MAR 1 1977

Representatives from the community spoke at the meeting with regard to resolutions on the replacement of the Bloomington Ferry Bridge across the Minnesota River with a temporary bridge.

Mr. Charles Skrief of the Hennepin County Historical Society stated that it considered the ferry bridge to have historical importance as one of the few swing bridges remaining in the area but recognized that the condition of the bridge is such that it cannot be preserved and that it would be economically not feasible to store the superstructure. He urged that the Board endorse a study of alternatives.

Mr. Phillip Getts of the Isaac Walton League agreed with Mr. Skrief and asked the board to consider alternatives to removing the superstructure, including the possibility of building a new bridge similar to the old one.

Mayor Walter Harbeck of Shakopee, spoke as Chairman of the 18-169 Corridor Committee in support of the resolutions before the Board. He presented a Resolution by that Committee requesting the Board to take immediate action to ensure the removal of the superstructure and the construction of new bridging on the present pilons to serve until a new bridge can be constructed and further urging that every effort be made to obtain the immediate re-opening of the Savage railroad bridge.

Mr. Art Lee, Director of Public Works, advised the Board of alternatives i.e.

00257

MAR 1 1977

(a) Replacement of Bloomington Ferry Bridge as soon as possible by a temporary bridge.

(b) Construction of temporary bridge replacement now and looking at possibilities of building a replica bridge in approximately 10 years.

(c) Building a replica bridge now, although it would take three years to build and the public would be anxious for a new river crossing to be provided sooner than that.

RESOLUTION NO. 77-3-128 (R) MAR 1 1977 00258

Commissioner Ticen and Derus offered the following resolution:

WHEREAS, The Department of Public Works submitted a background report dated January 21, 1977 to the County Board of Commissioners setting forth certain findings and recommendations concerning the Bloomington Ferry Bridge (Hennepin County Bridge No. 7 on CSAH 18 over the Minnesota River); and

WHEREAS, The Director of Public Works has solicited informal quatations for the superstructure removal and the low quotation was received from Northern Contracting Company. Said quatations being $28,000 for demolition and removal, and $37,000 for superstructure removal in a manner preserving the superstructure for storage and possible replacement.

BE IT RESOLVED, That the Hennepin County Board of Commissioners declare that an emergency exists which requires the removal of the existing superstructure as soon as possible to comply with Federal Regulations.

BE IT FURTHER RESOLVED, That the Board of Commissioners stands ready to remove the superstructure in a manner that will allow consideration of future renovation and replacement of the superstructure at some future date. The County will convey all rights to the dismantled superstructure to any public agency who will provide a storage location and will accept all liability for the storage of the superstructure. Such written notice must be given to the Hennepin County Board by 10:00 a.m., Tuesday, March 8, 1977.

BE IT FURTHER RESOLVED, That the Chairman of the Board is authorized to execute a contract in behalf of Hennepin County with Northern Contracting Company in the amount of $28,000 if no agency elects to accept responsibility for storage of the superstructure or $37,000 if an agency elects to accept responsibility for storage of the superstructure. Such contract is to become effective when a performance bond has been executed and approved.

BE IT FURTHER RESOLVED, That the Controller be authorized to make payments in accordance with the executed contract from the Public Works budget as directed.

RESOLUTION NO. 77-3-254

MAR 1 1977

Commissioner Olkon, Chairperson, Criminal Justice Committee, offered the following resolution:

WHEREAS, The County urgently needs to communicate its intentions to the Minnesota State Legislature to participate or withdraw from consideration for participation in the Minnesota Community Corrections Act, and

WHEREAS, The Legislature will this year adopt a budget for the biennium, which will include all funds for the Community Corrections Act for the biennium; thus if the County does wish to participate in this act during the next two years, it should so indicate as soon as possible, and

WHEREAS, Some questions have been raised within the Hennepin County family about the effect of participating in the Community Corrections Act on the relationship of the Division of Court Services, the Hennepin County Municipal and District Courts, and the Hennepin County Board of Commissioners; therefore

BE IT RESOLVED, That as the Community Corrections Act does not require any change in the relationship of Court Services, the Courts and the Board of Commissioners, it is not the intention of the Hennepin County Board of Commissioners to alter this relationship; and

BE IT FURTHER RESOLVED, That Hennepin County inform the Legislature and the Department of Corrections of its intent to participate in the Minnesota Community Corrections Act effective January 1, 1978.

RESOLUTION NO. 77-3-254

MAR 8 1977

Commissioner Olkon, Chairperson, Criminal Justice Committee, offered the following resolution:

WHEREAS, The County urgently needs to communicate its intentions to the Minnesota State Legislature to participate or withdraw from consideration for participation in the Minnesota Community Corrections Act, and

WHEREAS, The Legislature will this year adopt a budget for the biennium, which will include all funds for the Community Corrections Act for the biennium; thus if the County does wish to participate in this act during the next two years, it should so indicate as soon as possible, and

WHEREAS, Some questions have been raised within the Hennepin County family about the effect of participating in the Community Corrections Act on the relationship of the Division of Court Services, the Hennepin County Municipal and District Courts, and the Hennepin County Board of Commissioners; therefore

BE IT RESOLVED, That as the Community Corrections Act does not require any change in the relationship of Court Services, the Courts and the Board of Commissioners, it is not the intention of the Hennepin County Board of Commissioners to alter this relationship; and

BE IT FURTHER RESOLVED, That Hennepin County inform the Legislature and the Department of Corrections of its intent to participate in the Minnesota Community Corrections Act effective January 1, 1978.

Tuesday, March 15, 1977

Minneapolis, Minnesota

The Board of County Commissioners of Hennepin County, Minnesota, met in the Hennepin County Government Center in the City of Minneapolis, at 10:00 a.m., pursuant to adjournment.

All Commissioners were present.

The meeting was called to order by John E. Derus, Chairman.

Commissioner Robb moved that the minutes of the March 8, 1977 meeting be corrected insofar as Resolution No. 77-3-253 had a typographical error in the per diem rate, which should have been $35.00 and not $50.00 as printed. The motion was approved unanimously. Otherwise, the minutes of March 8, 1977 meeting were approved as published in Finance and Commerce, Saturday, March 12, 1977.

The Board was advised of certain communications and the Chairman referred same for appropriate disposition.

RESOLUTION NO 77-3-290

Commissioner Spartz, Co-Chairman of the Legislative Committee offered the following resolution:

WHEREAS, The Anoka State Hospital is a major mental health facility managed by the State Department of Welfare and located in the community of Anoka and has been providing services to an ever increasing number of Anoka County, Hennepin County and Sherburne County residents; and,

WHEREAS, in the recent budget message Governor Perpich delivered to the State Legislature, it was referenced that the Anoka State Hospital should be closed and terminated for service provision by 1980; and,

WHEREAS, it is the position of the Hennepin County Board of Commissioners that the institutionalization and community based service provision is encouraged at all levels of government when the quality and/or availability of the services to be provided are not impaired by such action; and,

WHEREAS, the closing of the Anoka State Hospital which in effect does provide community based services in the phychiatric health care in-patient psychiatric and/or chemical dependency treatment for those residents of Anoka, Hennepin and Sherburne Counties which are unable to afford same and further, would geographically force the users of these services to be separated from their families during the course of treatment which in many cases proves to be a detriment to the treatment program and in effect is a contradiction to the concept of "de-institutionalization;" and,

WHEREAS, as evidence by the recent administrative problems of Hastings State Hospital, prolongation of discussion on the closing of a public institution has an extremely detrimental effect on the quality of service and care delivered by said institution as well as the ability of the system which supports such institutions to attract and maintain quality staff; and,

WHEREAS, a major institution such as the Anoka State Hospital does provide a source of employment for the community within which it is located and further, contributes to the economic base of the community:

NOW, THEREFORE, BE IT RESOVLED by the Hennepin County Board of Commissioners that the Governor be urged to reconsider his position relative to the possible closing of the Anoka State Hospital and further, that the State Legislature be encouraged to support the continuation of the program and facilities at the Anoka State Hospital for the next State Biennium.

MAR 15 1977
00388

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to the Hennepin County Legislative Delegation, Governor Rudy Perpich, Ms Vera Liken, Director of the State Department of Public Welfare; Mr Jim Shipman, Director of the Metropolitan Inter-County Council; and the County Board of Commissioners of Anoka County and Sherburne County.

BE IT FURTHER RESOLVED that until the Anoka State Hospital is closed, the Legislature be urged to appropriate sufficient funds to maintain and improve the level of service provided through Anoka State Hospital to residents of Hennepin County and other counties.

Chairman Derus ordered that the resolution be redrafted and the matter laid over to the next Board meeting.

WHEREAS, counties have insufficient financial resources and will require significant state funds for community-based services to replace state hospital services, and

WHEREAS, the primary population of Anoka State Hospital is composed of Hennepin County, Anoka County and Sherburne County residents whose families would be severely inconvenienced with any temporary or permanent transfer of such residents to other state hospitals,

BE IT RESOLVED, that the Hennepin County Board of Commissioners requests that the State of Minnesota appropriate the funds necessary to develop and maintain the community-based programming that will be required by the closing of Anoka State Hospital, and that a decision to close such hospital be phased to permit local government the necessary time to plan and develop community-based alternatives, and

BE IT FURTHER RESOLVED, that the Hennepin County Board of Commissioners requests that Anoka State Hospital be maintained and operated by the State of Minnesota at a level at least equal to other state hospitals in terms of physical plant and service programs until such alternative community-based programs are operating.

Commissioner Robb moved that the resolution be amended in the first resolving clause by deleting the word "phased" in the second last line and substituting therefor the word "deferred" so that it reads, in context, as "deferred until such funds and programming are available".

WHEREAS, the Legislative Committee of the Hennepin County Board of Commissioners has been briefed and advised with respect to the impact of tax increment financing legislation; and

WHEREAS, the Legislative Committee acknowledges concern regarding the impact of such legislation upon the tax base of Hennepin County; and

WHEREAS, specific concerns have been addressed and are contained in the Tax Increment Financing Analysis.

BE IT FURTHER RESOLVED, that the legislature be requested to examine and take into consideration those concerns addressed in the Tax Increment Financing Analysis which is on file with the Clerk to the Board.

Commissioner Kremer moved amendments to the position paper on Tax Increment Financing, seconded by Commissioner Ticen. Those amendments are as follows:

First page: Last line of section 4(a)--Change 30 years to 20 years.

Page 2: Change (c)1 as follows: Delete from the word "Blight" to the word "needed."
We suggest that one of two conditions be shown before a tax increment district can be formed: (a) blight, or (b) substandard soil conditions on undeveloped property. In other words, only parts of a city or county that are actually deteriorating or housing projects developed on property where significant alteration of the soil is necessary to make it suitable for construction, will be made subject to tax increment financing.

#5 should read as follows:
5. Subject to Fiscal Disparities. At present, some of the tax increment financing districts are not subject to the Fiscal Disparities Act, M.S. 473F. Delete from the words "The ability" to the word "municipalities."

Page 3: First sentence: Delete the word "all" and from the words "if there" to the word "all."

First sentence in last paragraph--Change 30 years to 20 years.
