APR 25 1950

Commissioner Ainsworth from the Committee on Roads and Lakes presented the following report:

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS:

Gentlemen: Your Committee on Roads and Lakes to whom was referred the matter of bids for furnishing to Hennepin County for the County Highway Department approximately 25,000 gallons of tar in less than car load lots for the year 1950 to be delivered to County equipment at the local refinery, being Project No. 5002-2, with letter of recommendation from L. P. Zimmerman, County Highway Engineer, as follows:

"Bids were opened April 18, 1950 for approximately 25,000 gallons of tar in less than carload lots to be delivered to Hennepin County equipment at the local refinery. There were two bidders:

"Koppers Company, Inc., St. Paul, bid \$0.1250 per gallon, or a total of \$3,125.00.

"Republic Creosoting Company, St. Louis Park, bid \$0.1300 per gallon, or a total of \$3250.00.

"The refinery of the Koppers Company is located at 1000 Hamline Avenue, St. Paul and the refinery of the Republic Creosoting Company is located at St. Louis Park. The average haul to all roads in Hennepin County from the Koppers Company refinery is in excess of ten miles further from the location in which the tar will be used than the Republic Creosoting Company refinery at St. Louis Park. It is our belief that we cannot haul the 25,000 gallons of material from the Koppers Company refinery for the difference of \$125.00.

"Therefore, it is our recommendation that the award of contract be made to the Republic Creosoting Company (which in reality is the lowest total cost to the County) for the sum of \$3,250.00 and that the County Auditor be directed to set aside that amount for paying for the material when it is used",

has given the same careful consideration and begs leave to report as follows:

That the bid of Republic Creosoting Company be accepted for 25,000 gallons of Tar RT 1 to RT 10 at the bid price of \$0.1300 per gallon or a total bid of \$3250.00; and that Robert F. Fitzsimmons, County Auditor, be directed to set aside the sum of \$3250.00 from the Road and Bridge Appropriation to pay for said Tar; and

That the Chairman of this Board be directed to sign a contract when bond is approved.

STATE OF MINNESOTA)
COUNTY OF HENNEPIN)

At a regular meeting of the County Board of Hennepin County, State of Minnesota, held on the 9th day of May, 1950, the petition of William A. Thotland and Florence A. Thotland asking that their land described in said petition be set off from School District No. 89 to School District No. 24 in said County came on to be heard by said Board; and it having been made to appear to its satisfaction that notice of said hearing had been published, posted, and served as required by law and its order, said Board, having heard all persons interested in said matter, both for and against, finds as follows:

That said petitioners are freeholders and residents of said County; and that they own land now in School District No. 89 in said County described as follows, to-wit:

Commencing at a point on the North line of Sec. 19-29-24, 2021.4 feet East of the Northwest corner of said Section, thence South 247.5 feet, thence West 748 feet, thence South 495 feet, thence West 100 feet, thence North 577.7 feet, thence East 264 feet, thence North 165 feet to North line of Section, thence East 584 feet to point of beginning,

and that said land adjoins School District No. 24 in said County;

That the reasons for setting off said land of petitioners are as follows, to-wit:

That the above described tract now situated in School District No. 89 has two common boundaries with the tract owned by them as tenants in common and described as: Commencing on the North line of Section 19-29-24, 1173.3 feet East of the Northwest corner of said Section, thence South 10 rods, thence East 16 rods, thence North 10 rods, thence West to beginning,

which tract is situated in School District No. 24.

That said above described tract now situated in School District No. 89 also has two common boundaries with the tract owned by them as tenants in common and described as: Commencing at a point 2021.4 feet East of the West line of Section 19-29-24 and 247.5 feet South of the North line of said Section, thence West 748 feet, thence South 495 feet, thence East 519 feet, thence Northeasterly to beginning,

which tract is also situated in School District No. 24.

That said above described tract now situated in School District No. 89 is bounded on the North by lands in Section 18-29-24 which are located in School District No. 24.

That the land designated by the above three descriptions forms one tract measuring approximately 848 feet on its North line, 619 feet on its South line and 742.5 feet on its East and West lines. That for many years your petitioners operated greenhouses situated upon said land and cultivated the balance as a truck garden, but that said greenhouses have now been removed and they intend to divide said property up into building sites. That access to said proposed building sites will be over extensions of roads connecting with 19th Ave. No., which runs through School District No. 24; that there will be no roads connecting said building sites with Highway 100, or other roads in School District No. 89 except by way of 19th Ave. No. That they believe school facilities can more easily be offered to future occupants of said property by School District No. 24 than by School District No. 89.

IT IS THEREFORE DETERMINED AND ORDERED: That the said land of said petitioners as above described be, and the same hereby is set off from said School District No. 89 to said School District No. 24 in said County; and that hereafter said land be and constitute a part of said School District No. 24.
