Gentlemen: Your Standing Committee of the whole to whom was referred the matter of County Finances has given the same careful consideration, and begs leave to report as follows:

As the contributions by employees was questionable, according to the recent court decision even if every employee of a department acquiesced, it is now the duty of every department head to run his department with the least help possible that can give efficient service.

We therefore wish to call the attention to each department that the cash situation of Hennepin County is serious and that the delinquent taxes for the first six months of this year are far beyond what any of the officials of this County looked for.

Every department head must give the closest cooperation so that Hennepin County's Credit does not suffer and our Board asks for this cooperation.

Resolved, That we the Board of County Commissioners of the County of Hennepin, Minn., do hereby consent to the assignment of salary of W. W. Heffelfinger for a period of sixty days, dating from and after Sept. 1st, 1933.

The question was on the adoption of the resolution, and the roll being called there were: four yeas and no nays, as follows:

Alexander, yea Ferrin, yea Morse, yea Noot, absent Mr. Vice Chairman, yea

And so the resolution was adopted.

Commissioner Ferrin offered the following resolution:

Whereas, the financial status of Hennepin County, as disclosed by the present cash balance and the payment of taxes to date, definitely indicate an overdraft at the end of the fiscal year; and

Whereas, the only method by which this overdraft can be reduced or avoided is by the elimination of some of the expenditures contemplated in the original appropriations set up for the various departments for the year 1933;

Therefore, Be it Resolved, That the County Board do its part by ordering an additional $39,920 of the Road and Bridge Appropriation not expended, subject to further restrictions should conditions make it necessary. This amount, together with the restriction imposed by resolution of July 3, 1933, now makes a total of $50,000 that will not be expended of the 1933 Road and Bridge Appropriation.

Alexander, yea Ferrin, yea Morse, yea Noot, absent Mr. Vice Chairman, yea

Whereas the said highway engineer repaired said bridge by day labor

Be it Resolved, that the acts of the said highway engineer be approved in the matter of repairing said bridge, putting the same in a safe condition for the passage of boats through said bridge and for the travelling public over said bridge,

Be it Further Resolved, that the following material claims be allowed Thompson Lumber Company $492.48 Red Diamond Lumber Company $268.16.

The question was on the adoption of the resolution, and the roll being called there were: four yeas and no nays, as follows:

Alexander, yea Ferrin, yea Morse, yea Noot, absent Mr. Vice Chairman, yea

And so the resolution was adopted.

Commissioner Heffelfinger offered the following resolution:

Whereas, We are sorry to inform you that the time for action has arrived and it is up to you and your employees who we understand have offered to assist your department in a financial way.

The County of Hennepin is financially embarrassed on account of shortage of cash in the County Treasury, and not later than October 15, 1933 and probably on September 15, 1933 the County Treasurer will be obliged to mark across the face of warrants when presented "cannot pay on account of no funds on hand".

In order to assist this situation, the County Auditor and County Treasurer working with our Board, have just borrowed all the money we can with safety borrow under the law. So the cold facts have to be met and we wish to advise you that the following departments under our supervision whose expenses we control, will cut off at least $50,000 from their 1933 budgets; namely Book Repair, Child Welfare, Commissioners, Lake Improvement, Nurses, Poor Farm and Road & Bridge Departments. Other County Departments (of which you are one) figuring on any kind of a fair basis should cut from their budgets at least $100,000 more.

The question is, "What will your Department do"

And if you were spending your own money, would you reduce personnel and arrange with balance of your force to take payless vacations, or would you take both courses in times of distress like the present.

The public who are paying our expenses expect you to run as economically as possible. We will endeavor not to dissapoint them in handling departments under our official body.

We suggested a way last year knowing what was coming, but some officials and employees evidently did not approve of this suggestion so they brought court action; won and aided in bringing about the present financial crisis, and now we must all work together if we expect to work out satisfactorily.

Be it Further Resolved, that a copy of this resolution be forwarded to each County Department.

