WHEREAS, The Hennepin County Board of Commissioners has called for public hearings for the purpose of determining the community need for health and health related services; and

WHEREAS, Public hearings were held on October 17, 1972, indicating a strong community concern for decentralized services with community involvement in defining community needs; and

NOW THEREFORE BE IT RESOLVED, That this Board supports continuing planning for health and health related services in cooperation with the private providers and the citizens of Hennepin County, and

BE IT FURTHER RESOLVED, That this Board in delivering service for which Hennepin County government is directly responsible supports the concept of purchasing such services from other providers if such purchase of services can maximize the utilization of existing resources and facilities, if such services can be purchased at a cost that is no greater than what it would cost if Hennepin County were to provide the services directly.
