DIVISION OF PUBLIC HEALTH

CITY HALL

F. E. HARRINGTON, M. D.
ASST. COLLABORATING EPIDEMIOLOGIST, U. S. P. H. S.
COMMISSIONER OF HEALTH DIRECTOR OF HYGIENE

November 6, 1933

The Honorable Board of County Commissioners,
Hennepin County,
Minneapolis, Minn.

Gentlemen:

Satisfactory evidence has been presented to me as Commissioner of Health of the City of Minneapolis that one Julius Rohweiller, a temporary patient in the Minneapolis General Hospital, is suffering with far advanced tuberculosis and is a menace to public health. This man has no Minneapolis address.

It is my desire to commit this man to Glen Lake Sanatorium with the consent and approval of the Superintendent there, under the provisions of Section 5383 of the General Laws of Minnesota.

To this end I have to request that this commitment be approved by the Board of County Commissioners so that this action may be taken at once.

This man was previously admitted to the State Sanatorium from Minneapolis as a State case, having residence at Fergus Falls.

Yours very truly,

(F. E. Harrington, M.D.)
Commissioner.

Gentlemen:

In regard to the claim of John Milless for damage to his crop of hay, you are advised that the Supreme Court held in the case of Newman vs St. Louis County, 145 Minn. 129, the county is liable for damages occasioned by negligently tending a fire under similar circumstances, so that it spread and damaged adjacent property.

Accordingly you are advised that if you are satisfied that the damage to Mr. Milless' crop was occasioned in the manner set out in the letter of John McLean, patrolman, the county is liable. The claim, however, should set out the facts more fully.

Very truly yours,

Frank J. Williams

Assistant County Attorney.

MINNEAPOLIS GENERAL HOSPITAL

CHAS. E. REMY, M. D.
SUPERINTENDENT

November 3, 1933.

Mr. Arthur F. Noot, Pres.
Board of County Commissioners
110 Courthouse
Minneapolis, Minnesota

My dear Mr. Noot:

A survey that General Hospital is now making of patients hospitalized during the past year, who were recipients of public relief, has disclosed the fact that some patients sent to our hospital from the Hennepin County Home were not residents of Minneapolis. As the records of the Hennepin County Home have information in regard to the residence of its inmates and in regard to the communities responsible for payment for the care of its inmates, we can not understand why persons, clearly cases for the Minnesota General Hospital, are sent to the Minneapolis General Hospital.

Our financial investigator, who has discussed the matter with Mr. Ecklund of the Hennepin County Home and with Mr. Benninghoff of the County Commissioners office, reports that some misunderstanding appears to exist in regard to the rules for eligibility of inmates of the Hennepin County Home to the Minneapolis General Hospital. As our survey has brought up the issue, we feel that this is the opportune time to clear up this misunderstanding.

The patients that we referred to above are Alfred Johnson of Golden Valley and Joseph Volejnick of St. Louis Park. Mr. Johnson was brought to our hospital from the Hennepin County Home on February 24, 1932 and remained here until he died on July 24, 1933. Mr. Volejnick was brought here on September 15, 1932 and remained here until September 19, 1932. On September 23, 1932 he was again brought to our hospital from the Hennepin County Home and is still here. We wish arrangements to be made for payment for care of these two patients and for the transfer of Mr. Volejnick to the Minnesota General Hospital.

In the future we ask that the Minneapolis Department of Relief number be given with the name of every inmate of Hennepin County Home who is to be transferred to our hospital. This will insure admission to Minneapolis General Hospital only to such inmates of the Hennepin County Home who are residents of Minneapolis.

Your co-operation with our effort to enforce the rules for admission to our hospital will be appreciated.

DSS:MHW

Sincerely yours,

Donald S. Smith

Asst. Superintendent

Commissioner Ferrin offered the following resolution:

WHEREAS, The City Council and other City Departments have reduced their budgets to a degree where they could absorb the rise or more in state taxes, thus enabling the Board of Estimate and Taxation to establish a rate for the combined State, County and City of 74.61 mills.

It is hereby resolved that we ask Al. P. Erickson, County Auditor, to reduce the County rate for 1934 to 6.74 mills if it legally can be done; 6.80 was the rate for 1933.

The amount necessary to make this rate we now authorize Al. P. Erickson to deduct from the Road & Bridge account, a fund that the County Board absolutely controls. This would reduce the combined rates of 74.61 mills to 74.55 mills. This means a levy on all the taxable property of the County of Hennepin for County purposes for the year 1934 in the sum of $2,999,000.

By the above resolution, no other budgets are jeopardized in any way, nor is any taxpayer's interests jeopardized, so no one can object to such a cut except our Board and we authorized it. We are taking this cut to give a suffering tax constituency hope for a better future, and because lowering of Minneapolis total tax rate will advertise that new industries can locate here without being taxed to death. New business means new construction; thus furnishing employment to the building trades which is one of the greatest problems of the future. Such methods also give confidence to existing business and confidence and optimism are the great necessities of today.

It is also resolved that we ask every delinquent taxpayer to at once adjust his tax difference with City Assessor Could and pay up at once if they possibly can do so.

If the officials of the City and County do their best, the delinquent taxpayers must assist in every way possible to back said officials up.

The question was on the adoption of the resolution, and the roll being called there were: five Yeas and no Nays, as follows:

WHEREAS an error occured in the amount of said levy in the sum of $716,600, said sum being the estimated amount to be received from sources other than the current tax levy during the year 1934,

Be It Resolved, that the resolution adopted by this Board under date of October 6th, 1933, be amended and that the amount of the said levy be fixed in the sum of $2,273,400.

We will not ask the taxpayers for more money to run the County Government for 1934 than we asked for in 1933.

Whereas: the county finances may be exhausted before the year is ended, caused by delinquencies in tax payments which are fast creating an emergency; and

Whereas: good business judgment does not justify the overdrawing of budgets nor running expenses to a point that when warrants are issued for said expense, they will have to be marked "No Funds" by the County Treasurer and the

holder of said warrant forced to wait for payment until the following year thus jeopardizing the next year's funds; and

Whereas: Department heads should meet the situation either by voluntary contributions themselves and their employees, or by reduction in the number of their employees; and

Whereas: So many people are now out of employment, it has not been suggested before and only now with regret, however I do not see how department heads can help reducing the force if their employees refuse to work with them, and there is no question that one or more can be spared in every department if extreme necessity occurs; and

Whereas: The County Commissioners are bound by oath to protect the interests of all the people, we shall try to see that every lawful plan or method is tried out to meet the emergencies and the Commissioners will use every expediency in their power to keep expenses down. We will, under no circumstances take up the burdens of any department head. In other words, they must render the conduct of their office for approval to the people who elected them; and

Whereas: County Auditor Al. P. Erickson, presents a monthly statement to this Board showing the condition of the subdivisions of the County Revenue Fund at the close of business on the last day of the previous month;

Therefore be it Resolved: that every County Department Head be informed at the end of each month in writing, the amount of his expenses for said month and that he be given the amount of his unexpended budget balance so that no department head can say he was not informed.

Be it Further Resolved: that we promise each and every department our best auspices and will render any service that our oath as Public Servants allows us to make, and it is hoped the worst has taken place and that there will be no heavier financial problems to meet later in the fall.

The question was on the adoption of the resolution, and the roll being called there were: four yeas and no nays, as follows:
Alexander, absent Ferrin, yea Heffelfinger, yea Morse, yea Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Heffelfinger from the Committee on Ways and Means presented the following report.

To the Honorable Board of County Commissioners;

Gentlemen: Your Standing Committee on Ways and Means to whom was referred the matter of the condition of the County Revenue Fund of the County of Hennepin, Minnesota, has given the same careful consideration, and begs leave to report as follows:

That the County Revenue Fund of the County of Hennepin is approaching a crisis, and it is the duty of the County Board to assist in meeting the issue. Under date of January 3rd, 1933 this Board adopted a resolution authorizing Judge of Probate, Manley L. Fosseen, to employ Royal Zimmer and Rosa Stadem, as additional clerks; said clerks to be subject to change of salary or removal at any time by this Board. In the interest of economy your committee recommends that the said clerks be removed at the close of business May 6th, 1933.

Respectfully submitted,

W. W. Heffelfinger A. R. Ferrin

To the Honorable Board of County Commissioners:

Gentlemen: Your Standing Committee on Ways and Means to whom was referred the matter of the condition of the County Revenue Fund of the County of Hennepin, Minnesota, has given the same careful consideration, and begs leave to report as follows:

That the County Revenue Fund of the said County is approaching a crisis, and it is the duty of the Hennepin County Board to assist in meeting the issue. Under date of January 9th, 1933, this Board adopted a resolution authorizing County Surveyor, John W. Shaffer, to employ Howard W. Perkins, instrument man and Paul Newstrom, Draftsman, said office help to be paid on pay-rolls to be presented to this Board.

In the interest of economy, your Committee recommends: that the authorization for the employment of the said Perkins and Newstrom be terminated effective at the close of business May 6th, 1933.

Resolved, That the report of the Committee be accepted and adopted.

The question was on the adoption of the resolution, and the roll being called there were: four yeas and no nays, as follows:

Alexander, absent Ferrin, yea Heffelfinger, yea Morse, yea Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Heffelfinger from the Committee on Ways and Means presented the following report.