The question was on the adoption of the resolution, and the roll being called there were: three yeas and one nays, as follows:

Alexander, nay Ferrin, yea Morse, yea Noot, absent Mr. Vice Chairman, yea

Arthur D. Noot

Chairman of Board of County Commissioners

Attest: A. P. Erickson

County Auditor

Minneapolis, Minn., Friday October 6th, 1933

HENNEPIN COUNTY, MINNESOTA.

The Board of County Commissioners of the County of Hennepin met in the Court House in the City of Minneapolis at 10 o'clock A. M., pursuant to adjournment.

Members all present.

Commissioner Ferrin offered the following resolution:

Whereas, The City Council and other City Departments have reduced their budgets to a degree where they could absorb the rise or more in state taxes, thus enabling the Board of Estimate and Taxation to establish a rate for the combined State, County and City of 74.61 mills.

It is hereby resolved that we ask Al. P. Erickson, County Auditor, to reduce the County rate for 1934 to 6.74 mills if it legally can be done; 6.80 was the rate for 1933.

The amount necessary to make this rate we now authorize Al. P. Erickson to deduct from the Road & Bridge Account, a fund that the County Board absolute ly controls.

This would reduce the combined rates of 74.61 mills to 74.55 mills.

This means a levy on all the taxable property of the County of Hennepin for County purposes for the year 1934 in the sum of $2,990,000

By the above resolution, no other budgets are jeopardized in any way, nor is any tax-payer's interests jeopardized, so no one can object to such a cut except our Board and we authorized it.

We are taking this cut to give a suffering tax constituency hope for a better future, and because lowering of Minneapolis total tax rate will advertise that new industries can locate here without being taxed to death. New business means new construction; thus furnishing employment to the build-ing trades which is one of the greatest problems of the future.

Such methods also give confidence to existing business and confidence and optimism are the great necessities of today.

It is also resolved that we ask every delinquent tax-payer to at once adjust his tax difference with City Assessor Gould and pay up at once if they possibly can do so.

If the officials of the City and County do their best, the delinquent tax-payers must assist in every way possible to back said officials up.

The question was on the adoption of the resolution, and the roll being called there were five yeas and no nays, as follows:

Alexander, yea Ferrin, yea Heffelfinger, yea Morse, yea Mr. Chairman, yea

And so the resolution was adopted.

HENNEPIN COUNTY, MINNESOTA.

A delegation from the Village of Hopkins representing property owners on the main street in said Village addressed the Board briefly, requesting their assistance in the matter of obtaining a reimbursement for paving on the main street of said village in the sum of $14,000.00 asking the County Board to arrange a conference between a representative of the County Board, Assistant County Attorney Frank J. Williams and the State Highway Department and the above mentioned committee for the purpose of arriving at a method whereby the above mentioned reimbursement to said Village may be obtained.

It was moved, seconded and carried that County Commissioner Morse and Assistant County Attorney Frank J. Williams should represent the County Board at a meeting to be held between the proper representatives of the Village of Hopkins and the State Highway Department and that the said Commissioner Morse and Assistant County Attorney Frank J. Williams report back to this Board their findings in the above mentioned matter.

On motion the Board adjourned until Monday, October 9th, 1933, at 10 o'clock A. M.

Whereas, the tax situation has become such that the operation of public service is handicapped for lack of funds, and

Whereas, the taxpayers find themselves in a position through lack of income on account of unemployment and poor business whereby many of them cannot pay their taxes, and

Whereas, some effort has been made to secure funds from the United States Government for the purpose of erecting a dormitory at the University of Minnesota, which in our judgment will bring about more competition with business establishments and rooming houses that are struggling to meet their tax payments,

Therefore be it Resolved, that this Board go on record as opposed to the erection of any more dormitories or other business at the University of Minnesota, that will enter into competition with private business at this time.

Attest: A. P. Erickson

County Auditor

Minneapolis, Minn., Wednesday November 15th, 1933.

HENNEPIN COUNTY, MINNESOTA.

The Board of County Commissioners of the County of Hennepin met in the Court House in the City of Minneapolis at 9:45 o'clock A. M., pursuant to adjournment.

Said communication was read and referred to the Committee on Public Grounds & Buildings.

