HENNEPIN COUNTY  
TRAVEL POLICY

JAN 20 1976

Officials and employees may be authorized to attend institutes, conferences, meetings or training sessions in accordance with the annual budget appropriation and the following policy:

Travel Requests and Approval

All travel by department personnel requires the approval of the department head or a designee. It is, therefore, the department head's responsibility to remain within the travel allocation of the budget.

On a quarterly basis, all departments are to submit a report of travel costs incurred by them to the County Administrator for presentation to the County Board for review.

All expenses incurred for travel are to be paid by the employee. The employee expenses are to be covered with a travel advance, or the employee must use personal funds and be reimbursed subsequently.

For purposes of this policy, "travel" refers to costs associated with the intent of BUSINESS TRAVEL and PROFESSIONAL/EDUCATIONAL TRAVEL as defined herein. This includes but is not limited to lodging, meals, travel costs, seminar and registration fees, incidentals, and the like.

BUSINESS TRAVEL

- Travel required to maintain or obtain financing for ongoing or newly approved programs (e.g. bond sales, federal or foundation grants, etc.)
- Travel required to recruit personnel for a key vacancy. Position vacancies appropriate for inclusion under this section are department heads and their immediate subordinates.
- Travel required by a federal, state, regional, or legal body for purpose of testimony as a representative of Hennepin County.
- Travel required for the planning and completion of a newly approved or ongoing capital construction project (e.g. site visits, meetings with architects, etc.)

*Note: Travel and related costs associated with the training or education required by professional associations for the purpose of maintaining individual certification are not covered under this definition.*

PROFESSIONAL/EDUCATIONAL TRAVEL

- Travel and related costs incurred primarily to provide employees with professional or educational experiences.

TRAVEL POLICY (continued)

JAN 20 1976

*Note: All costs not specifically defined as BUSINESS TRAVEL will be identified with this category such as program site visits, local and out-of-town conferences and seminars, training of employees for the purpose of maintaining individual certification, etc.*

It is highly desirable to make conferences or institutes available to employees where such will better equip the employee to perform effectively in his/her position. On the other hand, the opportunity presents itself to participate in many more excellent programs than available funds will permit.

In order for department heads to determine what travel is of most value and which employees should go, the following guidelines have been established:

1. That the conference, institute or training program can be paid for out of the budget approved by the County Board.
2. That one employee from a department be sent to a conference, institute or training program unless it can be clearly supported that significant information cannot be obtained by the attendance of one individual.
3. That essential contacts can be made or significant information is available that is important to the improved operations of the department.
4. Utmost discretion must be exercised by department heads submitting requests for out-of-country travel. The conferences must be unquestionably professional in content and should prevail only when a professional conference of similar quality cannot be found within the continental limits of the United States within the same calendar year.

Expense Reimbursement

The following reimbursement policies are intended to set forth maximum standards. Departments may establish more restrictive policies in order to maximize travel allocations, provided they are administered in a consistent fashion within that department.

Employees will be reimbursed for the actual and necessary cost of transportation by airline, railroad or other common carrier.

- a. Airlines - Tourist accommodations shall be the standard mode of travel. First class accommodations may be authorized if tourist accommodations are not available. Explanation for the use of first class accommodations must be given in the Travel Expense Report. (Receipt required.)

## TRAVEL POLICY (Continued)

JAN 20 1976

- b. Railroad - First class accommodations shall be standard and shall include lower berth or roomette in case of overnight travel. (Receipt required.)
- c. Automobile - Reimbursement for use of personal automobiles in travel will be paid on the basis of the prevailing mileage allowance rate or tourist air fare, whichever is less. Travel within the State of Minnesota may be reimbursed at the higher level when it can be demonstrated that a savings in time can be achieved.

*Note: When two or more employees are traveling in one car, reimbursement shall be made to one employee.*

- d. Cab Fare and Related Costs - Cab fare and reasonable gratuity to and from the terminal (air or rail) both in Minneapolis and the destination(s) shall be reimbursed on an actual basis. Cab fare required for transportation while out of town shall be reimbursed on an actual basis provided it is necessarily related to the business or purpose of the trip. (Receipt not required.) Automobile rental costs will be reimbursed when such travel is necessary to the purpose of the trip and where cab fare may exceed cost of the automobile rental. (Receipt required.) Air or rail terminal parking fees incurred because of travel will be reimbursed on an actual expense basis. (Receipt required.)
- e. Lodging - Hotel accommodations shall be reasonable and shall be reimbursed at actual and necessary cost consistent with facilities available and proximity to the location of the conference or business meeting attended. Where double or multiple occupancy has occurred, the official or employee may only claim the actual and necessary cost of his or her single occupancy. (Receipt required.)
- f. Meals and Incidentals
  - 1. Meals, local transportation and miscellaneous expense shall be reimbursed for actual and necessary costs incurred during business or conference attendance with proper receipts for such expenses.
  - 2. Per Diem Reimbursement - In lieu of the receipt requirement for actual and necessary expenses, due to the general difficulty in acquiring such receipts, any official or employee of the County of Hennepin may claim a per diem for actual and necessary expenses not to exceed \$20.00 per day for meals, gratuities, clothing care, incidentals, etc. The per diem is allowable for each day of travel or attendance at such conference or business meeting pursuant to section h. of this policy.

## TRAVEL POLICY (Continued)

JAN 20 1976

If meals are included in tuition or registration fees and/or only a fraction of the day is authorized for travel, the per diem or expense allowance will be reduced as follows:

Breakfast - \$3.50      Lunch - \$4.50      Dinner - \$9.00

Breakfast allowance shall be authorized for Minneapolis departures prior to 8 a.m. and dinner allowances shall be authorized for Minneapolis arrivals after 7 p.m. Allowances within these parameters are the responsibility of the department head consistent with the facts and good judgment applied to each travel expense claim.

- g. Registration, Tuition, etc. - Employees will be reimbursed for registration or conference fees. Whenever possible, advance registration should be used. Tuition and registration fees may be included as a part of the travel advance. (Receipt required.)
- h. Travel Time - Employees may be authorized expenses and leave time for actual and necessary travel the day prior to and the day following conference, seminar, institute or business meeting date(s).
- i. On occasion, officials and employees may desire to have family members accompany them to a conference or business meeting. No reimbursement over that actual and necessary for the individual official or employee's expense shall be claimed or reimbursed.
- j. Travel Advances - Travel advances for both (a) rail, bus or air fare, and (b) subsistence (up to a maximum of \$40.00 per day) may be granted for authorized travel. Such advances may be secured upon application to the Accounting Division. Any official or employee receiving an advance shall be required to submit a travel expense report and unused portion of the advance to the responsible department head within five days and to the Accounting Division within ten days after return from the conference or meeting. Expenses incurred above the advance shall be reimbursed in accordance with the provisions of this policy.
- k. Final Expense Reports - An expense report with all receipts as specifically required in this policy shall be submitted to the responsible department head within five days and to the Accounting Division within ten days of the employee's return. It shall be the department head's responsibility to approve the final travel reimbursement as consistent with this policy and such departmental policies as may exist.

The County Administrator will adopt such procedures and forms as are necessary to implement and administer this policy.
