WHEREAS, Provisions have been made in the Flood Control Act recently passed by Congress for the making of a survey of the lower Minnesota Valley to determine the need and possibility of flood prevention in that area; and

WHEREAS, The Minnesota River constitutes the _____ boundary of the Townships of _____ _____, all situate in said County of _____ and a large acreage of agricultural land in said Townships has been frequently over-flowed during periods of high water in the Minnesota River, and many of the highways situate within said Townships have been over-flowed and thereby rendered impassable and have been to a greater or lesser extent washed out and damaged at such times by reason of such high water; and

WHEREAS, It is highly desirable and necessary that all possible measures be taken to control such flood conditions and to do away so far as possible with the damage incident thereto; and

WHEREAS, The Lower Minnesota River Valley Flood Control Association has recently been formed at Mankato for the purpose of promoting a survey and study of the aforesaid situation and to work out plans for flood prevention in said area;

NOW THEREFORE, BE IT RESOLVED, By the Board of County Commissioners of _____, Minnesota, that it favors an immediate survey and study of the Lower Minnesota Valley for the purpose of devising ways and means to promote flood control in that area. That it approves and endorses the formation of said Lower Minnesota River Valley Flood Control Association and its purposes and objects. Board of County Commissioners,
Hennepin County,
Minneapolis, Minnesota.

Gentlemen:

The Flood Control Act, approved by Congress June 22, 1936, authorizes the Secretary of War to make a preliminary examination of the Minnesota River for the purpose of flood control. In this connection, a meeting was held at Mankato on Feb.1,1937, and the Lower Minnesota River Valley Flood Control Association was formed for the purpose of promoting such a survey and study and to cooperate in every way possible with the United States Engineer's Office at St. Paul in furnishing such information and data concerning flood conditions affecting this area in the past, the damage done to property and persons, and to give such counsel and advice as may be available with respect to the proper methods of controlling the situation.

Justification of any proposed improvement must rest on a clear demonstration that such improvement would produce benefits in excess of the cost involved. Since consideration of any improvement made by the War Dept. will be based largely on the statements of the interested parties such statements should contain up-to-date facts relative to the economic factors involved. In order that a comprehensive report and statement may be submitted to the office of the U.S.Engineer's the following items require your special attention.

1. Have the City, Town, Council or Board adopt the resolution mailed to them and return to this office at once with signatures.

2. Have as many of the Business Men's Organizations, Commercial Clubs etc. adopt similar resolutions and mail them direct to this office.

3. Gather and submit to this office as much information and data as possible concerning flood conditions in the past affecting this area. This report should cover damage done to (a) roads, bridges, sewers and other public works, (b) Manufacturing and Business enterprises, (c) over-flowing of lands and extent to which crops have been destroyed or damaged, (d) damage to private property, including flooding of basements, barns, buildings and similar damage.

4. Any and all further information you can gather pertaining to floods in your locality.

Please do this at once. It is imperative that our report reach the office of the U.S.Engineer at the earliest possible date.

~~RESOLVED~~,

WHEREAS, In the past the City of Minneapolis has made no provision for tax delinquency in its levies for reimbursement of old age pension payments made in its behalf by the County of Hennepin; and,

Whereas, such practice has made it impossible for the City to pay pension bills in full in the year when due, thereby creating unsatisfactory shortages in the County's income, and making it necessary to increase the County's general tax levies to take care of such nonpayments of claims due and payable;

NOW, THEREFORE, BE IT RESOLVED, That the Board of County Commissioners recommend to City authorities that a sufficient additional or increased levy be made for 1936 purposes by such city authorities to provide the funds necessary to pay in full all bills now due or to become due by the end of the year 1936; the additional levy required for this purpose being estimated at $98,973;

AND, BE IT FURTHER RESOLVED, That a copy of this resolution be filed with the City Clerk, together with a tabulation showing the basis upon which this estimated required levy was determined.

Chairman of Board of County Commissioners

Attest: A. P. Erickson

County Auditor

Minneapolis, Minn., Tuesday July 30th, 1935.

Chairman Heffelfinger appointed Commissioners Alexander and Ferrin, a committee to take up with the proper city officials the matter of payment by the City of Minneapolis of claims past due the County of Hennepin, for money paid out as old age pensions by the County of Hennepin.