Commissioner Heffelfinger offered the following resolution:

Be it Resolved: that the following telegram be sent to J. H. McDonalds, Head of Bureau of Public Works, Harry L. Hopkins, Civil Works Administration, and Mayor A. G. Bainbridge, Washington, D. C.

"If you can furnish the money without us ever being called on for re-payment, Hennepin County can put one thousand men to work at fifty-five cents per hour, five days a week, seven hours per day and keep said force at work at least six months. This force will work with pick and shovel and the only machinery used will be trucks hired if possible from individual owners. Half of the workers could be taken off the relief; the balance, from men who soon would be on relief, and at least 10% of employees would be ex-soldiers.

All supervision and engineering would be furnished by Hennepin County.

We would wish to keep supervision of the work but any other changes in the above program, this Board would sanction, that allows money to be spent in our County.

If Minneapolis has money coming which would furnish employment to building trades, we suggest that said money be turned over to the school board with instructions that it could only be used for school repairs and betterments.

We also endorse the Armory Project and the new Twin City Sewerage Disposal System and we endorse a $500,000 City Public Safety Building if the goverment can furnish the money to a city who has no money available except

for relief purposes."

Township Form

In the Matter of the Administration
of State Emergency Relief Funds
of
Rural Hennepin County

Whereas, The Governor of the State of Minnesota and the State Board of Control have allotted to the County of Rural Hennepin from funds made available to the State of Minnesota by the Federal Relief Administrator under the provisions of the Federal Emergency Relief Act of 1933 a grant for carrying on direct relief and / or work relief for the relief of destitution and hardship resulting from unemployment and other such causes within said County, and

Whereas, the administration of said appropriation for such relief work is subject to such rules and regulations as may be established from time to time by the Federal Relief Administrator and the State Board of Control as the State Welfare Agency; and

Whereas, the County of Hennepin is a county operating under the township system of poor relief with the responsibility for the support of the poor placed by law on the governing bodies of each city, village or township within said County of Hennepin, and there is consequently no single body or committee whose sole function is the care of the poor, and because it is apparent that the problem of caring for the poor has reached such proportions as to necessitate the creation of a committee whose sole responsibility shall be the administration of relief funds, and

Whereas, in the judgment of the Board, the acceptance of said relief funds and the administration of the same strictly in accordance with the Federal Emergency Relief Act of 1933, and the rules and regulations established by the Federal Relief Administrator and the State Board of Control of the State of Minnesota will be of great assistance to the political subdivisions of the County of Rural Hennepin in discharging their responsibility imposed by law for the care of the poor, and will result in benefit to the people of the County.

Now, Therefore, Be it Resolved, by the Board of County Commissioners of Hennepin County that the County of Rural Hennepin hereby accepts such allotment of Emergency Relief funds and any additional allotment of funds which may be made in the future and agrees to make every possible effort to persuade the local political subdivisions to contribute a maximum amount for the support of the poor and agrees to use and administer the same for the objects and purposes specified by the Act of Congress, the Federal Relief Administrator, the Governor and the State Board of Control of the State of Minnesota; and for the purpose of providing a suitable county-wide agency for the administration of said relief funds this Board hereby resolves that a Relief Committee consisting of seven

members be and hereby is designated and established to be known as the Emergency Relief Committee of Rural Hennepin County, with power and authority to carry out all of the orders, rules and regulations of the Federal Relief Administrator and the State Board of Control with reference to the administration of said funds within said County.

Said Relief Committee to consist of the following persons, to-wit: Arthur R. Ferrin, Minneapolis, County Commissioner Herbert A. Morse, Excelsior, County Commissioner G. W. Alexander, Minneapolis, Child Welfare Board William F. Kunze, Minneapolis, Child Welfare Board K. J. Flakne, St. Louis Park Village Mrs. Walter Madson, Mound and Mrs. Willis Endsley, Deephaven. All of said persons to serve as members of said Committee without compensation.

Be it Further Resolved, that said County Emergency Relief Committee shall have authority to supervise the expenditure of both Federal and City, Village or Township Funds as well as any State Funds which may be made available in the future.

