was the lowest bidder. The Administrator, Stanley Cowle, stated
that it had been felt more prudent to award the bid to Dayton's
because of pending litigation with Mr. Rothstein's client.

The Chairman referred the matter to the County Administrator
and to the County Attorney for report at the next Board meeting on
Tuesday, May 18th, 1976. Commissioner Robb moved that the matter
be referred to the County Administrator but the Chairman ruled this
was unnecessary as he had already referred it to same.

Minneapolis, Minnesota

The Board of County Commissioners of Hennepin County, Minnesota, met in the Hennepin County Government Center in the City of Minneapolis, at 10:00 a.m., pursuant to law.

Commissioners Hanson, Olson and Ticen were present. Commissioner Derus was absent the first ten minutes of the meeting. Commissioner Robb was absent.

The meeting was called to order by Richard O. Hanson, Chairman.

The minutes of the May 18, 1976 meeting were approved, as published in Finance and Commerce, Saturday, May 22, 1976.

The Board was advised of certain communications and the Chairman referred same for appropriate disposition.

MAY 25 1976
00812

Commissioner Hanson, seconded by Commissioner Olson, offered the following resolution:

WHEREAS, The new federal regulations of the U. S. Department of Agriculture for the food stamp program, which are to be implemented on June 1, 1976, result in the elimination or reduction of food stamp benefits to many of the working poor and strikers, and also result in an increase in administrative costs. Congressman Don Fraser has reported that 42 percent of the 65,000 families in Minnesota receiving food stamps will either lose benefits entirely or will have these benefits reduced under this plan; and

WHEREAS, These changes in the food stamp program have the following effects: The new definition of income will reduce the number of households that are marginally eligible for food stamps; the implementation of a standard monthly deduction of \$100.00 (present state average deduction is \$125.00) will result in lower benefits for larger facilities; the requirement to use the prior three months in determining eligibility instead of available resources will eliminate a large portion of strikers from the program; the 30% purchase requirement will result in a higher cost for food stamps; and the requirement for all households, except those identified as having "stable" incomes, to report on a monthly basis changes in income status will result in greater administrative costs; as will the required monitoring of newly required job seeking beyond registration with the Minnesota Employment Services; and

WHEREAS, The result of these changes will be to severely cut back the Food Stamp Program and this will necessarily lead to increased expenditures in other programs, such as General Assistance and AFDC, which will add to the local property tax burden. Thus, in effect, moving aid from total support to at least partial local property tax support.

NOW THEREFORE BE IT RESOLVED, That the Hennepin County Board of Commissioners joins the State of Minnesota and other governmental units and elected officials in opposing the new changes in the Federal Food Stamp Regulations.

The question was on the adoption of the resolution, and there were Three YEAS and NO NAYS, as follows:

Commissioner Hanson offered the following resolution:

00813

WHEREAS, during the last legislative session it was reported that the State of Minnesota had an overall budget surplus for the fiscal year ending on June 30, 1976; and

WHEREAS, the Minnesota Department of Public Welfare has informed the Hennepin County Welfare Department that due to shortages in State Welfare budgets, the State of Minnesota will be unable to meet its expected share of State reimbursements for five welfare programs:

- 1) General Assistance - the State will be unable to participate during May and June of 1976, which will result in a loss to Hennepin County of \$700,000 to \$800,000.
- 2) Mental Retardation - in Foster Care, the State is not participating at the 70% level they indicated last year and for which the County budgeted, but only at a 50% level, resulting in a loss of \$400,000 to the County.
- 3) State Administrative Reimbursements - the State is unable to fully meet its 50% share.
- 4) Emotionally Handicapped - the State's appropriation is inadequate to fully meet the State's share.
- 5) Native American Relief - the State's appropriation is also inadequate to meet the State's full share; and

WHEREAS the result of these shortages will be a cutback in state aid and an increase in the burden these programs place on Hennepin County property tax; and

WHEREAS it has been the purpose of recent legislation to provide property tax relief by shifting the costs of major portions of some programs, such as Medical Assistance, away from the property tax, and the above mentioned shortages in Department of Public Welfare budgets, will result in decreasing the effect of such legislation.

NOW THEREFORE BE IT RESOLVED, that the Hennepin County Board of Commissioners urge the State of Minnesota and the Department of Public Welfare to transfer funds from other budgets into these welfare budgets, so that these inadequate appropriations will not result in a greater tax burden on Hennepin County.
