to exceed 90 days and if at the end of said period, the patient certified will be in need of further treatment, it shall be necessary that new certification papers be made out and all Board Members shall concur in the certification; or in lieu of same, the County Physician of this County shall make an examination of the patient and further treatment be allowed upon his recommendation.

Commissioner Heffelfinger offered the following resolution:

Whereas, we the Board of County Commissioners welcome constructive advice concerning the administration of County affairs.

If any association of citizens will pay for a survey to be made by any reliable auditing concern or special investigator, we will gladly authorize a survey of all County Departments, including our own and ask to have ours checked first. We think the best time for advice and action is when the County Board of Tax Levy meets in August for the purpose of fixing the County tax rate.

It is the County Commissioners' intention to reduce the amount of expenditures in 1933 by an amount at least $60,000 below expenditures of 1932 and we hope to be able to make this reduction over $100,000.

In addition to reducing tax expenditures each year, we also take up approximately $400,000 in bonds, and as it is our policy to issue no new bonds, there is approximately $400,000 net reduction. If the present policy is continued, Hennepin County will in 1943 be one of the few large counties in the United States with no bonded debt. We therefore feel as if we are at least doing fairly satisfactcry service operating under present lines.

We know that no policy is perfect so we shall continue our attempt to improve the tax situation, and as we have been leaders in the past, we shall try to lead in the future.

The question was on the adoption of the resolution, and the roll being called there were: five yeas and no nays, as follows:
Alexander, yea Heffelfinger, yea Morse, yea Noot, yea Mr. Chairman, yea