Said County Emergency Relief Committee shall have authority in consultation with the State Board of Control to appoint such workers as may be approved by the State Board of Control to carry out the purposes of the County Emergency Relief Committee.

The principle paid employee of said County Emergency Relief Committee shall be known as the County Relief Worker and shall be directly responsible for the expenditure of all relief funds within said county. It is understood and agreed that the governing bodies of each city, village or township shall authorize and empower the said County Relief Worker to sign their city, village or township orders in order that the function of the County Emergency Relief Committee in administering all relief funds in the county and coordinating all relief activities may be more fully carried out, said orders to be limited to the purchase of food, fuel, clothing, shelter and necessary medical care in the home.

It is understood that the Board of County Commissioners can not require the individual governing bodies of each city, village and township within said county to authorize the County Relief Worker to sign relief orders drawn on city, village or township funds, and the preceding statement shall be considered as expressing the sentiment of the Board of County Commissioners and that such action by the governing bodies of the individual cities, villages and townships shall be a condition precedent to the expending of state and federal emergency relief funds by said County Emergency Relief Committee or County Relief Worker within the territorial boundaries of said political subdivision.

And be it Further Resolved that the Board of County Commissioners agree to provide a suitable office space, furniture and fixtures, typewriters, adding machines, postage, stationery, light, heat and telephone which may be necessary for the efficient operation of the County Emergency Relief Office,

And be it Further Resolved, that inasmuch as the State Board of Control cannot undertake to deal with the individual city, village and township governments,

the Board of County Commissioners agrees to obtain and submit to the County Emergency Relief Committee by the Fifth of each month from the governing body of each city, village and township within said county a monthly report of all poor relief expenditures, excluding those expenditures actually authorized by the County Relief Worker referred to in the above paragraph, on the form and in the manner prescribed by the Minnesota State Board of Control. Failure on the part of the Board of County Commissioners to furnish said report shall be considered as a lack of co-operation on the part of said Board and evidence of such nature as to justify withholding additional funds on the ground of lack of proper support and co-operation on the part of the Board of County Commissioners,

And be it Further Resolved that Al. P. Erickson, County Auditor, or other such person or persons as may be designated by the Governor of the State of Minnesota are hereby authorized to issue such orders or drafts upon said relief funds in such form as shall be prescribed by the State Board of Control and the Governor in the expenditure of such relief funds for any and all relief purposes as shall be first approved by the Emergency Relief Committee of Rural Hennepin County in accordance with the rules and regulations prescribed by the State Board of Control,

And Be it Further Resolved, that said relief committee shall have authority to perfect its own organization by the selection of a Chairman, vice-chairman and secretary,

And be it Further Resolved, that said Emergency Relief Committee shall have authority to carry on said relief work from such central office or offices in the county court house or other suitable place as deemed necessary and advisable,

And be it Further Resolved, that said Emergency Relief Committee shall have authority to carry on any and all activities leading to the coordination of the efforts of all relief agencies within said county.

And be it Further Resolved, that it is understood that Federal Funds are to be considered only as supplemental to local funds and that the Board of County Commissioners will exert their influence to assure a maximum poor levy by the cities, villages and townships within said county in order that they may more fully discharge their liability for the support of the poor and will do everything within their power to co-operate with said County Emergency Relief Committee and the State Board of Control to provide for the support and care of poor persons residing within said county,

It is Further Understood and agreed that the allotment of any funds to said County of Rural Hennepin shall in no way bind the Federal Relief Administrator or the State Board of Control to furnish additional funds to said

county.

Chairman, Board of County Commissioners

First- This plan aids the entire city instead of only a small vicinity.

Second- It aids the small individual householder.

Third- It will put more men to work quicker than any other plan suggested.

Fourth- It furnishes far more ample security to the Government for any funds advanced.

Fifth- It is a plan that benefits both labor and capital in a fair equitable manner and little liable to dispute.

Sixth- That local labor and material will be receiving a far larger proportion of any money expended, and

Seventh- All such monies will be expended under proper and ample safeguards and practically entirely through local channels, subject to Government approval as

the expenditures are made.

We recommend only as to relief measures, not financial.
