And so the resolution was adopted.

Commissioner Ferrin offered the following resolution:

WHEREAS, when the 1934 appropriations were made for Hennepin County Departments the budget for the office of Register of Deeds was based on expected business depression, and

WHEREAS, such 1934 business in said office increased rather than decreased, producing revenue to the amount of $30,084.87 more than was produced in 1933, which necessarily required a greater expenditure of funds than were appropriated for that department, and approximately $8,000.00 was carried over and taken from appropriation for 1935, and

WHEREAS, the 1935 appropriation which had previously been reduced was therefore further decreased while business for 1935 also exceeded that of 1933 in the amount of $17,393.33, making it necessary to carry over and take from the 1936 appropriation $9,921.00, thereby reducing the appropriation for 1936 to $93,079.00, which it appears judging from former expenditures, will carry said department to about September 1, 1936, and

WHEREAS, the emergency fund set up for 1936 is not sufficient to warrant the expectation of additional funds from that source, and no other means are available by which the Register of Deeds department can procure financial assistance, except by providing under law all regular positions used in that department, and

WHEREAS, the legislature has set out from time to time additional duties to be performed by the Register of Deeds, with no provision for additional help, and

WHEREAS, providing all regular positions in said office of Register of Deeds are fixed by legislative enactment, it appears then any funds in the General Revenue which have not been otherwise appropriated, can be used for such personal service as is thereby added by the legislature,

THEREFORE BE IT RESOLVED, that this Board of County Commissioners of Hennepin County, Minnesota here assembled, do hereby approve the bill for clerk hire for the office of Register of Deeds prepared and presented by the Hennepin County Bar Association, now on file with the Secretary of the

Hennepin County delegation of legislators of the 1935 special session, a copy of which is included herewith, and we do recommend to such members of the legislature that they use every effort to secure its consideration and passage.

The question was on the adoption of the resolution, and the roll being called there were: three yeas and two nays, as follows:
