## Statement on Research and Public Information

### Board of County Commissioners of Hennepin County

The challenge posed by the rapid population growth and urbanization in Hennepin County demands constant improvement of county governmental services, and an effective public information program to accurately inform citizens about those services for which they are paying and to which they are entitled.

Informative, candid, continuous reporting by the county to its citizens is essential.

On August 10, 1965, the County Board of Commissioners established a county research and public information program.

The primary purpose of this county-wide information program is to insure the right of the citizen to be informed about the policies and services of his county government by giving him useful information in a readily understandable form.

Because professional evaluation and communications skills are essential to effective community relations, the county director of public information will:

Plan and administer an effective short-range and long-range public information program for the county government as a whole.

Maintain a continuing evaluation of public opinion through informal contacts, research, and analysis of inquiries and comments from citizens.

Counsel county officials and department heads concerning community relations, and advise them about the best means of communicating factual information to the citizens.

Encourage department heads to recognize public relations possibilities in their programs and notify the public information director.

Conduct research about the factors favoring industrial development in Hennepin County, and plan information projects designed to attract new industry to the county.

## Research and Public Information/2

Review proposals for informative publications, photography, motion pictures, radio and television programs and other communication efforts to assure the county of full value for each dollar it spends on communications.

Establish a speakers' bureau where requests for speeches by county officials can be received and directed to the proper county official who is an expert on the topic requested.

Arrange television programs and radio interviews, and supervise preparation of slide presentations, motion pictures, and similar planned communications.

Maintain contact with and assist reporters and photographers from newspapers, magazines, radio and television stations in gathering news about county government.

Supervise preparation of news releases and feature stories to the mass media -- newspapers, magazines, radio and television.

Coordinate photography of county employees and buildings.

Direct the planning and preparation of county brochures and other informative publications.

Establish and maintain an information library of research data, news clippings, photographs, motion pictures, art work, typography, and related materials.

Assist community groups that need information for their programs or projects concerning county government.

Coordinate county information projects with the study of county government in the school systems of the county.

Commissioner Robb, Vice-Chairman, Committee on Public Grounds and Buildings, presented the following report:

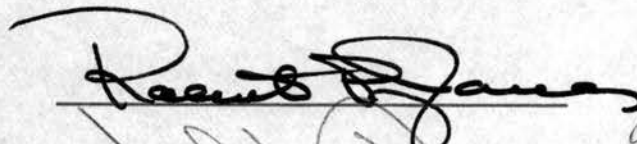

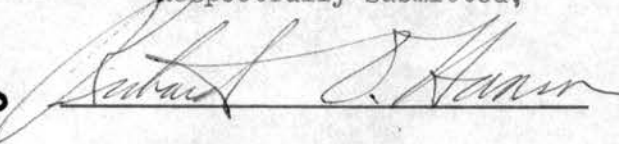

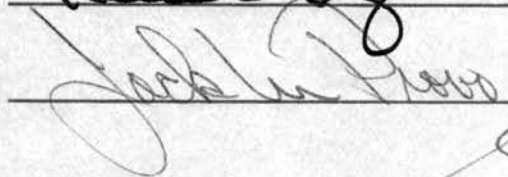

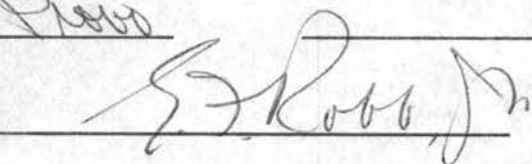

Your committee having examined into the allegations of the application of the City of Brooklyn Center, for the conveyance of certain tax-forfeited land therein described, which said land is situated in the County of Hennepin and State of Minnesota and is described as:

## PROPOSED RULE CHANGE

Section 2.2 - Adoption and Amendment of Rules

These rules are prepared and recommended by the Director and approved by the Board at its regular Board meeting.

The Board may initiate or approve, modify, reject or approve as modified, the rules prepared and recommended by the Director for carrying out an effective personnel program. Thirty (30) calendar days posted notice shall be given of the meeting to elected officials, appointing authorities and interested employee representatives at a specified time and place to be held upon the proposed rule changes. Copies of the rules shall be sent to all appointing authorities and interested union representatives, and printed copies of the rule changes shall be prepared and available for public distribution.

Personnel actions taken prior to the effective date of new, abolished or amended rules shall be governed by the rules in effect on the effective date of the action.

Section 417 - Amendment to the Classification Plan

Whenever any change in organization, creation of a new position or change in duties or responsibilities of any individual position makes the revision of the classification plan necessary, the Director shall recommend the necessary revision to the Board. The Board shall consider the proposed changes at a regular or special meeting and they shall become effective after adoption by the Board. Notice of the classes of positions involved in the proposed revision shall be posted on the bulletin board of the department and sent to affected elected officials, appointing authorities and employee representatives at least fourteen (14) calendar days before the meeting of the Board at which the changes are to be considered.

The Director may determine there is urgent need for establishing a new class in the classification plan to eliminate delay in the announcement, examination and appointment to a position. In such instances he may anticipate formal action by the Board by tentatively adding the new class to the classification plan. He may then announce and hold an examination for the class or authorize appointment. Such action shall be subject to ratification by the Board at its next regular meeting.

Section 5.8 - Amendment to the Compensation Plan

The Board shall consider amendments to the compensation plan at a regular or special meeting. Notice of the proposed amendments shall be posted on the bulletin board of the Personnel Department and sent to each elected official and appointing authority at least fourteen (14) calendar days before the hearing.

## Proposed Rule Change - Continued

Section 5.8 - Amendment to the Compensation Plan

As soon as possible, but not later than one month after the effective date of any amendment to the salary plan, the rates to be paid to employees in positions of any class for which a rate is established or changes shall be adjusted as follows:

An employee whose class is reassigned to a higher salary range shall receive an adjusted salary bearing the same relation to the minimum and the maximum salaries of his new range as his former salary immediately preceding the reassignment bore to the minimum and maximum of his former range

Section 6.9 - Veteran's Preference

In all competitive examinations where the candidates are entering county service names of veterans shall be placed on the eligible list in order of their final score. In the case of ties in final scores involving veterans, names shall be placed on the list in order of score in the part of the examination given the greatest weight. Any remaining ties shall be broken by assigning the same rank to all affected individuals. In any circumstance involving competitive entrance examinations the names of veterans shall be placed ahead of all non-veterans in accordance with Minnesota Statutes, Section 197.45.

In any promotional examination, a veteran upon receiving a passing score, may elect to have five (5) points added to his score. The combination of the score received in the examination and the five points resulting from veterans preference exercised shall determine his rank on the eligible list. Upon using the five points veterans preference, the veteran shall be precluded from using such preference in any further promotions. If as a result of using the veterans preference, the veteran receives a score which is the same as a non-veteran, the name of the veteran shall be entered ahead of the non-veteran.

Section 8.3 - Certification of Eligible Candidatesa. Order of Certification

The one name highest on the layoff list shall be certified first. For all other eligible lists, the first three names on such list shall be certified. More than three names may be certified to fill a vacancy when unique conditions exist and the Board, by unanimous approval authorizes such action. Candidates who have been granted veteran's preference in accordance with Minnesota Statutes, Section 197.45 shall be certified ahead of non-veterans in competitive entrance examinations and in order of their rank on the eligible list based on their combined regular score plus the five points veterans preference credit when such preference is used on promotion.

## Proposed Rule Change - Continued

Section 8.3 - Certification of Eligible Candidatesa. Order of Certifications

In case the total score received by such veteran is the same as a non-veteran, the veteran's name shall be placed ahead of the non-veteran on the list. Candidates who have been granted the above mentioned preference shall be appointed in accordance with Minnesota Statutes Section 197.45.

Eligible candidates shall be certified in strict order of standing except that where a requirement of special qualifications is specified by the appointing authority in his written request and the Director is satisfied that the facts and reasons specified warrant such action, certification may be limited to eligible candidates possessing the special qualifications.