To the Honorable Board of County Commissioners:

Gentlemen: Your Standing Committee on Ways and Means to whom was referred the matter of balancing the budget, has given the same careful consideration, and begs leave to report as follows:

Whereas: The tax-payers are seriously handicapped in securing funds with which to pay taxes for the upkeep and operation of the different units of government, the largest amount of which goes for salaries and wages to public officials and employes, many of whom have taken a cut or made a voluntary donation in order to try to balance the public budget. Most of these have met the situation without complaint, starting in Washington from the president down to the State, County and City, with the exception of a few agitators whose usefulness around the Court House is somewhat questionable.

Considering that the working hours at the Court House are from 8:30 to 5 p. m. with from an hour to an hour and a half off for lunch and only three and one-half hours work on Saturdays; with two weeks vacation and two weeks sick-leave each year at full pay; and with offices closed on all legal holidays; with eleven District Court rooms and four employes in each drawing full pay while court is closed for about three months each summer, it appears that those in the Court House have been quite well treated, and

Whereas: We believe that the time has arrived, when the tax spenders should assume their share of the burden. We very much regret to report that the employees in two County Departments refuse to assume their share and fail to co-operate in the voluntary contributions, namely, the County Surveyor's Office and the Probate Court.

Following is a copy of the pay-roll of the Office of the Probate Court positions and salaries authorized by law:

		Per Month
James G. Kehoe	Referee	$300.00
Ernest P. Lorenz	Clerk	300.00

Mildred Foss	Special Clerk	150.00
Marion W. Holt	Ct. Clerk	146.68
Hazel Johnson	Gn. Clerk	137.50

Josephine Lorentz	Clerk	137.50 per month
Gertrude Swanson	"	137.50 " "

County Surveyor's Pay Roll:

John W. Shaffer Co.	Surveyor	$250.00 per month
Henry Cummings	Deputy	135.00 " "
Margaret E. Lockhart	Clerk	90.00 " "

We believe while thousands of home owners are without employment or funds with which to pay taxes, while school teachers, regular city employees and laborers have taken a cut, County Officials and Employees should not complain if called upon to make a viluntary contribution.

Therefore be it Resolved, that at this time we publicly thank the officials and employes of the following County Departments:

Attorney Auditor Book Repair Child Welfare Clerk District Court Coroner County Farm County Farm Bureau District Court Home School for Boys Home School for Girls Juvenile County Aid Old Age Pension Court Commissioner Probation Officers Public Health Nurses Register of Deeds Road and Bridge Dept. Sheriff Glen Lake Sanatorium Treasurer

Who so generously contributed a per-centage of their salary in order to help balance the County Budget.

Be it Further Resolved that a copy of this report be sent to the Departments listed herein.

Respectfully submitted,

W. W. Heffelfinger A. R. Ferrin

To the Honorable Board of County Commissioners:

Gentlemen: Your Standing Committee of the Whole to whom was referred the matter of County Finances for the year 1933, has given the same careful consider ation, and begs leave to report as follows:

We hereby make the following statement of facts so that our Board of County Commissioners may not be put in the wrong light before the voters of this County.

We have always been ready to stand on our record of achievement as shown by our actions for economy and efficient government.

We still stand by those ideals which are for the best interssts of all the people of this community.

As the monies received from taxes so far this year show that tax payments may not even be so good as for the year 1932, it behooves every department head in the county to get his department in such shape that he can run on the money he receives as his share of tax receipts.

He must prepare his program for the balance of the year in such manner that he will be able to meet the situation, whatever decision is handed down by the Courts with reference to past salary reductions or contributions. Such contributions, we believe, were cheerfully made by practically all employees of the county, including department heads, and were made in order to prevent the laying-off of necessary employees, either permanently or by forced vacations without pay.

With the present condition of the County Treasury, department heads must readjust their programs and must live within the amounts that can be set aside for their use on a basis of the trend of collections. This means either less personnel or payless vacations, or some other scheme of operation that will have to be worked out by each department.

We have no authority to handle this situation, nor have we ever claimed to have such authority. Each department head will have to go to the voters on his own record of achievement for approval or disapproval. We are pleased to say that almost without exception, county department heads are efficient and are doing their best to meet the present serious situation.

In conclusion, we will say that the Board of County Commissioners have jurisdiction over eight departments. For these we will take either the credit or odium that may attach because of the results obtained.

We are willing to go before the voters on the operation record of these departments.

We will see that they are operated economically and efficiently in the future, as in the past, because we know that such policies are the best for all concerned.

Respectfully submitted,

W. W. Heffelfinger Chairman

A. R. Ferrin

G. W. Alexander
