MAR 19 1974

The bonds of each series maturing in the years 1986 to 1994, inclusive, will be subject to redemption and prepayment at the option of the County on February 1, 1985, and any interest payment date thereafter, in inverse numerical order within each series, at par plus interest to accrue to the redemption date. The remaining bonds will not be subject to redemption before maturity.

Interest on the bonds will be payable February 1, 1975, and semiannually thereafter on each August 1 and February 1. The bonds of both series maturing on a single date are to bear interest at a uniform rate, expressed in a multiple of 5/100 of 1%, not exceeding the statutory maximum rate of 7% per annum, and not exceeding the rate specified for any later maturity. Not more than eight different rates may be specified. The interest on each bond to maturity will be represented by one set of coupons.

Principal of and interest on the bonds will be made payable at a suitable bank recommended by the successful bidder and approved by the County, and the County will pay the reasonable and customary charges for this service, provided that such recommendation is received within 48 hours after the award of sale, and the County will select the paying agent if the recommendation is not approved.

Within 40 days after sale, the County will furnish and deliver at the office of the purchaser or, at his option, will deposit with a bank in the United States selected by him and approved by the County as its agent to permit examination by and to deliver to the purchaser, the printed and executed bonds, the unqualified opinion thereon of Dorsey, Marquart, Windhorst, West & Halladay, of Minneapolis, Minnesota, and a certificate stating that no litigation in any manner questioning their validity is then threatened or pending. The legal opinions will state that the bonds are valid and binding general obligations of the County. The charge of the delivery agent must be paid by the purchaser, but all other costs will be paid by the County. The purchase price must be paid upon delivery, or within five days after deposit with the delivery agent, in funds available for expenditure by the County on the day of payment.

Each bid must be unconditional, except as to the issuance and delivery of the bonds in conformity with this notice, and must be accompanied by a certified or cashier's check on a responsible bank, payable to the order of the County Treasurer, in the amount of \$131,500, to be retained as liquidated damages if the bid is accepted and the bidder shall fail to comply therewith, or to be applied as part payment for the bonds. The checks of unsuccessful bidders will be returned on the day of sale.

The County will assume no obligation for the assignment or printing of CUSIP numbers on the bonds or for the correctness of any numbers printed thereon, but will permit such printing to be done at the expense of the purchaser, if the purchaser waives any extension of the time of delivery caused thereby.

The bid offering the lowest net interest cost, determined by computing the interest payable on all bonds to their stated maturity dates at the coupon rates specified and deducting any premium and adding any discount between the cash purchase price and the principal amount of the bonds, will be considered the most favorable. If two low bids involve the same interest cost, the successful bidder will be selected by lot. No bid can be considered if presented orally, or if it involves a net interest cost exceeding an average rate of 7% per annum, or if it provides a cash price less than \$6,500,000 plus accrued interest on the total amount of the bonds to the date of delivery. The right is reserved to reject any and all bids.

Dated March 18, 1974.