County Auditor Al. P. Erickson presented the delinquent personal property tax list for the taxes for the year 1934, as presented to the said County Auditor by County Treasurer Henry Voegeli.

Said personal property delinquent tax list was referred to the Committee of the Whole.

Commissioner Youngdahl from the Committee on Taxes presented the following report.

HENNEPIN COUNTY, MINNESOTA.

To the Honorable Board of County Commissioners:

Gentlemen: Your Standing Committee on Taxes to whom was referred the matter of estimated shortage in current tax collection during the year 1936 has given the same careful consideration, and begs leave to report as follows:

The great majority of citizens and tax-payers believe in striving for a balanced budget.

Experience shows that an unbalanced budget runs into six per cent (6%) county warrants followed by long or short term bonds for which the tax-payers must shoulder an increasing interest payment burden.

In order to balance the budget for the coming year various anticipated shortages must be met and dealt with.

Experience proves that Hennepin County undoubtedly faces an estimated tax delinquency of seventeen per cent (17%) or $492,291.00 for the coming year.

This shortage cannot be met with moneys from out-side sources.

Under our budget set-up we must provide for this amount or face the above estimated shortage at the end of the year.

Be it Resolved therefore, that our representative on the Board of Tax Levy be instructed to work and vote to insert an amount of approximately $492,291.00 in the budget to balance the same as far as anticipated tax delinquencies are concerned.

Respectfully submitted,

Emil Youngdahl

Commissioner Alexander offered the following resolution:

Resolved, That the report of the committee be accepted and adopted.

The question was on the adoption of the resolution, and the roll being called there were: two yeas and three nays, as follows:

Alexander, yea Ferrin, nay Morse, nay Youngdahl, yea Mr. Chairman, nay

And so the resolution was not adopted.

Commissioner Ferrin offered the following resolution:

Whereas, under the Minnesota Laws there is considerable question whether anticipated delinquencies built on guesses can legally be assessed.

We used to put in such an item in our budget but quite a few years ago fearing the legality we cut it out.

But whether legal or not I wish to resolve that under the pressure Real Estate is now under, that it is a poor policy to put a dollar against any property

that we do not legally have to, and also believe that the higher the tax rate the more the delinquency rate will be.

So we do not get the money we want but just create trouble for the County and the tax payer.

Therefore, Be it Resolved, that the Board of Tax Levy be requested to approve and fix a rate of 9.10 mills for 1936 County purposes, that being the same rate as is in effect for 1935 purposes, and which rate will provide for $162,661.00 to take care of shortages on account of non-payment and delinquency in the 1936 current tax levy for county purposes.

The question was on the adoption of the resolution, and the roll being called there were: three yeas and two nays, as follows:

Alexander, nay Ferrin, yea Morse, yea Youngdahl, nay Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Morse from the Committee of the Whole presented the following report.

Alexander, yea Ferrin, yea Morse, yea Youngdahl, yea Mr. Chairman, yea

And so the resolution was adopted.

Commissioner Morse offered the following resolution:

That the Board of County Commissioners are pleased to hear that the State Highway Department is considering the suggestion for beautifying the Belt Line, just west of the City Limits, by making it a"lilac-way" .

The Board urges State Highway Engineer Elsberg to make this suggested improvement, first, because it is practical and will be a drawing power and selling argument to visitors and a treat to the beauty loving people of Minneapolis;

secondly, because the Board of County Commissioners have invested a $123,154 in buying the 200 foot right of way for this Belt Line Roadway.

The County Commissioners have been of the opinion for some time that a forestry project of some kind should be started for the purpose of beautifying this right-of-way, but after considering this "lilac-way" suggestion they are of the opinion that it is logical thing to do; that is preferable to their original idea of planting trees; and that it will prove to be by far a most preferable improvement for one of Minneapolis' most important highways.

The question was on the adoption of the resolution, and the roll being called there were: five yeas and no nays, as follows:

Alexander, yea Ferrin, yea Morse, yea Youngdahl, yea Mr. Chairman, yea

And so the resolution was adopted.

