A letter from Elmer H. Larson, Land Commissioner, submitting an application from the Town of Dayton for conveyance of certain tax forfeited property for road purposes was referred to the Committee on Public Grounds and Buildings.

Specifications for furnishing bituminous material (M.C. Asphalt) were referred to the Road and Lake Committee.

A letter from O. A. Pearson, Budget and Purchasing Agent, requesting the setting aside of additional funds for the concrete paving of Excelsior Boulevard was referred to the Committee on Ways and Means.

The request from the Hennepin County CoOperative Extension Committee for approval of an amendment which would raise the ceiling for the support of extension work from \$15,000.00 to \$25,000.00 per year was again considered by the Board.

Commissioner Ainsworth moved, seconded by Commissioner Hanson that the Board go on record as supporting the amendment.

The vote on the motion was as follows: Ainsworth yea, Christensen passing, Hanson yea, Scott absent, Chairman Matthews yea.

Motion carried.

Commissioner Ainsworth called the Board's attention to a parcel of land in the Village of Mound that has forfeited to the State for non-payment of taxes, suggesting that it could be used by the County for a County shop building, then offered the following resolution and moved its adoption:

L. P. Pederson, County Engineer, reported that the Village of Deephaven has refused to pay its portion of the cost of constructing a wooden sidewalk on Bridge No. 28 over State Aid Road No. 5 as provided for in their agreement with the County and recommended that the contract for the construction of the walk be cancelled.

Mrs. Norman Woodley appeared before the Board stating that the action of the Village was deplorable and requesting that the cancellation of the contract be held up for one week to allow interested residents of the Village an opportunity to urge the Village Council to reconsider its action.

On motion, duly made and seconded, the Board unanimously agreed to hold up action for one week on the cancellation of the contract.

The Board also directed that a letter be sent to Mrs. Woodley thanking her for her appearance before the Board in support of the construction of the sidewalk on the bridge.

Chairman Matthews called the Board's attention to the matter of increasing the minimum limits for liability and property damage on County employees using their cars for County business and whose premiums are partially paid for by the County.

The matter was referred to the Attorney for the Board.

A letter from the Minneapolis, Northfield and Southern Railway serving notice upon the County of Hennepin of the termination of the lease and contract dated February 5, 1940, three years from this date (April 8, 1957) which leases to Hennepin County the vehicular portion of the bridge for highway travel across the Minnesota River in the vicinity of Savage, was read and referred to L. P. Pederson, County Engineer, for a report back to the Board.

A letter from F. Wilson Pond, Secretary of the Hennepin County Soil Conservation District, submitting additional information relative to their request for additional funds was read and referred to Commissioner Ainsworth.

A letter from Arthur A. Frank requesting that adequate drainage ditches be dug leading to the culvert passing under Wilshire Drive and also requesting the lowering of the culvert to allow the water to drain completely, was read and referred to the committee appointed by the County Board April 2nd to make an investigation of surface water conditions.

At 10:30 o'clock A.M., hearing was called for on the petition for improving County Ditch No. 13 (Shingle Creek).

W. A. Ostrem, Sewer Engineer for the City of Minneapolis, and Mr. Shama, Assistant City Attorney, suggested that if the required number of signatures could be obtained, a new petition consolidating the improvements requested in the two petitions now before the Board be prepared and filed.

Mr. Rohan, of Winston Brothers, stated that the people upstream might possibly object to signing a new petition because of the high cost of constructing numerous culverts to cross the ditch within the limits of the City of Minneapolis.

Commissioner Ainsworth moved, seconded by Commissioner Christensen that Commissioner Scott be authorized to call a committee meeting of all interested parties for the purpose of setting up the proper procedure for the improvement of County Ditch No. 13, and that the hearing be continued to May 7, 1957, at 10:30 o'clock A.M.,

Motion unanimously carried.

Commissioner Scott called a committee meeting for April 18th, 1957, at 2:00 o'clock P.M., in Committee Room 130 Court House, Minneapolis

Commissioner Christensen offered the following resolution, and moved its adoption:
