Motion unanimously carried.

Commissioner Christensen read the following statement and asked that it be incorporated with the proceedings of the Board. There being no objection, it was so ordered.

Mr. Chairman:

I think the time is ripe to call to the attention of this board two pages of figures regarding the costs of two of our county institutions. One of these is the Vince Day Center, a home for backward children, which has been operating for several years. The other is the so-called detention home for juveniles - or planned as such - which still is far from ready to operate.

While these cost figures are impressive, I want it understood at the outset that I am not arguing for the discontinuance of the Vince Day center nor for abandonment of the detention home. There is no doubt a need for the humanitarian services which the Vince Day Center makes available, and we have it on the authority of the Hennepin County district bench that the detention home is mighty necessary. But, because of the unexpectedly high costs of these two institutions, I feel sure every effort should be explored to discover a better deal for the taxpayers without diminishing in the least the potentialities of the two places.

You will note that the cost per child at the Vince Day Center has risen from \$1,660 per year in 1945 to \$5,837.00 this year. Many a young man and woman would love to have a budget like that for a college course and incidental expenses. There MUST be a cheaper way to handle this problem. Thirty-seven employees to take care of an average of 22 children is away out of balance! It's inexcusable. There must be some way to correct this situation, and without injuring the chances of the children to grow up into useful citizens.

Let's put our heads together. I don't claim to have any secret

formula. But, if we all cooperate toward a common end, we should get things done.

Now, let's look at the detention home. As you know, we got the old Purdy home and moved it next door to the Vince Day Center, on the same lot. It was supposed to cost some \$13,000 to move it and get it ready for occupancy. We have already spent over \$14,000 on it - without even advertising for bids - and this is hardly a start.

You will note from the statement of estimates by Liebenberg & Kaplan that it is going to cost us at least \$43,000 MORE and even then the job won't be done. This \$43,000 is just for getting the building habitable. But a new roof is needed also, and we'll have to buy a lot of equipment, some of it perhaps specialized equipment, before the place is ready to operate as a detention center for boys and girls who are in custody of the courts.

Again, there must be a better and cheaper way to solve THIS problem too.

But the picture isn't all dark. The block occupied by these two buildings is a valuable piece of property, but surely not well located for two such institutions as these. I am told on high real estate authority that we could get a very good price if we sold the entire tract, buildings and all, because it would be an ideal site for a big insurance building or some similar structure - maybe even an apartment hotel. We should be able to get a substantial sum, if we sell it as an undivided tract, but if either half were sold, the presence of the remaining institution would seriously restrict the use and value of the other half for any commercial purpose.

I don't claim any copyright on what we ought to do, but I

strongly urge that we give consideration to this problem right now, that we see what this property will bring on the market, and find out, officially, whether we have a valuable property or a couple of white elephants. Then, if we get a bona fide offer, we can explore the feasibility of caring for the children of Vince Day Center at some other location and of acquiring some other space for the detention home.

At 10:15 o'clock A.M., the time specified in the published advertisement for bids, Ole Pearson, County Purchasing Agent, proceeded to open bids as follows:

For an automatic typing mechanism for the office of the Register of Deeds, for three electric typewriters for the office of the Register of Deeds, and for furniture for the District Court.

All of the above bids were referred to the Committee on Ways and Means and the County Purchasing Agent.

Commissioner Christensen offered the following resolution, and moved its adoption:

WHEREAS, each parcel of tax forfeited land described in Cancellation Statement No. 22 was sold on terms at the time therein mentioned to the purchaser or purchasers therein specified; which said statement has been presented to this board by the Land Commissioner of Hennepin County; and

WHEREAS, the said purchaser or purchasers of each such parcel of land received from the County Auditor of said county an Auditor's Certificate of Purchase of Tax Forfeited Lands describing the parcel of land so sold to said purchaser or purchasers and setting forth the terms of the sale of same, all as provided by law; and

WHEREAS, a duplicate of each such certificate is now on file in the office of said County Auditor; and

WHEREAS, the said purchaser or purchasers of each parcel of land described in said statement, or any person or persons claiming under said purchaser or purchasers, failed to pay a deferred installment of the purchase price thereof with interest, required to be paid under the terms and conditions of the sale of same; and

WHEREAS, such failure of payment constitutes default in the terms and conditions of the sale of each such parcel of land, which said default still continues;

NOW, THEREFORE, BE IT RESOLVED by this Board that it hereby orders and declares each such certificate of purchase cancelled and terminated; and
