The Honorable Mayor & City Council  
City of Clearwater  
Clearwater, Minnesota 55320

Dear Council Members:

I have prepared the attached schedule of General Fund actual or estimated revenue and expenditures for the years 1977-1979 for the purpose of preparing your property tax levy payable in 1979.

I have not prepared a schedule for the Trust and Agency Fund because these funds are committed toward the fire engine payments or the Debt Service Fund because the amounts are known.

It appears that your 1978 year-end General Fund Balance will increase over the previous year and will continue to do so the following year if the levy remains the same. The Liquor Store sale has provided these additional funds.

I recommend that you reduce your general levy substantially in 1979 if no large expenditures are anticipated in the coming year.

A history of your previous levies is as follows:

| Year | Total<br>Levy | General<br>Fund | Bonds<br>Fund |
|------|---------------|-----------------|---------------|
| 1975 | \$ 10,537     | \$ 10,537       | \$ ?          |
| 1976 | 10,211        | 10,211          | ?             |
| 1977 | 10,912        | 10,912          | ?             |
| 1978 | 38,600        | 27,400          | 11,200        |
| 1979 | -             | -               | 10,300        |

I recommend that you levy \$10,300 for your bonded debt for 1979.

If there are additional questions, please feel free to contact me.

Yours truly,

  
Robert R. Slaney, C.P.A.

The Honorable Mayor & City Council  
City of Clearwater  
Clearwater, Minnesota 55320

Dear Council Members:

I have prepared the attached schedule of General Fund actual, estimated and budget revenues and expenditures for the years 1978-1980 for the purpose of preparing your property tax levy payable in 1980.

I have not prepared a schedule for the other funds because these revenues and expenditures are known or have been taken into account.

It is estimated that your 1979 year-end General Fund Balance will increase slightly over the previous year and will continue to do so the following year if the levy remains about the same. This is anticipating that there will be no large capital expenditures out of the general fund such as improvements not added to the assessment rolls or purchase of expensive trucks or machinery.

If the 1980 estimated revenues and expenditures appear correct I would recommend the 1980 levy be set at the 1979 amount plus 10% for inflation or \$11,000.

I recommend that you levy \$10,500 for your bonded debt for 1980.

If there are additional questions, please feel free to contact me.

Yours truly,

  
Robert R. Slaney, C.P.A.

The Honorable Mayor & City Council  
City of Clearwater  
Clearwater, Minnesota 55320

Dear Council Members:

I have prepared the attached schedule of General Fund actual, estimated and budget revenues and expenditures for the years 1979-1981 for the purpose of preparing your property tax levy payable in 1981.

I have not prepared a schedule for the other funds because these revenues and expenditures are known or have been taken into account.

It is estimated that your 1980 year-end General Fund Balance will increase 2.69% over the previous year. However, the anticipated revenues for 1981 will be less than 1980 because of reduction in Local Government Aid and little is expected in the "Other Revenue" category. If expenditures for 1981 are maintained at the 1980 level the 1981 budget will absorb the anticipated 2.69% Fund Balance increase for the current year. This would maintain the Fund Balance at its present level.

In light of these estimates I would suggest maintaining the levy at its current level of \$11,000.

The bonded debt levy has been set by your bond schedule of \$12,800 for 1981 which brings your total 1981 levy to \$23,800 as compared with \$21,500 for 1980.

If there are additional questions please feel free to contact me.

Yours truly,