At a regular adjourned meeting of the County Board of Hennepin County, State of Minnesota, held on the 21st day of October 1935, the petition of Elizabeth F. Scott, asking that her land described in said petition be set off from School District No. 88 to School District No. 142 in said county came on to be heard by said Board; and it having been made to appear to its satisfaction that notice of said hearing had been published, posted and served as required by law and its order, said Board, having heard all persons interested in said matter both for and against, finds as follows:

That the reasons for setting off said land of petitioner are as follows to-wit: they have three children between the ages of 6 and 9 years of age who are attending school.

The school bus from District 142 passes their door every morning giving the children safe transportation to school whereas if they are forced to go to the school at District Number 88, they will have to walk about a mile along Cedar Avenue, which is a street carrying heavy traffic with no sidewalk and the children will be in great danger in making the trip alone.

We have decided to make a new project under the WPA for their consideration and if at a later date we have been been unable to get approval of our WPA Project and President Roosevelt gives Mr. Ickes and the PWA Department more funds we will then make a new application to your department for this project.

Be it Resolved, by the Board of County Commissioners of Hennepin County Minnesota, as follows:

1. It is hereby found and determined that the assessed valuation of all taxable property in Hennepin County for the year 1934, inclusive of moneys and credits, was in excess of $400,000,000, and said County has an existing bonded indebtedness, exclusive of bonds issued for road and highway purposes, of not more than $4,000,000, and said County is operating on a budget under the

provisions of Mason's Minnesota Statutes of 1927, Sections 808 to 819, inclusive, and by reason of such facts said County is authorized to issue bonds for the purpose of funding its outstanding warrants and certificates of indebtedness under the provisions of Chapter 219 Laws of Minnesota for 1935.

2. It is hereby found and determined that by reason of tax delinquency and also by reason of the excess of the expenditures over which the Board has no control over the amount provided therefor in the annual budget a deficit has been created in the funds of said County.

3. Hennepin County has outstanding its certificates of indebtedness bearing date November 2, 1935, in the principal amount of $180,000. bearing interest at the rate of 2% per annum payable at maturity and maturing December 2, 1935 and each and all of said certificates are valid and binding obligations of the County to an action for the payment of which it has no lawful defense.

4. It is necessary and expedient to issue, and it is hereby determined to issue and sell the negotiable coupon bonds of Hennepin County in the aggregate principal amount of $180,000 for the purpose of providing money to pay and retire the said certificates of indebtedness at maturity.

5. Said bonds shall be dated December 2, 1935, shall be 180 in number and numbered 1 to 180, both inclusive, shall be in the denomination of $1000 each, shall bear interest at the rate designated by the successful bidder, and shall mature serially in order of their numbers in the amount of $36,000 on December 2 in each of the years 1937 to 1941, both inclusive.

6. The County Auditor is hereby authorized and directed to cause notice of the sale of said bonds to be given by publication of a notice of such sale in the Minneapolis Star, the Official Newspaper of said County, which notice shall be in substantially the following form:

Notice of Bond Sale.

Notice is hereby given that the Board of County Commissioners of Hennepin County, Minnesota, will meet at the Commissioners' Room in the Court house in the City of Minneapolis on Thursday the 21st day of November, 1935, at ten o'clock A. M. for the purpose of receiving and considering sealed bids for the purchase of $180,000 Funding Bonds of said County, consisting of 180 bonds in the denomination of $1000 each, bearing date December 2, 1935, bearing interest payable semi-annually at the rate designated by the successful bidder, and maturing serially, $36,000 on December 2 in each of the years 1937 to 1941, both inclusive.

Both principal and interest will be payable in lawful money of the United States at any suitable bank or trust company designated by the successful bidder. The County will furnish the executed bonds and the legal opinion of

Messrs. Junell, Driscoll, Fletcher, Dorsey & Barker, of Minneapolis, Minnesota, both without cost to the purchaser. Sealed bids may be mailed to the undersigned. All bids must be unconditional and accompanied by a certified check in the amount of at least $2000, payable to the order of the County, and to be forfeited as liquidated damages in event the bid is accepted and the bidder shall fail to comply therewith. No split bids will be considered. The County reserves the right to reject any and all bids and to continue said sale.

By order of the Board of County Commissioners.

Al. P. Erickson, County Auditor