Section 10.1 - Retirement

Except as provided in the act, employees in the county service shall be retired when they reach the age of 65 years. Exceptions to the retirement age are as follows:

- a. Effective December 31, 1967, all employees who have reached the age of 68 years or over during the calendar year 1967, excepting those employees newly incorporated into the personnel system under Laws of Minnesota 1967, Chapter 646, shall be retired from county employment.
- b. Effective December 31, 1968, all employees who reach the age of 67 during the calendar year 1968, shall be retired from county employment.
- c. Effective December 31, 1969, all employees who have reached the age of 66 during the calendar year 1969, shall be retired from county employment.
- d. Effective December 31, 1970, and every year subsequent to that all employees who reach age 65 during the current calendar year shall be retired from county employment.

PROPOSED RULE CHANGE  
ON CITIZENSHIP

6.2a Open Competitive Examinations

Competitive examinations for original appointment to a position in the county service shall be open to all applicants who are citizens of the United States, who are eligible and have applied for citizenship or who meet all the requirements for employment as defined by laws or U.S. Bureau of Immigration regulations; and who meet with reasonable requirements or standards fixed by the Personnel Department with regard to experience, character, age, education, physical examination and such other factors that relate to the abilities of candidates to perform the duties of the position efficiently.

Commissioner Janes, Chairman, Committee of the Whole, presented the following report:

WHEREAS, The Village of Excelsior has determined that the final cost for the construction of a timber boat dock on Lake Minnetonka totals \$8,322.00; and

WHEREAS, The construction of the timber boat dock meets the criteria for the securing of a Lake Improvement grant from Hennepin County; and

WHEREAS, The Board of County Commissioners has previously approved a grant in the amount of \$5,625.00 for the construction of said boat dock.

Therefore, pursuant to a recommendation from A. J. Lee, County Highway Administrator, your committee recommends that the Hennepin County Board of Commissioners approve the increase in the grant in the amount of \$616.50 for a total grant of \$6,241.50; and

That the Chairman of the Board be authorized to execute the co-operative agreement between the County of Hennepin and the Village of Excelsior for a Lake Improvement grant in the amount of \$6,241.50; and

That the County Auditor be directed to set aside an additional amount of \$616.50 under Contract 703-94 in the Highway Lake Improvement Contingency Fund.

Respectfully submitted,

Commissioner Robb, Chairman, Committee on Roads and Lakes,

presented the following report:

WHEREAS, It is necessary, advisable, and in the public interest for the safety of travel thereon to construct, reconstruct, improve, and maintain County State Aid Highway No. 18; and

WHEREAS, In order to accomplish these purposes it is necessary to acquire the fee title or easement to certain lands, to acquire the right of access, and to acquire the right to construct slopes and deposit waste materials on land adjacent thereto; and

WHEREAS, There is on file in the office of the Hennepin County Highway Department a right of way map detailing Parcels 1 through 57 for construction project No. 6318 which is necessary for the purposes herein mentioned; and

WHEREAS, The fee title or easements with respect to all of the parcels on the herein mentioned highway are necessary for the alteration, construction, reconstruction, improvement, maintenance, and safety of travel on said County State Aid Highway No. 18.

Therefore, pursuant to a request from L. P. Pederson, County Highway Engineer, your committee recommends that the fee title and easements as designated on said right of way map be acquired by the County of Hennepin by negotiation for direct purchase or condemnation and that the County in said proceedings acquire the following rights: The right to construct slopes and deposit waste material upon the parcel therein specifically shown to be taken for that purpose, and acquire and obtain the exclusive ownership of all dirt or other materials necessarily excavated, removed, or taken from said land, and the right to acquire all structures, trees, shrubs, grass and herbage now existing and growing upon said lands, and to have the exclusive control of the same, and to acquire the right of access to said highway from the owners whose lands front thereon in those cases which are particularly mentioned.
