OF

HENNEPIN COUNTY

ROOM 410 COURT HOUSE

W. E. DUCKETT,
County Highway Engineer

Geneva 4341
4342

Minneapolis, Minn.,

June 9th, 1934.

To the Honorable Board of County Commissioners
of Hennepin County, Minnesota.

Gentlemen:

Referring to the request of the Northern Gas and Pipe Line Co. for permission to use the Long Meadow Bridge on Cedar Ave. to carry a sixteen inch pipe line across Long Meadow.

There are no objections on our part as far as the loading is concerned.

The weight will not be over 4.0 tons per span.

We will however want to see what method they intend to use in attaching the pipe line to the bridge.

In case they use the highway right of way it should be with the understanding that at anytime the pipe line interferes with the highway the company will move the pipe line without expense to the county.

Respectfully submitted,

W. E. Duckett

County Highway Engineer.

Hereby Resolved, that for the best interests of all, it is our opinion that each department budget for the year 1934, should be reduced six per cent, and as each

department head is responsible for the operation of his own department, he must work it out.

And so the public and other department heads may know what his decision is, he should publicly say what he intends to do, naming what amount he will reduce his budget to, and what amount he will turn back.

Be it Further Resolved; that our Road and Bridge Fund be reduced six per cent and that said reduction be transferred to the County Revenue Fund December 31, 1934. This cut is made, however on the distinct understanding that the total budget cuts in other departments will amount to at least $50,000 and that at least this amount is promised in writing to the Board of County Commissioners before March 1st, 1934.

All matters pertaining to old age pensions that had been presented to the Board this date were referred to the Committee of the Whole.

The Board took a recess and the Committee of the Whole proceeded to consider all matters that had been referred to said Committee this date.

The Committee on Licenses proceeded to consider all applications for licenses to sell non-intoxicating malt liquor that had been referred to said Committee this date.

After due consideration of the above mentioned matters the Committee adjourned and Chairman Noot again called the Board to order.

Commissioner Ferrin offered the following resolution:

Whereas, the Commissioner of Highways of the State of Minnesota is now considering marking with trunk highway markers certain roads in Hennepin County not a part of the trunk highway system as authorized by Article #16 of the State Constitution, or by Chapter #440, Laws of 1933, and indicating such markings on the maps of the Highway Department for general distribution.

Now, Therefore, Be it Resolved, that it is the understanding of the Board of County Commissioners of Hennepin County that any roads so marked are not a part of the trunk highway system and can not become such except by further legislative action.

The question was on the adoption of the resolution, and the roll being called there were four yeas and no nays, as follows:

Alexander, absent Ferrin, yea Heffelfinger, yea Morse, yea Mr. Chairman yea

And so the resolution was adopted.

Commissioner Ferrin from the Committee on Roads and Bridges presented the following report.

To the Honorable Board of County Commissioners:

Gentlemen: Your Standing Committee on Roads and Bridges to whom was referred the matter of services on sundry C. W. A. Projects within the County of Hennepin has given the same careful consideration, and begs leave to report as follows:

That: after Thursday evening, March 29th, the C. W. A. services will

be a thing of the past, we, the Board of County Commissioners of the County of Hennepin, wish to thank every one in the various departments of the United States, the State, the County and the City who had the overseeing and furnishing of the funds for this work and who have in an official way worked so diligently to make the County CWA work a success.

We especially wish to thank our own engineers, foremen, time-keepers and each and every individual worker in the ranks who have, in our opinion, rendered service in this trying winter work, and by their assistance, have helped us, the County Commissioners, to accomplish much in improving many highways. As we figure in a rough way, Hennepin County has accomplished at least $175,000 in work as computed on the most up-to-date machinery basis on a summer job, and for this work, the County contributed less than $50,000. From our standpoint representing the County, everything is satisfactory and we, on our part, have endeavored to treat every one fairly, and the work accomplished shows that it pays.

So we wish you one and all, good luck, and hope soon a twleve months' job will be the prize of each and every one of you.

Respectfully submitted,

A. R. Ferrin W. W. Heffelfinger

Whereas, the Farm-Labor party, in convention assembled, has proposed a platform of straight public ownership of a vast net work of industry and commerce, including public ownership of all mines; all water-power; all transportation; all communications; all banks, all packing plants, all factories except co-operatively owned and operated enterprises; all public utilities; the taking over of all insurance; the publishing by the state of all school text books;

And Whereas, it is the sense of the Board of Commissioners of Hennepin County that such a program would utterly destroy all fundemental principles of good government by and for the masses of the people, and would definitely

abolish the right of private initiative and smother the freedom of every citizen to work out his or her own destiny and salvation,
