W. W. Heffelfinger offers the following resolution:

RESOLVED that the Chairman of the Hennepin County Board of Commissioners, A. R. Ferrin, is hereby authorized to try to fix .00685 as the rate that our Board requests for the year 1933, when the Hennepin County Board of Tax Levy meets on October 3rd, 1932.

If this Tax Levy Board makes this rate as suggested, then our new Board of County Commissioners will see that the amounts in present budgets are reduced approximately another $114,000. If .00685 is established, it will be a slight reduction from this year's rate of .0069, but with the assessable value of the County reduced over $16,000,000, it is the best that can be done and give efficient government.

As every member of the Hennepin County Board of County Commissioners backs the above statements, our chairman, A. R. Ferrin, is urged under no circumstances to accept a higher rate than the suggested rate of .00685.

Minneapolis, Minn., Friday July 1st, 1932.

Said estimates of cost were referred to the Committee on Roads and Bridges.

Whereas, a letter has been received from the Industrial Commission under date of August 22nd, 1932, advising that certain allotments of labor will be made to the several counties of this State for work to be done under the Federal Emergency Relief Act, and

Whereas, the Industrial Commission in requesting the several County Boards that they select the quotas alloted to each county had in mind that generally throughout the State the County Boards are the administrators of public relief in their several counties; and

Whereas, in this County public relief funds are not administered by the County Board but by the Boards of Public Relief of the municipalities, and

Whereas, a compliance with the terms of the Act of Congress will require a very careful check of the history of the applicants in regard to their requirements for relief, therefore

Be it Resolved, that the Board of Public Welfare of the City of Minneapolis be designated the agency of this County to make the selection of our quota through its employment bureau, and that a copy of this resolution, together with a copy of the letter of the Industrial Commission, be forwarded to the Board of Public Relief to that end, and be it

After due consideration of said rehearings and funeral expenses the Committee of the whole adjourned and Chairman Ferrin again called the Board to order.

Commissioner Heffelfinger offered the following resolution:

Resolved, That A. R. Ferrin, Chairman of the Board of County Commissioners of Hennepin County, is hereby authorized to try and fix a rate of .00685 mills as the rate the County Board requests for the year 1933, when the Hennepin County Board of Tax Levy meets October 3rd, 1932.

If the Tax Levy Board establishes this rate as suggested, then our Board of County Commissioners will see that the amounts in present budgets are reduced approximately another $114,000 if a rate of .00685 mills is established

It will be a slight reduction from this years rate of .0069 mills but with the assessable value of the County reduced over $16,000,000 it is the best that can be done and give efficient government.

As every member of the Hennepin County Board of County Commissioners backs the above statements, our Chairman A. R. Ferrin, is urged under no circumstances to accept a higher rate than the suggested rate of .00685 mills on the dollar of taxable property within the County of Hennepin.

The question was on the adoption of the resolution, and the roll being called there were: five yeas and no nays, as follows:

Alexander, yea Heffelfinger, yea Morse, yea Noot, yea Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Heffelfinger from the Committee on Ways and Means presented the following report.

To the Honorable Board of County Commissioners:
